Bill No. 96-37 (COR)

Introduced by:

Tina Rose Muña Barnes

AN ACT TO ADD A NEW § 41212 TO CHAPTER 41 OF TITLE 17 GUAM CODE ANNOTATED, RELATIVE TO ESTABLISHING A LOCAL JOB COACH PROGRAM FOR ADULT VOCATIONAL REHABILITATION CLIENTS OF THE DEPARTMENT OF INTEGRATED SERVICES FOR INDIVIDUAL WITH DISABILITIES.

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings and Intent. Public Law 24-16 established the Department of Integrated Services for Individuals with Disabilities, which was landmark legislation providing a framework for assistance for our community members with disabilities that promotes their independence, productivity, and inclusion. With the implementation of the act, our island community continues to learn how to strengthen the intent of the law.

8 The right to work for those with disabilities is an aspect that needs a full 9 continuum of lifelong programs and services to support productivity and inclusion 10 in the workforce. Ten percent of our population have identified disabilities. 11 Americans with Disabilities Act, Rehabilitation Act, Workforce Innovation and 12 Opportunity Ace, Vietnam Era Veterans' Readjustment Assistance Act, and Civil 13 Service Reform Act are federal mandates that require such employment 14 opportunities with accommodations as needed. 1 The Individuals with Disabilities Education Act requires that early 2 identification of students with disabilities, individual education plans, needed 3 resource support, and transition into the world of work or post-secondary programs 4 are facilitated. A transition often occurs between the school system and the 5 vocational rehabilitation program within DISID. Individual Education Plans 6 transform into Individual Plans for Employment.

7 The vocational rehabilitation program identifies potential work opportunities, provides needed employer training, and resources needed for 8 9 employment success. The intent is independent employment within required time 10 frames. A goal is to nurture a natural support system where employees with disabilities are included, supported, and provided successful work opportunities. 11

Families who navigate this life share that while a natural support system is ideal, it is not always a reality. While many workers are compassionate, many do not accept the challenging role of being a coach willing to provide the modeling needed to succeed constantly and continuously daily.

As young adults no longer meet vocational rehabilitation eligibility requirements, mostly because of age and/or duration in the program, the severity of their disabilities requires the need for continued job support. Simply stated, their disabilities do not dissipate, and accommodations are a lifelong necessity.

It is, therefore, the intent of this legislature to establish a locally funded job coach program for those who transition from the federally funded vocational rehabilitation program who continue to need extended services such as job coaching support. Usually, by the age of 24-26, vocational rehabilitation clients no longer receive extended services support like job coaching and for those who need such support to continue employment suffer the consequences. Their employment ends. If Guam was eligible for SSI, Medicaid would pay for continued extended support services as needed but Guam does not receive SSI. This makes it critical
 for the government to address the void needed by continued extended services.

3 Section 2. A new § 41212 is *added* to Chapter 41 of Title 17, Guam Code
4 Annotated, to read:

5

"§ 41212. Job Coaching for Adults with Disabilities.

6 The Department of Integrated Services for Individuals with Disabilities 7 (DISID) Vocational Rehabilitation Administrator shall establish a list of vocational 8 rehabilitation clients who will continue to need job coaching support as adults to 9 continue employment. This effort will strengthen the success of the federally 10 funded vocational rehabilitation objectives of service support for people with 11 disabilities. DISID shall maintain a staff of at least three (3) job coaches as full-12 time, classified positions. DISID will assign job coaches to workplaces as needed for adult vocational rehabilitation clients who continue to need job support. DISID 13 14 will adjust the number of job coaches as needed. The Department of 15 Administration shall announce the position of Job Coach, formerly referred to as 16 the Developmentally Disabilities Aide. Funding for these positions shall come from the annual appropriations to DISID." 17
