1        **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2        **Section 1.** A new § 8503(b)(4) is *added* to Article 5, Chapter 8, Title 12,  
3        Guam Code Annotated, to read:

4                “(4) shall set the level of penetration of Net Metering Systems to an  
5                aggregate capacity limit of twenty percent (20%) of the utility’s total system  
6                peak demand.

7                (A) shall conduct a complete distribution system study  
8                containing a full benefit-cost analysis that provides analysis of the  
9                impacts of distributed generation on the distribution system, within six  
10                (6) months of reaching the aggregate capacity limit established in §  
11                8503(b)(4) and

1                   (B) shall not approve new applications for net metering  
2                   systems beyond the aggregate capacity limit until such time when the  
3                   distribution system study is completed.”

4           **Section 2.** § 8505(b)(3) of Article 5, Chapter 8, Title 12, Guam Code  
5 Annotated, is *amended* to read:

6                   “(3) If the electricity generated by the customer-generator which is  
7 fed back to the utility exceeds the electricity supplied by the utility during the  
8 billing period, the customer-generator is entitled to compensation for  
9 electricity provided to the utility during the billing period at a rate ~~to be~~  
10 ~~determined by the Public Utility Commission~~ of not less than the full retail  
11 rate.

12                   (A) The utility shall not petition to change the rate of  
13 compensation to existing customer-generators whose net metering  
14 systems fall within the aggregate capacity limit established in §  
15 8503(b)(4).

16                   (B) The utility may petition to change the rate of compensation  
17 for new customer-generators who enter the Net Metering Program after  
18 the utility determines the level of penetration of net metering systems  
19 is at capacity as established in § 8503(b)(4).”

20           **Section 3. Effective Date.** This Act shall be effective upon enactment of  
21 this Act.

22           **Section 4. Severability.** If any provision of this Act or its application to any  
23 person or circumstance is found to be invalid or contrary to law, such invalidity *shall*  
24 *not* affect other provisions or applications of this Act that can be given effect without  
25 the invalid provision or application, and to this end the provisions of this Act are  
26 severable.
