Hafa Adai Senators-Elect,

Below please find a proposed Vision and Mission Statement for inclusion to the Standing Rules of the 32nd Guam Legislature. An enumerated Vision and Mission Statement will serve as a strong framework for the development of Bills and Resolutions, and will help all Senators to focus their individual and Committee work on shared priorities. Additionally, a clear Vision and Mission Statement will establish a transparent and goal oriented policy environment for our people.

While I believe that the proposed Vision and Mission Statement included below provide for a thorough and necessary operating framework, I am of course open to further inclusion from our fellow Senators. Please be advised that a proper Vision and Mission Statement does not include final policy provisions that would inappropriately bind any members, but rather establishes a clear and concise focus that all members can apply to the lawmaking process.

I look forward to working with you and our colleagues on this provision.

Respectfully,

/s/Michael F.Q. San Nicolas

32nd Guam Legislature Vision 2014

<Continued>

32nd Guam Legislature Mission Statement

To work with the Administration, fellow Senators, and all professionals in the public and private sector with diplomacy, speaking the truth, staying focused on the issues, and rejecting negative conduct for personal or political gain.

To pursue a path of mutual benefit with the Federal Government that encourages development and addresses going concerns in a manner that reflects our patriotism.

To always ask the necessary questions in order to better understand, never pretend to have the answer, put forward ideas to improve no matter how far-fetched, and reject doing things the same only because that is how they have always been done.
To constantly challenge the system to improve with technology, shared responsibility, data-driven decision making, interagency problem solving, and a willingness to try new methods.

To place all assets of Guam to the highest and best use improving the service quality and financial condition of the public and private sector.

To protect the livelihoods of all hardworking people by avoiding layoffs, salary cuts, reduced hours, and wasted tax dollars.

To promote the growth of locally owned businesses, all businesses that offer pay and benefits that people can live on, and businesses that invest in our community by bringing in new offerings, supporting our non-profit organizations, and circulating their revenue through our financial system.

<END>
NEWLY elected Sen. Michael San Nicolas has introduced a resolution proposing a vision and mission statement for the Legislature to establish a "clear and concise focus that all members can apply to the legislative process."

According to San Nicolas, he is not sure if prior legislative cycles have initiated discussion on these statements or introduced a similar measure. However, he said he believes "the Legislature has to set a clear direction in a way that is not politicized, by setting a broad framework that does not include political posturing."

The vision statement proposed by the senator emphasizes having "a government that fulfills its service obligations, operates within its means, grows opportunities for all, improves the quality of life, and protects the interest of future generations."

Nicolas hopes "the initiative will assist all members of the legislature focus their individual and committee work on shared priorities which ultimately serve to benefit the island."

Additionally, he said, "clear vision and mission statements will establish a transparent and goal-oriented policy environment for the people."

**Adopt**

Speaker Judith Won Pat said the Legislature supports having a mission statement and recommended that the vision and mission statements first be introduced as a resolution.

It is important, she said, to give all the senators an opportunity to look at the recommended statements and see if this is something that they would like to adopt.

"Those who would want to eventually move forward with that would have to take it to heart that this is what they want to use as a guiding principle. We can't force it on. We have to be able to look and say to our self that this is something that I agree with, something that I believe in, and something that I want to be guided by," Won Pat said.

Senator-Elect San Nicolas seeks Vision and Mission for the 32nd Guam Legislature

Senator-Elect Michael F.Q. San Nicolas transmitted a proposal (attached) to all Senators-Elect for the 32nd Guam Legislature seeking to include a Vision and Mission Statement into the Standing Rules. “An enumerated Vision and Mission Statement will serve as a strong framework for the development of Bills and Resolutions, and will help Senators focus their individual and Committee work on shared priorities.” “Additionally, a clear Vision and Mission Statement will establish a transparent and goal-oriented policy environment for our people” San Nicolas wrote.

Senator-Elect San Nicolas is seeking input from fellow Senators-Elect on including this provision into the Standing Rules and hopes that other members will contribute to this positive provision. “We need to set a clear direction and we need to do it in a way that is not politicized by setting a broad framework that does not include political posturing.” San Nicolas said.
