OFFICE OF THE LEGISLATIVE SECRETARY ACKNOWLEDGMENT RECEIPT

Dear Speaker Unpingco:

Enclosed please find a copy of Bill No. 113 (COR), "AN ACT TO REPEAL AND RE-ENACT §61542 OF PART 5 OF ARTICLE 5 OF CHAPTER 61 OF TITLE 21 OF THE GUAM CODE ANNOTATED, RELATIVE TO POSTING OF POLITICAL CAMPAIGN SIGNS.", which I have signed into law today as Public Law No. 24-55.

This legislation prohibits the placement of campaign signs within 100 feet of a school's entrance. In addition, the legislation contains a number of other changes to the current campaign signs law. The following are some of the changes:

old law

a) deposit of \$100 required.

new law

- a) non refundable permit fee of \$100 required, plus
 \$200 deposit for a total of \$300.
- b) signs have to be 8 feet from the edge of the pavement or in such a way as to not obstruct
- c) no sign can be placed on a traffic median strip

- e) no sign can be put up more than 180 days before an election.
- f) persons who remove, knock down f) provision penalizing persons or take down political signs are subject to misdemeanor.
- g) size of signs is regulated in §61541 of Title 21, Guam Code Annotated.

d) no signs can be put on any

- e) no sign can be put up more than 90 days before an election
- for removing, knocking down, or taking down signs deleted.
- g) upper limit of size of political signs is restricted to 192 square feet. This size does not conform to other size regulations contained in §61541 of Title 21, Guam Code Annotated, which are different in some instances.

There are some difficulties presented in the language of the legislation which will need to be clarified in either subsequent legislation or cleared up in rules and regulations. For example:

- The bill uses some definitions, but the definitions are confusing 1) because different language is used in different places. There is a definition of Government Property which includes "tangible and real" property. Tangible and Real property includes both land and personal property. The legislation states that "no political sign may be erected upon, on or within any government building, or nailed to any tree or attached to any fence on government property."
- The definition of political sign includes "billboards, posters, banners 2) or displays which advocate a candidate for political office or any matter to be presented to the electorate for vote." There is no definition for the language "display". This could possibly mean a brochure or other item.

- 3) There is ambiguity in the definition of a government building. Is a government building a building which is owned by the government, leased by the government, a building in which any personal property of the government is placed, or all of the above?
- 4) No signs can be within 100 feet of the entrance to a school. The definition of the "entrance to a school", or even "school", are not defined. Is the entrance to a school the doorway, the opening in a fence where a driveway leads to the property, or where? Does "school" apply to every level of school, including the University of Guam and the Guam Community College?
- 5) Signs can be put within 100 feet of the entrance of a school "after 6:00 p.m. on the day before the election date." This does not provide for the placement of signs within 100 feet of the entrance of a school on election day. Additionally, no provision is made for the existence of concurrent legislation on this same subject contained in §9113 of Title 3, Guam Code Annotated, which states:

"§9113. Electioneering at Polling Place Prohibited. No person shall do any electioneering on election day within one hundred feet (100') of any entrance and/or exist of any polling place. In the case of the use of a school the entrance is defined as the gate to the fence, if the school is fenced."

Although this legislation provides for more restrictions on the use of campaign signs, which will assist in the beautification of our island both for our visitors and residents alike, there remain some difficulties in interpreting the specifics of situations which can be anticipated to arise.

Very truly yours,

Carl T. C. Gutierrez

I. OVERVIEW

The Committee on Education held a Public Hearing on Tuesday, April 15, 1997 at 2:00 p.m. at the Legislative Hearing Room. Public notice was announced in April 08, 1997 issue of the Pacific Daily News.

COMMITTEE MEMBERS PRESENT:

Senator Lawrence F. Kasperbauer, Chair Senator John C. Salas, Vice Chair Senator Thomas C. Ada Senator Frank B. Aguon, Jr. Senator Joanne M.S. Brown Senator Edwardo J. Cruz Senator Judith Won Pat-Borja Speaker Antonio R. Unpingco (Ex-Officio Member)

WITNESSES PROVIDING TESTIMONY

Mr. Michael F. Bordallo Phillips Mrs. Joyce Marie Camacho Mr. Norbert Perez Dr. Hino Kurashina Oral/Written Oral/Written Oral Written

SUMMARY OF TESTIMONIES:

• .

1. Mr. Michael F. Bordalio Phillips, testified on his behalf and noted that he was the chairperson for the Democratic Party of Guam from 1991 to 1995. He portrayed the late Senator Richard Flores Taitano as a humble person and justly deserving of the renaming the Micronesia Area Research Center to Richard Flores Taitano Micronesia Area Research Center in his honor, as is the intent of Bill 61. He described him as a small person, but one who stands as a giant among men. He was a historian and knew more about the history of Guam especially about the "crownlandization" of the Chamorro people and about the injustice suffered by our Chamorro people.

He cited that our Chamorro land Trust recipients owe a debt of gratitude to Senator Taitano for his brilliance in defining "Chamorro" under the act.

2. Mrs. Joyce Marie Camacho, Dean of Graduate School & Research, presented oral testimony and also submitted a written testimony from Dr. Hiro Kurashina Ph.D. which was countersigned by the staff and management of MARC. Mrs. Camacho stated that she and all of the staff of MARC met and discussed thoroughly Bill 61 as written. They made the following recommendations:

- a) To correct the word Micronesia to Micronesian as are incorrectly stated throughout the bill. It is the Micronesian Area Research Center (MARC).
- b) To clarify the situation that there are other tenants in the building and they are: The UOG Computer Center, The Center of Continuing Education and the Emeritus Hall.
- c) To change the name plates, signs, new stationeries, business envelopes, business cards, etc. may cost about \$1,000.00 to \$2,000.00.
- d) To recommend changes in Section (2) (d), line 17, page 2 to read....
 "research, translation, collection, development, the automation of collections, and publications including Chamorro heritage related titles."

e) To recommend another alternative and that is the creation of "The Richard Flores Taitano Endowment for Visiting Scholars."

3. Mr. Norbert Perez, representing the Republic of Guahan, testified in support of Bill 61. He described the late Senator Taitano as a point of light for the island of Guam. The island is building itself to be the center of research similar to the East-West Center in Honolulu. This peace of legislation to rename MARC in his honor is a good start in changing people's attitude.

4. The Chairman, Senator Lawrence F. Kasperbauer, made the following comments:

- a) That he is in the process of drafting legislation to transfer the authority of naming buildings on University campus to the Board of Regents rather than leaving it into the hands of the legislature. Currently, the Board of Education had been given the authority through legislation in the 15th or 16th Guam Legislature; and
- b) That the University does have a fee schedule in place for naming of buildings and classrooms such as the Ada and Calvo Classrooms, etc.

5. Senator Vicente C. Pangelinan made a statement that since the late Senator Taitano had refused a State Funeral and that he recommended to perhaps such funeral cost can be transferred to MARC for continued research, is an unselfish act or deed for the late Senator to have done and we have decided then to draft this bill in his honor.

6. Speaker Antonio Unpingco, the main sponsor of Bill 61, wanted to clarify the intent of the bill by stating that the renaming is <u>not</u> on the building but only to rename MARC as the Richard Flores Taitano Micronesia Area Research Center.

Mrs. Camacho stated that the bill, as written, was confusing because Section 2 line (a) does state the words "the public building" and this made it unclear.

The Speaker promised to make the necessary corrections.

7. Senator Tom Ada commented for the record that Section 2 is not germane to the intent of the bill. The Speaker responded by stating that eleven (11) votes in the Committee on Rules made it germain. The Speaker also made it clear that the purpose for the \$100,000 appropriation is as stated in the section and does not include calling cards, etc. but only for research work.

RECOMMENDATION:

Recommend passage as substituted by the Committee on Education.

RE: Bill No. 61 An Act to Rename the Micronesia Area Research Center (MARC) to the Richard Flores Taitano Micronesia Area Research Center

Buenas!

Thank you for this opportunity to present testimony in support of the renaming of the Micronesia Area Research Center (MARC) to the Richard Flores Taitano Micronesia Area Research Center.

While Senator Taitano may have been the most humble of our Chamorro leaders, his extreme humbleness should not deter the rest of us from bestowing upon him the honor he so justly deserves. The renaming of a research center may seem to some to be a relatively small act when compared to the accomplishments of a Chamorro like Senator Taitano. Yet the powerful symbolism and meaning behind this honor truly reflect the life of Dick Taitano; substance over form, quality not quantity.

When our grassroots talk about and describe Senator Taitano we use phrases like, "He was the smartest Chamorro," or "Dick was the most honest leader in our history," or "Sen malate ayu na kabayero." Yet many times, when elected officials speak publicly about a legend like Senator Taitano, they are somewhat shy about using phrases like "the greatest" or "the smartest." Politicians are naturally concerned about offending those who may feel they themselves are "the greatest" or family members who may believe a relative of theirs was "the wisest of them all."

" Erensia, lina'la' espiritu-ta "

Lawrence F. Kasperbauet Re: Bill No. 61 April 15, 1997 Page 2

While honoring Senator Taitano, the person I am most concerned about offending is Dick Taitano himself. Anyone who knew Senator Taitano would also know that he would not want anyone to refer to him as "the wisest" or "the most honest." And I intend to respect his wishes. So while I will not *state* that Senator Taitano was the "wisest of them all," I will ask you, "If not Dick Taitano, then who?" And while I will not *state* that Senator Taitano was "the most honest leader in our history," I will ask you, "If not Dick Taitano, then who?"

Senator Taitano knew more about the <u>real</u> history of Guam than anyone else. His knowledge of the events between 1898 and the present provided Senator Taitano with a foundation to support the cause of our Chamorro people. He knew the real intent behind our leaders' actions, and he was not shy about exposing those that did not have our best interest at heart.

Senator Taitano was a true Chamorro statesman. As he explained once while cautioning me not to go too easy on our Democratic leaders, "This man has got to sleep with himself." While our highest elected Democratic officials were scolding me because of my public admissions of our shortcomings, Dick Taitano reassured me that I had taken the right steps by saying, "Mike, once you keep quiet about wrongdoing you become vulnerable. You become a player. Do not become a player."

Senator Taitano was a historian with a purpose. He did more than reveal history; Dick Taitano challenged us all to correct the historical injustices suffered by our Chamorro people. Senator Taitano's founding of what he termed "crownlandization" would require years of research and study to cover thoroughly. Continued research and teaching in this area would assist in rectifying the plight our Chamorro people face today. Our Chamorro Land Trust recipients owe a debt of gratitude to Senator Taitano for his brilliance in defining "Chamorro" under the Act.

Coincidentally, Senator Taitano's biggest contribution to the history of our people may exceed and surpass his many individual contributions. Our local students no longer need to rely on Abraham Lincoln as an example of a politician with unblemished integrity. While not taking anything away from "Honest Abe," Senator Taitano clearly stands as our giant among men. Albert Einstein can make a little room in our history books for Dick Taitano. Our children, and their children, will benefit from his teachings. Dick Taitano not only gave us the fish of knowledge, but more importantly, Dick Taitano taught us how to fish for knowledge. Lawrence F. Karperbauer Re: Bill No. 61 April 15, 1997 Page 3

I wrote a short statement shortly after Senator Taitano's passing for his memorial booklet. I have included it below as a summary of how the many of us appreciated Senator Taitano, his work, and the principles for which he stood:

EMPOWERMENT. Just one of the many words that describes Senator Richard F. Taitano.

Senator Taitano represented the cause of the common man, without compromise. More importantly, he organized our grassroots and formed the largest political organization in the history of Guam. The smallest of men received strength from Senator Taitano's efforts, thereby elevating our island's destiny.

For all who sought his advice with sincerity, Senator Taitano shared his brilliance unselfishly. He improved our future through his multitude of professional contributions, unmatched integrity, and unending guidance he extended to our island youth; continuously feeding the flame of a new torch of leadership until every foot of our territory is lit by it; and until a bright NEW DAY for the people of Guam has dawned...

If our Democrats in Heaven need organization, you can rest assured that Richard F. Taitano has just been re-elected Chairperson.

I congratulate the entire Republican majority for introducing and supporting this proposal. I am proud to say that Senator Taitano contributed greatly to my personal, professional and political experiences. Just like Senator Taitano himself, you have contributed to the honoring of Dick Taitano, his family, and his people. While Dick Taitano's NEW DAY torch of leadership is heavy, it still burns as bright as ever.

Michael F. Bordallo Phillips, Chairperson Democratic Party of Guam (1991-1995)

5. A faculty member suggested another alternative. Instead of renaming the building and the existing unit, he suggested the creation of "the Richard Flores Taitano Endowment for Visiting Scholars".

In conclusion, on behalf of everyone at MARC, I thank all the Senators of the 24th Guam Legislature for the continuing interest and support that is extended to MARC. Today, MARC is considered one of the major pillars of the University of Guam and a premier center of intellectual learning in the western Pacific. MARC is celebrating its 30th Anniversary as an entity this year. Indeed, this is a noteworthy situation.
