Footnotes: 1/ Bill No. 235 proposes to appropriate \$75,000 for the repair and resurfacing of the tennis and basketball courts. Based on information from the Office of the Chalan-Pago Mayor, the quotes received from two contractors for the resurfacing of the courts will cost approximately \$50,000 and, as such, the appropriation will be more than sufficient to accommodate the stated purposes. Therefore, the Mayor is requesting that the remaining balance of the appropriation be also utilized for the repair of the restrooms.

II. SUMMARY OF VERBAL TESTIMONIES:

Following introductory remarks by Chairman Edward J.B. Calvo, Senator Adolpho Palacios, author of Bill No. 235 (EC), briefly discussed the non-dispersal of a \$250,000 appropriation in the Fiscal Year 1995 Budget Law by the Bureau of Budget and Management Research to the Municipality of Chalan Pago-Ordote Mayor's Office to fund the resurfacing of its dilapidated tennis and basketball courts and for other purposes. The proposed measure would satisfy the unfulfilled mandate that was approved over a decade ago and will help the community of Chalan Pago-Ordote by offering functional sports facilities available within the district.

Mayor Pedro Borja from the Municipality of Chalan Pago-Ordote provided written and verbal testimony in support of Bill No. 235 (EC). In addition to requesting for the appropriate funds that should have been dispersed to his district since 1995, Mayor Borja explained that although the proposed measure does not include the repair and renovation of restroom facilities, an attachment for review by panel members with estimates indicating that the \$75,000, as requested, is sufficient to include such additional repairs. The mayor concluded by requesting that Bill No. 235 (EC) be amended to include repairs to the restroom facilities. (*Complete text attached*)

The following individuals provided verbal testimony in support of Bill No. 235 (EC). As residents and/or advocates for functional sports facilities for Guam's youth, the

following individuals recognize the importance of having useable tennis and basketball courts and other sports amenities as an opportunity to offer children and young adults positive outlets to socialize, gain healthful benefits, and establish pride as members of their community:

In order of presentation:

1. Ray Topasna, Chalan Pago-Ordot resident
2. Raymond Mantanona, Member, Chalan Pago-Ordot Municipal Planning Council
3. Connie Santiago, Program Coordinator, Department of Youth Affairs
4. Maria Dooley, Member, Chalan Pago-Ordot Municipal Planning Council
5. Vicente Garrido, *Maga'låhi, Nasion Chamoru*

Following comments made by the aforementioned individuals, Senator Ray Tenorio echoed the sentiments of Senator Palacios and recommended that the District of Chalan Pago-Ordot consider establishing a public-private partnership with members of Guam's business community. Senator Tenorio explained that this approach would help prevent unfunded mandates that essentially give false hope to those who are anticipating financial help from the executive and legislative branches.

Vice-Chairman Larry Kasperbauer and Senator Judith Won Pat concluded with brief remarks concerning the importance of recreational facilities intended to help offer alternative sources of activity for Guam's youth.

Chairman Edward J.B. Calvo concluded by extending his appreciation to those in attendance for presenting their testimony on Bill No. 235 (EC). The Chairman informed the public that an additional ten (10) working days is provided for individuals wanting to submit written testimony on said legislation and subsequently adjourned this Public Hearing of the Committee on Finance, Taxation, and Commerce at 12:20 p.m.

III. COMMITTEE FINDINGS AND RECOMMENDATIONS

The Committee on Finance, Taxation, and Commerce finds that both the legislative and executive branches of the Government of Guam approved an appropriation of \$250,000 in the Fiscal Year 1995 Budget Law for the repair of the tennis and basketball courts and for other purposes in the Municipality of Chalan Pago-Ordot. The Committee further finds that that the old basketball and tennis courts in the Municipality of Chalan Pago-Ordot are public recreational facilities that have been neglected and abandoned for almost a decade, and should be restored to usable condition. The Committee, therefore, recommends that *I Liheslatura* re-emphasize the importance of this project by appropriating the necessary funding for the repair of the aforementioned sports facilities in said district so the youth of the village can also avail themselves of much needed recreational facilities.

The Committee on Finance, Taxation, and Commerce, to which Bill No. 235 (EC) *"An Act To Appropriate The Sum Of Seventy-Five Thousand Dollars From The General Fund To The Office Of The Ordot-Chalan Pago Mayor For The Repair And Resurfacing Of The Tennis And Basketball"*, was referred, does hereby submit its findings and recommendations to *I Mina' Bente Ocho Na Liheslaturan Guåhan* **TO PASS** Bill No. 235 (EC), as substituted by the Committee.

RE: Bill No. 235

Dear Senator Calvo:

I submit this as my testimony in favor of Bill No. 235 and to reiterate the urgent need to appropriate the requested \$75,000 to resurface the dilapidated tennis and basketball courts in the municipality of Chalan Pago-Ordot.

As mentioned in Bill No. 235, an appropriation of \$100,000 was originally included in the budget law of FY 1995, but the appropriation was never released by the Bureau of Budget and Management Research (BBMR). Consequently, these two sports facilities remained unutilized and their dilapidated conditions even worsened. Needless to say, the youth of Chalan Pago-Ordot did not have a place to play tennis and basketball for the past ten long years.

In response to your request for budgetary information, please be informed that the funding for personnel, utilities and supplies are practically the same in FY 2006. In contrast, the operational budget was reduced from \$20,000 to \$4,062. However, in FY 2006, we received the following appropriations from three special funds: Healthy Futures Fund - \$20,000; Tourist Attraction Fund - \$33,267; Village Street Fund - \$76,000.

Indeed, we appreciate the appropriation from the Healthy Futures Fund to implement planned adult education courses and seminars. Likewise, the monies from the Tourist Attraction Fund are long-awaited for village-wide beautification projects. Finally, the appropriation from the Village Street Fund will be utilized by our maintenance staff for equipment and supplies to upkeep secondary and tertiary roads.

Although the intended purpose of Bill No. 235 does not include the repair and renovation of the restroom facilities, the attached estimates obtained indicate the \$75,000 requested is sufficient to include the repair and renovation of the restroom facilities. Therefore, I am requesting to amend the intended purpose of the Bill to include the restroom facilities.

In conclusion, we cannot over-emphasize the dire need for the appropriation of \$75,000 for the resurfacing and overall renovation, including lighting, of the tennis and basketball courts, to include the restroom facilities. If funding is no longer available in the General Fund, perhaps the Healthy Futures Fund or other appropriate special funds can be looked at as an alternative source.

Respectfully,

Pedro I. Borja
Mayor of Chalan Pago-Ordot

23 January 2006

My name is Janel Borja, and I live in Chalan Pago. I have played tennis competitively and recreationally for the past six years. In that amount of time, I have come to know the difficulties of finding a court to play on. There are three public courts that are currently open right now. Those are the public courts in Hagatna, Tamuning, and Tyan. The other courts are private, in which you have to pay for membership to the hotel, such as Hilton, Ladera, or Pacific Islands Club. Because of the limitation of public courts, there are few options for citizens to get court time.

I am in support of Bill No. 235- To appropriate \$75,000 to repair and renovate the tennis and basketball courts at the ball field in Chalan Pago because tennis is an excellent recreational sport for youth. I live right across from the community center here in Chalan Pago, and I see the activities that happen there. I notice people just walking around to get a work out, or games being played in the field, but the old basketball court is used for cock-fighting. I think it would be put to better use if it was a basketball court or a tennis court so that the youth in our village would have a place to go and play. It would be an excellent place for youth to express themselves, get a good work out, and have fun right in their own village.

Written Testimony for Bill 235

The Prevention and Training Branch of the Department of Mental Health and Substance Abuse, using data from the State Epidemiological Workgroup, is available to provide evidence-based recommendations to the community from local data and statistics.

Obesity is a major healthcare concern among Guam's children.

Several indicators found in the 2003 Guam Youth Risk Behavior Survey (YRBS) highlight obesity as a problem amongst our island's youth:

- 84% of high school students are at risk for becoming overweight;
- 62% of students did not play on one or more sports teams during the past 12 months; and
- 84% of students participated in no vigorous or moderate physical activity during the past seven days.

These facts are alarming and imply that majority of high school children on Guam are at high risk of obesity. Our population's predisposition to diabetes, and the prevalence of other compounding health risk factors such as smoking and alcohol use, make interventions to reduce obesity and to promote healthier lifestyles a critical priority among our youth.

The US Centers for Disease Control and Prevention (CDC) have identified inadequate physical activity and increased inactivity as key factors related to the onset of activity. The lack of good sports facilities for Guam's children is a major contributing factor to physical inactivity. Access to sports facilities encourages exercise, and, within the appropriate framework, can be a major factor for reducing tobacco, alcohol and drug use among youth. In fact, the United Nations encourages the use of sports as a drug prevention program.

For these reasons, Bill No. 235 can be viewed not only as a community improvement measure but also as an intervention to promote healthier lifestyles among Guam's children by encouraging increased physical activity, reducing the risk of obesity and its health-related consequences, and providing a healthy alternative to tobacco, alcohol and drug use.

***Testimony in support of
Bill 235 (EC)***

**Presented by Jesse Meno Chargualaf
Community Relations Chairman
Chalan Pago-Ordot Municipal Planning Council**

Chairman Edward J.B. Calvo and members of the Committee on Finance, Taxation, and Commerce, my name is Jesse M. Chargualaf and I am a resident and the Community Relations Chairman for the Chalan Pago-Ordot Municipal Planning Council. I sincerely apologize that I am not able to present my testimony in person due to work commitments. However, I respectfully ask for your support of Bill 235 (EC), which would appropriate the sum of \$75,000 from the General Fund to the Office of the Chalan Pago-Ordot Mayor for the repair and resurfacing of the Tennis and Basketball courts.

My Community Relations Committee in cooperation with the Youth Affairs Committee is extremely active in fostering youth programs where safe, drug-free youth are equipped to lead healthy, productive lives. Our mission is to educate, promote and support drug-free youth who care for the safety and health of self, peers, family and community. In accordance with this mission, The Chalan Pago-Ordot Municipal Planning Council Community Relations and Youth Affairs Chairman seek to ensure that the youths in our village have access to facilities enjoyed by youths in other villages.

Bill 235 (EC) allows the restoration of our sports facilities for our youths to enjoy team building and a place to keep themselves occupied and away from activities negatively impacting the community as a whole. Previous administration for years has neglected in providing our villages youths a place for them to gather and promote esprit décor with their peers. It is imperative that we as adults and most importantly as leaders provide our kids with accessible facilities or state of the art gyms in their community.

A great deal of study has been done to determine whether our efforts as adults have impacted many youth programs in the community and they are in fact successful if facilities, such as tennis and basketball courts are in place to afford our youths a place to keep themselves occupied.

Policy makers and others who work on youth issues should not be reminded of the urgency regarding problems facing kids today, including a challenging economic future and the threat of reduced earning power. So how do we shape our youth to build a better tomorrow? By affording them the facilities to educate, promote and support drug-free youth who care for the safety and health of self, peers, family and community.

Again, as a resident and Community Relations Chairman, I am proud to add my name to the coalition supporting Bill 235 (EC). Although the requested funds will repair our dilapidated sports facility, ideally, building an indoor gym is the ultimate long-term solution for our kids in Chalan Pago-Ordot. Thank you for allowing me to testify today in support of this legislation. I look forward to working with you to improve health and welfare of the youths in the Chalan Pago-Ordot community.

RE: Bill No. 235.

Dear Senator Calvo:

I am writing this letter to respectfully request your expeditious and favorable action on Bill No. 235, as the honorable Chairman of this Committee. Of course, this plea goes to other colleagues who are members of this Committee.

I introduced Bill 235 a couple of months ago on behalf of the Mayor of Ordot-Chalan Pago, and all the residents of that municipality, especially the youth who are eagerly looking for opportunity to participate in the recreational activities within their village.

As you may be aware, the tennis and basketball courts in Ordot-Chalan Pago had been literally abandoned for the past decade because of its dilapidated and unusable condition. Although funding for their repairs was included in the Budget Act of 1995, these monies were never released.

As a policymaker, I cannot over-emphasize the need to make available to our youth ~~and~~^{such} important recreational facilities. The reason for this is very obvious and does not need elucidation.

At this time, I would like to suggest two major changes to Bill 235, as I originally introduced:

- 1) I am suggesting that the source of the \$75,000 funding appropriation be switched to the Healthy Futures Fund instead of the General Fund. The continuing collection of increased excise tax on alcohol and cigarette renders the availability of the funds more dependable.
- 2) The \$75,000 appropriation requested in Bill 235 is sufficient to fund the resurfacing of the tennis and basketball courts at \$50,000, and the renovation and refurbishing of the restroom facilities at \$25,000. May I request the Committee to amend Bill 235 to reflect this change accordingly. Otherwise, I can easily submit a substitute bill.

In closing, may I reiterate my plea for an expeditious and favorable action on Bill 235, on behalf of the Mayor of Ordot-Chalan Pago and all the residents of that municipality, especially the youth who will be utilizing these much needed facilities. Thank you so much.

Sincerely yours,

ADOLPHO B. PALACIOS, SR., MPA, BS/CJA

Subject: Repairing our Basketball Court in Ordot-Chalan Pago

As a concern resident of Chalan Pago, I believe if we work together in helping the community, we will be an effective leaders in developing a program to provide our people the way of life. In conjunction to all this about life, it's merely important to us and our future. We must all find a solution to solve our problems, and to do that, is to all get involve in bringing up hope and for the future. My hope, is to see the future for the generation and to keep focusing on what's important in their life. And one of them is Education because without education you won't be successful in life and to know life, we must educate our self. I believe in achieving a goal especially for my people of Guam. If I am you, that holds the power, I will find the interest for the people of Guam and to assure that their health are well taking care of. Being a leader is not a easy task, But, sacrificing for others is what counts. We all think differently and because we are all raise differently. But, that's where the challenge comes in, Right! It's a challenge to all of us, especially to be responsible for your people and your family. Don't we want our kids to grow up and have a happy life and knowing that will always be their for them. I think they want it like that, Don't you! If you understand what's priority in life, Then, I shouldn't go any further. To be a leader, you must have a understanding to your people, be compassion and to listen to what they say. And in doing this, It makes you an effective leader. If you believe in your heart, Imagine what others can do for you. I know for a fact that went time comes to assist you. Will be there and support you in anyway as long as we help each other because I know that God is my witness and we will succeed. I ask you to support us in improving our Basketball court at Ordot-Chalan Pago by repairing or build us a Basketball Gym. We want our kids to stay in good health and to be discipline, Stay away from trouble and to respect one another. If we do this for our community theirs always a good thing at the end. And that's the part of life to achieve that goal. My Senators, On behalf of our community of Ordot-Chalan Pago I hope this message of ours brings your attentions and our blessing in granting us this opportunity of bringing us a new Basketball Gym. Thank you for your understanding and concern.

Sincerely
Bill T. Mantanona

Greetings: Hafa Adai, and good morning to you all;

Introduction: I am Raymond Mantanona a resident of Chalan Pago-Ordot; also, an (MPC) member in charge of Youth Affairs.

We are here this morning because we care, and to discuss the future of our Youths, Which lyes in our decision as parents and as leaders of this community.

We as leaders have bad practices; I believe that it is, very wrong for us to support bills for the good of all, by having to muster all the community people to come down in this session hall, to support whatever bill that brings concern in our community.

We call ourselves leaders, if we are identified as leaders and lawmakers; Let's act as concern citizens together.....

We are in support of Bill# 235 sponsored by senator Palacios; In which it supports the (Repairs & Renovations) of the Tennis/Basketball Court at the village of Chalan Pago-Ordot.

I'm here not to beg, but here to ask you lawmakers that are seated as our islands senators; To not wonder your minds elsewhere as I stand before you; But to have your mind focus as of this present time; Of the increasing numbers of Youth Problems out here in our community....

So alarming, we stage satellite services professionals inline with the mayor's office; This is the Peace Program which deals with kids cooping with stress issues; High Schools adopted Youth Crime Watch Programs; Man huben Youth for Youth Programs; and then DYA; and the list goes on.....

There are alarming questions that needs to be answered, these questions targets our Youths future.....

Why do we have increase numbers of programs in our community for our Youths?

Why are our Youths suffering this epidemic?

Why do we ignore their cries for help?

When is it going to end?

Are we to late to save them from harm?

The answer to this is that, We fail to show our love for their simple needs to be happy growing up as a child, teenager, and adult in our community. Every bit of love we give to our kids hearts: It grows respectfully in our community....

This is so true, and it is very alarming, for that we are forgetting our priorities as responsible leaders. I could never forget the way I was growing up as a child, teenager, now an adult and a proud parent of four wonderful children(s).....

Leaders back then were so concern of community activities, village gatherings such as fiestas, village sports challenges like intramural amounts village areas.....

They seem to have placed our children(s) as priority in their **Hearts**, making sure that the village play ground, whether it be Basketball/ Volleyball/Tennis Courts and Baseball Fields or Recreation Center; Are well maintained, just to have our children(s) stay focus on Good Interventions, rather than Bad Interventions; Importantly keeping them of the streets from Drugs, Gangster Activities..etc.... They showed That They Cared.....

I became a resident of Chalan Pago-Ordot in 2002 just going on 4 yrs; My eldest brother lives at Pago Bay, he has been a resident for 20 yrs; We decided to build a Youth/Adult Basketball Teams for our village of Chalan Pago-Ordot. I was surprise to here that this community has an outside basketball court.....

I went there to view it's surroundings; I was disappointed of what I saw, the courts surface was unsafe to play on, it is sad to see things like this in our community.....

This didn't stop us from coaching our Youths for basketball league, **instead they were crowned as the (ages 15-17) Champions Of The Astumbo Dededo Basketball League; while the adults placed fourth overall...**

Every bit of Positive Impact our kids encounters; It drives them forward to good behavioral relationship in our community.....

Every bit of Negative Impact our kids encounters; It drives them backwards to bad behavioral relationship in our community.....

We were picking up kids traveling to another village recreational facility; then drop them home after practice session at the Agana Heights GYM; My brother and I, and the community of Chalan Pago-Ordot greatly appreciated Mayor Paul McDonald's concern for our Youths future; He opened up his heart, because he cares greatly for our Youths lives; and never for once gave us an excuse to try and occupy the facility....

Closing: There are families in our community that don't have the luxury of taking their children(s) to sports complexes or recreational center; We should be a shame of ourselves as leaders; We should be helping instead of resisting assistance to them.....

We as leaders are partly responsible for negative activities that surrounds our community, especially our kids... We focus more on **red tapes**, rather than to do what needs to be done accordingly to prioritize **Lives over anything else.....**

I ask that we all start responding to our 2 human senses for that; It for warns us of the epidemic that is spreading fast in our community; These 2 senses are as follows:

1) **Our Eyes** - Let's start seeing and not be blinded by the fact news reports of Negative Interventions Activities in our Youths is greatly present, and that it's starting to over come Positive Interventions; In other words, it is attacking the innocent Youths to join in.... and it's spreading fast..... Minors smoking, Drug use, Vandalism, Robberies, Gangster. etc....Because, they have no place to unleash their energy wisely; That is a recreational area.....

2) **Our Ears** - Let's hear the cries of our communities Youths & Parents, and not plug your ears with cotton balls, or be selectively hearing what you want to hear.....

Could we make the difference in their lives now? The answer to that is Yes!!!!; For that it passes down through generations and would be carried on from our next Youth Generations; Those I speak off, are our children(s); and their children(s), children(s) so on.....

Let's have a save and wonderful community for them to live in.....
Let's bring back our Fathers and Mothers and Grand Parents tradition of **“Love & Respect”**.

We all should come together and help our children(s) future come into view; By supporting what is right for their future, that is Bill# 235; Not letting politics intervene with their right to be happy.....

We always say these words to our children(s); Back then it was better then now, a big difference in “Love & Respect”; So let's not just bring back our cultural ways for this issue; But rather keep it as we move forward in time.....

Let's not turn our backs from their future.....

Let's show our children(s) that we care for their future.....

Thank You very much..... Senator Palacios for opening your heart for our children(s) future..... and hope that the other senators would open their hearts as well.....Thank You

MINA'BENTE OCHO NA LIHESLATURAN GUÅHAN
TWENTY-EIGHTH GUAM LEGISLATURE
2005 (FIRST) Regular Session

Bill No. 235 (EC)

Introduced by:

A. B. Palacios, Sr.

2005 NOV 17 AM 8:5

CP

AN ACT TO APPROPRIATE THE SUM OF SEVENTY-FIVE THOUSAND DOLLARS FROM THE GENERAL FUND TO THE OFFICE OF THE ORDOT-CHALAN PAGO MAYOR FOR THE REPAIR AND RESURFACING OF THE TENNIS AND BASKETBALL COURTS.

BE IT ENACTED BY THE PEOPLE OF GUAM:

1 **Section 1. Legislative findings and intent.** *I Liheslaturan Guåhan*
2 recognizes the important role that recreational and sports activities for the youth of
3 Guam play in minimizing juvenile delinquency.

4 *I Liheslaturan Guåhan* finds that the old basketball and tennis courts in the
5 municipality of Ordot-Chalan Pago are public recreational facilities that have been
6 neglected and abandoned for almost a decade, and should be restored to usable
7 condition. Estimates for the repair of both courts is Seventy Five Thousand Dollars
8 (\$75,000).

9 *I Liheslaturan Guåhan* also finds that the previous appropriation of Two
10 Hundred Fifty Thousand Dollars (\$250,000) to the Mayor of Ordot-Chalan Pago,
11 which was included in the Miscellaneous Appropriation provisions of the Fiscal Year
12 1995 Budget Act, was never released by the Bureau of Budget and Management
13 Research for implementation.

1 It is therefore the intent of *I Liheslaturan Guåhan* to re-emphasize the
2 importance of this project by appropriating the necessary funding for the repair of the
3 tennis and basketball courts in the municipality of Ordot-Chalan Pago so the youth of
4 the village can also avail themselves of much needed recreational facilities.

5 **Section 2. Appropriation.** The sum of Seventy-Five Thousand Dollars
6 (\$75,000) is hereby appropriated from the General Fund to the Office of the Ordot-
7 Chalan Pago Mayor for the repair and resurfacing of the tennis and basketball courts
8 in the municipality of Ordot-Chalan Pago.
