matured or shall have been called for redemption, instead of issuing a substitute Bond, the Trustee may pay the same without surrender thereof). The Government may require payment of a sum not exceeding the actual cost of preparing each new Bond issued under this Section and of the expenses which may be incurred by the Government and the Trustee in the premises. Any Bond issued under the provisions of this Section in lieu of any Bond alleged to be lost, destroyed or stolen shall constitute an original additional contractual obligation on the part of the Government whether or not the Bond so alleged to be lost, destroyed or stolen be at any time enforceable by anyone, and shall be equally and proportionately entitled to the benefits of this Certificate with all other Bonds secured by this Certificate. Neither the Government nor the Trustee shall be required to treat both the original Bond and any substitute Bond as being Outstanding for the purpose of determining the Accreted Value of Bonds which may be issued hereunder or for the purpose of determining any percentage of Bonds Outstanding hereunder, but both the original and substitute shall be treated as one and the same.

Section 2.10. Book-entry System. The Government, the Trustee and the Depository may treat and consider the person in whose name each Bond is registered in the registration books kept by the Trustee as the holder and absolute owner of such Bond for the purpose of payment of principal, premium and interest with respect to such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Trustee shall pay all principal of and interest on the Bonds only to or upon the order of the respective Bondholders, as shown in the registration books kept by the Trustee as provided in Section 2.06, or their respective attorneys duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the Government's obligations with respect to payment of principal of and interest on the Bonds to the extent of the sum or sums so paid. No person other than a Bondholder, as shown in the registration books kept by the Trustee, shall receive a certificated Bond evidencing the obligation of the Government to make payments of principal and interest pursuant to this Certificate. Bonds other than the Bondholders, as shown on the registration books kept by the Trustee. The Trustee shall take all action necessary for all representations of the Government in the Representation Letter with respect to the Trustee to at all times be complied with.

(C) DTC may determine to discontinue providing its services with respect to the Bonds at any time by giving reasonable notice to the Government or the Trustee and discharging its responsibilities with respect thereto under applicable law. The Government, in its sole discretion and without the consent of any other person, may terminate the services of DTC with respect to the Bonds. Upon the discontinuance or termination of the services of DTC with respect to the Bonds, unless a substitute securities depository is appointed to undertake the functions of DTC hereunder, the Government is obligated to deliver Bond certificates at the expense of the beneficial owners of the Bonds, as described in this Certificate, and the Bonds shall no longer be restricted to being registered in the registration books kept by the Trustee in the name of Cede & Co. as nominee of DTC, but may be registered in whatever name or names Bondholders transferring or exchanging Bonds shall designate, in accordance with the provisions of this Certificate.

(D) Notwithstanding any other provision of this Certificate to the contrary, so long as any Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, in the manner provided in any agreement between the Government and DTC. Bondholders shall have no lien or security interest in any rebate or refund paid by DTC to the Trustee which arises from the payment by the Trustee of principal of or interest on the Bonds in immediately available funds to DTC.

Section 3.04. Validity of Bonds. The validity of the authorization and issuance of the Bonds is not dependent on and shall not be affected in any way by any proceedings taken by the Government, the Trustee or the Depository with respect to the application of the proceeds of the Bonds. The recital contained in the Bonds that the same are issued pursuant to the laws of the Government of Guam, including the Act, shall be conclusive evidence of their validity and of compliance with the provisions of law in their issuance.

In the event that less than all of the Bonds of any maturity are to be redeemed, the Bonds (or portions thereof) to be redeemed shall be selected by the Trustee by lot within a maturity in such manner as the Trustee may determine and the amount of each maturity of the Bonds to be redeemed shall be determined by Request of the Government.

Section 4.03. Notice of Redemption. Notice of redemption (except as provided below) shall be given by the Trustee, not less than thirty (30) nor more than sixty (60) days before the date fixed for redemption, by first class mail to each of the registered owners of Bonds designated for redemption at their addresses appearing on the bond registration books of the Trustee on the date the Bonds to be redeemed are selected. Each notice of redemption shall state the redemption date, the place or places of redemption, any conditions to such redemption, the maturities to be redeemed, and, if less than all of any such maturity, the numbers of the Bonds of such maturity to be redeemed and, in the case of Bonds to be redeemed in part only, the respective portions of the principal amount thereof to be redeemed, and shall also state that on said date there will become due and payable on each of said Bonds the Redemption Price thereof or of said specified portion of the principal thereof in the case of a Bond to be redeemed in part only, together with interest accrued thereon to the redemption date, and that from and after such redemption date interest thereon shall cease to accrue, and shall require that such Bonds be then surrendered, with a written instrument of transfer duly executed by the registered owner thereof or by such registered owner's attorney duly authorized in writing. No defect in or failure to give such mailed notice of redemption shall affect the validity of proceedings for redemption of such Bonds. Each notice of redemption shall also state the CUSIP number, date of issue and interest rate on each Bond, or portion thereof, to be redeemed, and shall include the redemption agent name and address with contact person and telephone number; provided, however, that failure to include any of such information in any redemption notice, or any inaccuracy in any such information, shall not affect the sufficiency of the proceedings for redemption of any Bonds.

A copy of any notice of redemption given pursuant to the foregoing paragraph shall also be sent by overnight delivery or certified mail, with return receipt requested, to the holders of \$1,000,000 or more in aggregate principal amount of Bonds to be redeemed and to each of the Fiduciaries, the Securities Depositories (as defined below) and two or more Information Services (as defined below), and shall be published at least once in a financial newspaper or journal circulated in Agana, Guam; provided, however, that failure to give notice pursuant to this sentence by first class mail to any Bondholders, to any Fiduciaries, to any Securities Depositories or Information Services, or to publish such notice, or the insufficiency of any such notices, shall not affect the sufficiency of the proceedings for redemption of any Bonds. A second notice shall be sent, by certified mail with return receipt requested, to the registered owner of any Bond which has been called for redemption in whole or in part, and is not surrendered for payment within sixty (60) days after the date fixed for redemption; provided, however, that failure to send any such second notice, or any deficiency of any such notice, shall not affect the sufficiency of the proceedings for redemption of any Bonds. As used in this paragraph, the term "Information Services" means Financial Information, Inc.'s "Daily Called Bond Service," 30 Montgomery Street, 10th Floor, Jersey City, New Jersey 07302, Attention: Editor; Kenny Information Services' "Called Bond Service," 55 Broad Street, 28th Floor, New York, New York 10004; Moody's "Municipal and Government," 99 Church Street, 8th Floor, New York, New York 10007, Attention: Municipal News Reports; and Standard and Poor's "Called Bond Record," 25 Broadway, 3rd Floor, New York, New York 10004; or, in accordance with then-current guidelines of the Securities and Exchange Commission, and/or such other services providing information with respect to called bonds, or no such services, as the Government may designate in a Certificate delivered to the Trustee; and the term "Securities Depositories" means: The Depository Trust Company, 711 Stewart Avenue, Garden City, New York 11530, Fax-(516) 227-4039 or 4190 or, in accordance with then-current guidelines of the Securities and Exchange Commission, and/or such other securities depositories, or no such depositories, as the Government may designate in a Certificate delivered to the Trustee.

Notice of redemption of Bonds shall be given by the Trustee for and on behalf of the Government.

The Government may, at its option, prior to the date fixed for redemption, rescind and cancel such notice of redemption.

Section 4.04. Partial Redemption. Upon surrender of any Bond redeemed in part only, the Government shall execute and the Trustee shall authenticate and deliver to the registered owner thereof, at the expense of the Government, a new Bond or Bonds of authorized denominations, and of the same Maturity and tenor, equal in aggregate principal amount to the unredeemed portion of the Bond surrendered.

Section 4.05. Effect of Redemption. Notice of redemption having been duly given as aforesaid, and moneys being held by the Trustee or any Paying Agent for payment of the Redemption Price of, and interest accrued to the redemption date on, the Bonds (or portions thereof) so called for redemption on the redemption date designated in such notice shall become due and payable at the Redemption Price specified in such notice and interest accrued thereon to the date fixed for redemption, interest on the Bonds so called for redemption shall cease to accrue, said Bonds (or portions thereof) shall cease to be entitled to any benefit or security under this Certificate, and the Holders of said Bonds shall have no rights in respect thereof except to receive payment of said Redemption Price and accrued interest.

All Bonds purchased or redeemed pursuant to the provisions of this Article shall be cancelled upon surrender thereof and destroyed.

ARTICLE V

FUNDS

Section 5.01. Establishment of Funds. (A) The Depository shall establish, maintain and hold in trust the Construction Fund as provided in Section [3.03].

(B) The Trustee shall establish and maintain the following funds:

- (1) the Bond Fund; and
- (2) the Rebate Fund.

(C) All moneys at any time deposited with the Trustee or the Depository, as the case may be, shall be held by the Trustee or the Depository, as the case may be, in trust for the benefit of the Holders at any time of the Bonds, except that the Rebate Fund shall be held for the benefit of the United States Government, and the Government shall have no beneficial right or interest in any of such moneys, except as in this Certificate provided.

Section 5.02. Periodic Deposits into Funds. On or before the fifth day of each calendar month, beginning _____, 2006, the Government shall deposit into the Bond Fund held by the Trustee, an amount equal to the amount necessary to increase the amount in the Bond Fund to the aggregate amount for all Outstanding Bonds of all unpaid interest, principal and Mandatory Sinking Account Payments which shall be required to have been transferred to the Bond Fund on the basis of the following transfer requirement rules:

- (1) the amount of interest payable on each Bond on a current un compounded basis on any Interest Payment Date shall be transferred in equal monthly amounts over the Interest Accrual Period for such Bond ending on such Interest Payment Date (or in the case of Variable Rate Bonds, the amount of interest that would have accrued during the next preceding

calendar month if such Bonds had borne interest at the maximum rate, less any excess deposited for the next preceding calendar month);

(2) the amount of interest payable on each Bond on a deferred compounded basis on any Interest Payment Date shall be transferred in equal monthly amounts over the Principal Payment Period for such Bond ending on the maturity date for such Bond;

(3) the amount of the principal of each Bond shall be transferred in equal monthly amounts over the Principal Payment Period for such Bond ending on the maturity date for such Bond; and

(4) the amount of each Mandatory Sinking Account Payment for Bonds shall be transferred in equal monthly amounts over the Principal Payment Period for such Bonds ending on the date such Mandatory Sinking Account Payment is due.

Section 5.03. Application of Bond Fund. (A) All amounts in the Bond Fund shall be used and withdrawn by the Trustee solely for the purpose of (1) paying interest on the Bonds as it shall become due and payable (including accrued interest on any Bonds purchased or redeemed prior to maturity pursuant to this Certificate), (2) paying the principal of the Serial Bonds when due and payable, and (3) purchasing or redeeming or paying at maturity the Term Bonds as provided in this Section.

(B) On each Mandatory Sinking Account Payment date, the Trustee shall apply the Mandatory Sinking Account Payment or Payments required on that date to the redemption (or payment at maturity, as the case may be) of the applicable Term Bonds upon the notice and in the manner provided in Article IV. At any time prior to giving such notice of such redemption, the Trustee, upon the Request of the Government, shall apply moneys in the Bond Fund, in an amount not in excess of such Mandatory Sinking Account Payment, to the purchase of the applicable Term Bonds at public or private sale, as and when and at such prices (including brokerage and other charges) as are specified in such Request, except that the purchase price (excluding accrued interest) shall not exceed the price that would be payable for such Bonds upon redemption by application of such Mandatory Sinking Account Payment.

(C) Subject to the terms and conditions hereinbefore set forth in this Section and in Section 4.01(B), Term Bonds maturing [November 15], 20__, shall be redeemed (or paid at maturity, as the case may be) by application of Mandatory Sinking Account Payments for such Term Bonds, in the amounts (after giving effect to the credits provided for in this Section) and on [November 15] in the years set forth below:

<u>Year</u>	<u>Principal Amount</u>
-------------	-------------------------

\$

*Maturity

(D) Upon the redemption of Term Bonds pursuant to Section 4.01(A), the principal amount of such Bonds shall be credited against remaining Mandatory Sinking Account Payments as provided in Section 4.02, treating Mandatory Sinking Account Payments as if they were maturities and given that Mandatory Sinking Account Payments shall remain as integral multiples of \$5,000. If, (1)

during the twelve-month period immediately preceding a Mandatory Sinking Account Payment date the Trustee purchases the applicable Term Bonds with moneys in the Bond Fund, or (2) during said period and prior to giving said notice of redemption the Government otherwise deposits the applicable Term Bonds with the Trustee (together with a Request of the Government to apply such Bonds so deposited to the Mandatory Sinking Account Payment due on said date), the amount of Bonds so purchased or deposited or redeemed shall be credited at the time of such purchase or deposit, to the extent of the full principal amount thereof, to reduce such Mandatory Sinking Account Payment. All Bonds purchased or deposited pursuant to this subsection shall be cancelled and destroyed.

Section 5.04. Rebate Fund.

(A) There shall be deposited in the Rebate Fund from lawfully available moneys such amounts as are required to be deposited therein pursuant to the Tax Certificate with respect to the Bonds. All money at any time deposited in the Rebate Fund shall be held by the Trustee in trust, to the extent required to satisfy the Rebate Requirement (as defined in the Tax Certificate), for payment to the United States of America, and the United States of America is hereby granted a first lien on such money until such payment. All amounts required to be deposited into or on deposit in the Rebate Fund shall be governed exclusively by this Section and by the Tax Certificate (which is incorporated herein by reference).

In the event that the amount in the Rebate Fund exceeds the Rebate Requirement, upon the Request of the Government, the Trustee shall transfer the excess from the Rebate Fund to the Bond Fund.

(B) Notwithstanding any provisions of this Section, if the Government shall provide to the Trustee an opinion of Bond Counsel that any specified action required under this Section is no longer required or that some further or different action is required to maintain the exclusion from federal income tax of interest on the Bonds, the Trustee and the Government may conclusively rely on such opinion in complying with the requirements of this Section, and, notwithstanding Article IX hereof, the covenants hereunder shall be deemed to be modified to that extent.

Section 5.05. Deficiencies in Bond Fund; General Obligation Relating to the Bonds.

In the event that on the fifth (5th) day before any Interest Payment Date, or if any such day is not a Business Day, on the next preceding Business Day, the amount in the Bond Fund is insufficient to pay the principal of, Mandatory Sinking Account Payments for and interest on the Bonds due on the next succeeding Interest Payment Date, the Depository upon the direction of the Trustee shall transfer to the Bond Fund the amount of such deficiency by withdrawing said amount from the Construction Fund.

Section 5.06. Investment of Moneys in Funds. All moneys in the funds and accounts established pursuant to this Certificate shall be invested by the Trustee or the Depository, as the case may be, solely in Investment Securities to maximize investment income, with proper regard for the preservation of principal, pursuant to a Request of the Government as to such investment. All Investment Securities and any other investments acquired with moneys held hereunder shall be acquired subject to the limitations set forth in Section 6.06, to the limitations as to maturities hereinafter in this Section set forth and to such additional limitations or requirements consistent with the foregoing as may be established by Request of the Government. No Investment Security which is subject to redemption at the option of the issuer may be purchased at a premium above the amount of the premium payable upon any such redemption.

Moneys in all funds and accounts established under this Certificate shall be invested in securities paying interest and maturing not later than the dates on which it is estimated that such moneys will be required by the Trustee or the Depository.

All interest and other profit derived from the investment of amounts in each fund shall be deposited at least monthly in such fund. Investments acquired as an investment of moneys in any fund established under this Certificate shall be credited to such fund. For the purpose of determining the amount in any fund or account, the amount of any obligation allocable to such fund or account shall be equal to the purchase price of such obligation (not including accrued interest, if any, paid on the purchase of such obligation) plus the amount of any discount below par accounting for any such discount ratably each year over the term of such obligation (i.e., by dividing the amount of such discount by the number of interest payments remaining to maturity and by multiplying the amount so calculated by the number of interest payment dates having passed since the date of purchase) (in this Section called "amortized value").

The Trustee or the Depository may sell at the best price obtainable, or present for redemption, any investment securities so purchased whenever it shall be necessary in order to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the fund to which such investment security is credited, and neither the Trustee nor the Depository shall be liable or responsible for any loss resulting from such investment.

Nothing in this Section shall be deemed to limit the right of the Government to issue bonds for the purpose of refunding any Outstanding Bonds, and such issuance shall not be deemed to constitute an extension of maturity of Bonds.

Section 6.03. Power to Issue Bonds. The Government represents and warrants that it is duly authorized pursuant to law to issue the Bonds and to enter into this Certificate in the manner and to the extent provided in this Certificate. The Bonds and the provisions of this Certificate are and will be the valid and binding general obligations of the Government in accordance with their terms, and the Government, the Trustee and the Depository shall at all times, to the extent permitted by law, defend, preserve and protect all the rights of the Bondholders under this Certificate against all claims and demands of all persons whomsoever.

Such books of record and account shall be available for inspection by the Trustee or the Depository, as the case may be, and, with respect to such books of record and account maintained by the Trustee and the Depository, by the Government or any Bondholder or agent or representative thereof duly authorized in writing, at reasonable hours and under reasonable circumstances.

The Government shall file with the Trustee and the Depository, and furnish to each major national investment rating service which initially rated the Bonds and to each Bondholder who shall have filed a name and address with the Government or the Trustee for such purpose, within one year after the close of each Fiscal Year so long as any of the Bonds are Outstanding (commencing with the Fiscal Year ending September 30, 2007), complete financial statements with respect to the General Fund and all funds established pursuant to this Certificate, prepared in accordance with generally accepted accounting principles for governmental entities, covering receipts, disbursements, allocation and application of all revenues of the General Fund for such Fiscal Year, including a statement of revenues, expenditures and fund balances (covering all of the funds established pursuant to this Certificate), balance sheet and statement of changes in financial position.

Section 6.05. Maintenance of Powers. The Government shall at all times use its best efforts to maintain the powers, functions, duties and obligations now reposed in it pursuant to law, and will not at any time voluntarily do, suffer or permit any act or thing the effect of which would be to hinder, delay or imperil either the payment of the indebtedness evidenced by any of the Bonds or the observance of any of the covenants herein contained.

Section 6.06. Tax Covenants. (A) The Government shall not use or permit the use of any proceeds of the Bonds or any other funds of the Government, directly or indirectly, to acquire any securities or obligations, and shall not use or permit the use of any amounts received by the Government in any manner, and shall not take or permit to be taken any other action or actions, which would cause any Bond to be an "arbitrage bond" within the meaning of Section 148 of the Code, to be "federally insured or guaranteed" within the meaning of Section 149(b) of the Code or to be a "private activity bond" within the meaning of Section 141(a) of the Code.

(B) The Government shall at all times do and perform all acts and things permitted by law and this Certificate which are necessary or desirable in order to assure that interest paid on the Bonds (or on any of them) shall be exempt from federal income taxes.

Section 6.07. Compliance with Certificate, Contracts, Laws and Regulations. The Government shall faithfully observe and perform all the covenants, conditions and requirements of this Certificate, shall not issue any Bonds in any manner other than in accordance with this Certificate, and shall not take any action that would permit any default to occur hereunder, or do or permit to be done, anything that might in any way weaken, diminish or impair the security intended to be given pursuant to this Certificate. Subject to the limitations and consistent with the covenants, conditions and requirements contained in this Certificate, the Government shall comply with the terms, covenants and provisions, express or implied, of all contracts concerning or affecting the application of proceeds of Bonds. The Government shall comply promptly, fully and faithfully with and abide by any statute, law, ordinance, order, rule or regulation, judgment, decree, direction or requirement now in force or hereafter enacted, adopted, prescribed, imposed or entered by any competent governmental authority or agency applicable to or affecting the Bonds.

Section 6.08. Nature of Obligation. The Bonds shall constitute the valid and binding general obligations of the Government, and the Government pledges its full faith and credit for the punctual payment of principal and interest of the Bonds.

Section 6.09. Collection of General Fund Revenues. There shall be collected annually in the same manner and at the same time as Government revenues for other purposes are collected, such sum as is required to pay the principal of, and Mandatory Sinking Account Payments and interest on, the Bonds. All officers charged by law with any duty in the collection of Government revenues shall do every lawful thing necessary to collect such sum.

Section 6.10. Waiver of Laws. The Government shall not at any time insist upon or plead in any manner whatsoever, or claim or take the benefit or advantage of, any stay or extension of law now or at any time hereafter in force that may affect the covenants and agreements contained in this Certificate or in the Bonds, and all benefit or advantage of any such law or laws is hereby expressly waived by the Government to the extent permitted by law. The Government shall not claim, and hereby waives any claim to, sovereign immunity from any suit or other action that may be brought under this Certificate or upon the Bonds.

Section 6.11. Further Assurances. ARTICLE VII

EVENTS OF DEFAULT AND REMEDIES OF BONDHOLDERS

Section 7.01. Events of Default. The following events shall be Events of Default:

(A) default by the Government in the due and punctual payment of the principal or Redemption Price of any Bond when and as the same shall become due and payable, whether at maturity as therein expressed, by proceedings for redemption, by declaration or otherwise; default by the Government in the redemption from any Mandatory Sinking Account Payment of any Term Bonds in the amounts and at the times provided therefor; or default by the Government in the due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable;

Section 7.02. Acceleration of Maturities. If an Event of Default shall occur, then, and in each and every such case during the continuance of such Event of Default, the Trustee or the Holders of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding shall be entitled, upon notice in writing to the Government to declare the principal of all of the Bonds then Outstanding, and the interest accrued thereon, to be due and payable immediately, and upon any such

declaration the same shall become and shall be immediately due and payable, anything in this Certificate or in the Bonds contained to the contrary notwithstanding.

Any such declaration, however, is subject to the condition that if, at any time after such declaration and before any judgment or decree for the payment of the moneys due shall have been obtained or entered, the Government shall deposit with the Trustee a sum sufficient to pay all the principal or Redemption Price of and installments of interest on the Bonds payment of which is overdue, with interest on such overdue principal at the rate borne by the respective Bonds, and the reasonable charges and expenses of the Trustee and any and all other Events of Default known to the Trustee (other than in the payment of principal of and interest on the Bonds due and payable solely by reason of such declaration) shall have been made good or cured to the satisfaction of the Trustee or provision deemed by the Trustee to be adequate shall have been made therefor, then, and in every such case, the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding, by written notice to the Government and to the Trustee, or the Trustee, may, on behalf of the Holders of all of the Bonds, rescind and annul such declaration and its consequences and waive such default; but no such rescission and annulment shall extend to or shall affect any subsequent default, or shall impair or exhaust any right or power consequent thereon.

Section 7.03. Application of Funds After Default. If an Event of Default shall occur and be continuing, all moneys then held or thereafter received by the Trustee or the Depository under any of the provisions of this Certificate (subject to Section 11.10) shall be under the control of and applied by the Trustee as follows and in the following order:

(A) To the payment of any expenses necessary in the opinion of the Trustee to protect the interests of the Holders of the Bonds and payment of reasonable charges and expenses of the Trustee and the Depository (including reasonable fees and disbursements of their respective counsel) incurred in and about the performance of their respective powers and duties under this Certificate;

(B) To the payment of the principal or Redemption Price of and interest then due on the Bonds (upon presentation of the Bonds to be paid, and stamping thereon of the payment if only partially paid, or surrender thereof if fully paid) subject to the provisions of this Certificate (including Section 6.02), as follows:

(1) Unless the principal of all of the Bonds shall have become or have been declared due and payable,

First: To the payment to the persons entitled thereto of all installments of interest then due in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment or installments maturing on the same date, then to the payment thereof ratably, according to the amounts due thereon, to the persons entitled thereto, without any discrimination or preference; and

Second: To the payment to the persons entitled thereto of the unpaid principal or Redemption Price of any Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates, with interest on the overdue principal at the rate borne by the respective Bonds, and, if the amount available shall not be sufficient to pay in full all the Bonds due on any date, together with such interest, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date to the persons entitled thereto, without any discrimination or preference.

(2) If the principal of all of the Bonds shall have become or have been declared due and payable, to the payment of the principal and interest then due and unpaid upon the Bonds, with interest on the overdue principal at the rate borne by the respective Bonds, and, if the amount available shall not be sufficient to pay in full the whole amount so due and unpaid, then to the payment thereof ratably, without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference.

Section 7.04. Trustee to Represent Bondholders. The Trustee is hereby irrevocably appointed (and the successive respective Holders of the Bonds, by taking and holding the same, shall be conclusively deemed to have so appointed the Trustee) as trustee and true and lawful attorney-in-fact of the Holders of the Bonds for the purpose of exercising and prosecuting on their behalf such rights and remedies as may be available to such Holders under the provisions of the Bonds and this Certificate, as well as under the Act and applicable provisions of any other law. Upon the occurrence and continuance of an Event of Default or other occasion giving rise to a right in the Trustee to represent the Bondholders, the Trustee in its discretion may, and upon being indemnified to its satisfaction therefor, shall, at the direction of the Holders of not less than a majority in aggregate principal amount of Bonds Outstanding, proceed to protect or enforce its rights or the rights of such Holders by such appropriate suit, action, mandamus or other proceedings as it shall deem most effectual to protect and enforce any such right, at law or in equity, either for the specific performance of any covenant or agreement contained herein, or in aid of the execution of any power herein granted, or for the enforcement of any other appropriate legal or equitable right or remedy vested in the Trustee or in such Holders under this Certificate, the Act or any other law; and upon instituting such proceeding, the Trustee shall be entitled, as a matter of right to the appointment of a receiver of the assets pledged under this Certificate, pending such proceedings. All rights of action under this Certificate or the Bonds or otherwise may be prosecuted and enforced by the Trustee without the possession of any of the Bonds or the production thereof in any proceeding relating thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in the name of the Trustee for the benefit and protection of all the Holders of such Bonds, subject to the provisions of this Certificate.

Section 7.05. Bondholders' Direction of Proceedings. Anything in this Certificate to the contrary notwithstanding, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings taken by the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with law and the provisions of this Certificate, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would adversely affect Bondholders not parties to such direction.

Section 7.06. Limitation on Bondholders' Right to Sue. No Holder of any Bond shall have the right to institute any suit, action or proceeding at law or in equity, for the protection or enforcement of any right or remedy under this Certificate, the Act or any other applicable law with respect to such Bond, unless (A) such Holder shall have given to the Trustee written notice of the occurrence of an Event of Default; (B) the Holders of not less than twenty-five percent (25%) in aggregate principal amount of the Bonds then Outstanding shall have made written request upon the Trustee to exercise the powers hereinbefore granted or to institute such suit, action or proceeding in its own name; (C) such Holder or said Holders shall have tendered to the Trustee reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with such request; and (D) the Trustee shall have refused or omitted to comply with such request for a period of sixty (60) days after

such written request shall have been received by, and said tender of indemnity shall have been made to, the Trustee.

Such notification, request, tender of indemnity and refusal or omission are hereby declared, in every case, to be conditions precedent to the exercise by any Holder of Bonds of any remedy hereunder or under law; it being understood and intended that no one or more Holders of Bonds shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of this Certificate or the rights of any other Holders of Bonds, or to enforce any right under this Certificate, the Act or other applicable law with respect to the Bonds, except in the manner herein provided, and that all proceedings at law or in equity to enforce any such right shall be instituted, had and maintained in the manner herein provided and for the benefit and protection of all Holders of the Outstanding Bonds, subject to the provisions of this Certificate (including Section 6.02).

Section 7.07. Obligation of Government. Nothing in Section 7.06 or in any other provision of this Certificate, or in the Bonds, contained shall affect or impair the obligation of the Government, which is absolute and unconditional, to pay the principal or Redemption Price of and interest on the Bonds to the respective Holders of the Bonds at their respective dates of maturity, or upon call for redemption, as herein provided, or affect or impair the right of such Holders, which is also absolute and unconditional, to enforce such payment by virtue of the contract embodied in the Bonds.

Section 7.08. Termination of Proceedings. In case any proceedings taken by the Trustee or any one or more Bondholders on account of any Event of Default shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Trustee or the Bondholders, then in every such case the Government, the Trustee and the Bondholders, subject to any determination in such proceedings, shall be restored to their former positions and rights hereunder, severally and respectively, and all rights, remedies, powers and duties of the Government, the Trustee and the Bondholders shall continue as though no such proceedings had been taken.

Section 7.09. Remedies Not Exclusive. No remedy herein conferred upon or reserved to the Trustee or to the Holders of the Bonds is intended to be exclusive of any other remedy or remedies, and each and every such remedy, to the extent permitted by law, shall be cumulative and in addition to any other remedy given hereunder or now or hereafter existing at law or in equity or otherwise.

Section 7.10. No Waiver of Default. No delay or omission of the Trustee or of any Holder of the Bonds to exercise any right or power arising upon the occurrence of any Event of Default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Certificate to the Trustee or to the Holders of the Bonds may be exercised from time to time and as often as may be deemed expedient.

ARTICLE VIII

The Trustee shall, prior to an Event of Default, and after the curing of all Events of Default which may have occurred, perform such duties and only such duties as are specifically set forth in this Certificate for it to perform. The Trustee shall, during the existence of any Event of Default (which has not been cured), exercise such of the rights and powers vested in it by this Certificate, and use the same degree of care and skill in its exercise, as a prudent person would exercise or use under the circumstances in the conduct of such person's own affairs.

The Depository shall, during the existence of any Event of Default (which has not been cured), follow the directions of the Trustee with respect to any of the funds held by the Depository under this Certificate.

(C) The Government may remove the Trustee or the Depository at any time unless an Event of Default shall have occurred and then be continuing, and the Government shall remove the Trustee or the Depository if at any time requested to do so by an instrument or concurrent instruments in writing signed by the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding (or their attorneys duly authorized in writing) or if at any time the Trustee or the Depository shall cease to be eligible in accordance with subsection (F) of this Section, or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or a receiver of the Trustee or the Depository or their respective property shall be appointed, or any public officer shall take control or charge of the Trustee or the Depository or their respective property or affairs for the purpose of rehabilitation, conservation or liquidation; in each case by giving written notice of such removal to the Trustee and the Depository, and thereupon shall appoint a successor Trustee or Depository, as the case may be, by an instrument in writing.

(D) The Trustee or the Depository may at any time resign by giving written notice of such resignation to the Government and the other Fiduciary. Upon receiving such notice of resignation, the Government shall promptly appoint a successor Trustee or Depository, as the case may be, by an instrument in writing.

(E) Any such removal or resignation of the Trustee or Depository and appointment of a successor shall become effective upon acceptance of appointment by the successor. Promptly upon such acceptance, the Government shall give notice thereof to each Fiduciary and to the Bondholders by mail in the manner provided by Section 4.03. If no successor shall have been appointed and have accepted appointment within forty-five (45) days of giving notice of removal or notice of resignation as aforesaid, the resigning Trustee or Depository, as the case may be, or any Bondholder (on behalf of such Bondholder and all other Bondholders) may petition any court of competent jurisdiction for the appointment of a successor, and such court may thereupon, after such notice (if any) as it may deem proper, appoint such successor. Any successor appointed under this Certificate, shall signify its acceptance of such appointment by executing and delivering to the Government, to its predecessor, to each other Fiduciary a written acceptance thereof, and thereupon such successor, without any further act, deed or conveyance, shall become vested with all the moneys, estates, properties, rights, powers, trusts, duties and obligations of such predecessor, with like effect as if originally named herein; but, nevertheless at the Request of the Government or the request of the successor, such predecessor shall execute and deliver any and all instruments of conveyance or further assurance and do such other things as may reasonably be required for more fully and certainly vesting in and confirming to such successor all the right, title and interest of such predecessor in and to any property held by it under this Certificate and shall pay over, transfer, assign and deliver to the successor any money or other property subject to the trusts and conditions herein set forth. Upon request of the successor, the Government shall execute and deliver any and all instruments as may be reasonably required for more fully and certainly vesting in and confirming to such successor all such moneys, estates, properties, rights, powers, trusts, duties and obligations.

(F) (1) Any Trustee appointed under the provisions of this Section in succession to the Trustee shall be a trust company or bank having the powers of a trust company doing business and having a combined capital and surplus of at least Fifty Million Dollars (\$50,000,000) and subject to supervision or examination by federal, state, or Guam authority. If such bank or trust company publishes

a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purpose of this Section the combined capital and surplus of such bank or trust company shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. In case at any time the Trustee shall cease to be eligible in accordance with the provisions of this subsection (F)(1), the Trustee shall resign immediately in the manner and with the effect specified in this Section.

(2) Any Depository appointed under the provisions of this Section in succession to the Depository shall be a trust company or bank having the powers of a trust company doing business and having a trust office in Agana, Guam, having a combined capital and surplus of at least Ten Million Dollars (\$10,000,000), and subject to supervision or examination by federal or Guam authority. If such bank or trust company publishes a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purpose of this Section the combined capital and surplus of such bank or trust company shall be deemed to be its combined capital and surplus as set forth in its most recent report of conditions so published. In case at any time the Depository shall cease to be eligible in accordance with the provisions of this subsection (F)(3), the Depository shall resign immediately in the manner and with the effect specified in this Section.

(G) Any company into which the Trustee or the Depository may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee or the Depository may sell or transfer all or substantially all of its corporate trust business, provided such company shall be eligible under subsection (F) of this Section, shall be the successor to such Trustee or Depository, as the case may be, without the execution or filing of any paper or any further act, anything herein to the contrary notwithstanding. Any such successor shall give notice of such merger, conversion or consolidation to each other Fiduciary and to the Government.

Section 8.02. Compensation. Subject to the terms of any contract with the Trustee or the Depository, as the case may be, the Government shall pay to the Trustee and the Depository from time to time reasonable compensation for all services rendered under this Certificate, and also all reasonable expenses, charges, fees of counsel, accountants and consultants and other disbursements, including those of their attorneys, agents and employees, incurred in good faith in and about the performance of their powers and duties under this Certificate. The Government further agrees, to the extent permitted by law, to indemnify and save the Trustee and the Depository harmless against any liabilities which they may incur in the exercise and performance of their respective powers, functions and duties under this Certificate, which are not due to their own respective negligence or willful misconduct. Such indemnity shall survive the discharge of this Certificate or resignation or removal of the Trustee or the Depository.

Section 8.03. Liability of Trustee and Depository. The recitals of facts herein and in the Bonds contained shall be taken as statements of the Government, and neither the Trustee nor the Depository assumes any responsibility for the correctness of the same, or makes any representations as to the validity or sufficiency of this Certificate or of the Bonds, or shall incur any responsibility in respect thereof, other than in connection with the duties or obligations herein or in the Bonds assigned to or imposed upon them, respectively. The Trustee shall, however, be responsible for its representations contained in its certificate of authentication and registration on the Bonds. Neither the Trustee nor the Depository shall be liable in connection with the performance of their respective duties hereunder, except for their own respective negligence or willful misconduct. The Trustee and the Depository may become the owner of Bonds with the same rights they would have if they were not Trustee or Depository, as the case may be, and, to the extent permitted by law, may act as depositary for and permit any of their officers or directors to act as a member of, or in any other capacity with respect to, any committee formed

to protect the rights of Bondholders, whether or not such committee shall represent the Holders of a majority in principal amount of the Bonds then Outstanding. No Fiduciary shall be under any responsibility or duty with respect to the application of any moneys paid to any other Fiduciary. No Fiduciary shall be under any obligation or duty to perform any act which would require it to expend or risk its own moneys or otherwise incur any liability or to institute or defend any action or suit in respect of this Certificate or the Bonds, unless it is in its judgment adequately indemnified. No Fiduciary shall be deemed to have knowledge of an Event of Default hereunder unless it has received actual knowledge thereof at its Principal Office, except, in the case of the Trustee, default in the payment of any amounts due on the Bonds on the due date therefor.

Section 8.04. Right of Trustee and Depositary to Rely on Documents. The Trustee and the Depositary shall be protected in acting upon any notice, resolution, request, consent, order, certificate, report, opinion, bond or other paper or document believed to be genuine and to have been signed or presented by the proper party or parties. The Trustee and the Depositary may consult with counsel, including nationally recognized bond counsel, who may be counsel of or to the Government, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it hereunder in good faith and in accordance therewith.

Whenever in the administration of the trusts imposed upon it by this Certificate the Trustee or the Depositary shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a Certificate of the Government, and such Certificate shall be full warrant to the Trustee or the Depositary, as the case may be, for any action taken or suffered in good faith under the provisions of this Certificate in reliance upon such Certificate, but in its discretion the Trustee or the Depositary may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

Section 8.05. Preservation and Inspection of Documents. All documents received by the Trustee or the Depositary under the provisions of this Certificate shall be retained in its possession and shall be subject at all reasonable times to the inspection of the Government and any Bondholder, and their agents and representatives duly authorized in writing, at reasonable hours and under reasonable conditions.

Section 8.06. Paying Agents. The Government may at any time or from time to time appoint one or more Paying Agents, in addition to the Trustee, for the purpose of paying the principal or Redemption Price of and the interest on Bonds. At least one such Paying Agent (which may be the Trustee) shall have a principal corporate trust office in one of the states of the United States. Each Paying Agent shall signify its acceptance of the duties and obligations imposed upon it by this Certificate by executing and delivering to the Government, the Trustee and the Depositary a written acceptance thereof. The Trustee shall enter into such arrangements with any such Paying Agent as shall be necessary and desirable to enable such Paying Agent to carry out the duties of its office. The Government may remove any Paying Agent at any time by giving written notice of such removal to such Paying Agent, the Trustee and the Depositary. Any Paying Agent may at any time resign by giving notice of such resignation to the Government, the Trustee and the Depositary and by giving affected Bondholders notice of such resignation by mail in the manner provided in Section 4.03. In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, transfer, assign and deliver any moneys held by it to its successor, or, if there be no successor then appointed, to the Trustee. The Government may appoint one or more successor Paying Agents and shall give prompt notice of the acceptance of appointment by any successor Paying Agent. Any Paying Agent appointed under the provisions of this Section shall satisfy the criteria for eligibility set forth in subsection (F)(1) of Section 8.01 with respect to the Trustee.

The indemnities, privileges and limitations of liability provided the Trustee hereunder shall be afforded to the Paying Agent.

ARTICLE IX

MODIFICATION OR AMENDMENT OF THE CERTIFICATE

Section 9.01. Amendments Permitted. (A) This Certificate and the rights and obligations of the Government and of the Holders of the Bonds and of the Trustee may be modified or amended at any time by a Supplemental Certificate which shall become effective when the written consent of the Holders of sixty percent (60%) in aggregate principal amount of the Bonds then Outstanding shall have been filed with the Trustee; provided that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any particular maturity remain Outstanding, the consent of the Holders of Bonds of such maturity shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this Section. No such modification or amendment shall (i) extend the fixed maturity of any Bond, or reduce the amount of principal thereof, or extend the time of payment or reduce the amount of any Mandatory Sinking Account Payment provided herein for the payment of any Bond, or extend the time of payment of any interest on any Bond, or reduce the rate of interest thereon, without the consent of the Holder of each Bond so affected, or (ii) reduce the aforesaid percentage of Bonds the consent of the Holders of which is required to effect any such modification or amendment, or permit the creation of any lien on the moneys and other assets pledged under this Certificate prior to or on a parity with the lien created by this Certificate, or deprive the Holders of the Bonds of the lien created by this Certificate upon such moneys and other assets (except as expressly provided in this Certificate), without the consent of the Holders of all of the Bonds then Outstanding.

(B) This Certificate and the rights and obligations of the Government and of the Holders of the Bonds may also be modified or amended at any time by a Supplemental Certificate, which shall become effective upon execution (or such later date as may be specified in such Supplemental Certificate), without the consent of any Bondholders, but only to the extent permitted by law and only for any one or more of the following purposes:

(1) to add to the covenants and agreements of the Government in this Certificate contained other covenants and agreements thereafter to be observed, to pledge or assign additional security for the Bonds, or to surrender any right or power herein reserved to or conferred upon the Government, provided, that no such covenant, agreement, pledge, assignment or surrender shall materially adversely affect the interests of the Holders of the Bonds;

(2) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision, contained in this Certificate, or in regard to matters or questions arising under this Certificate, as the Government may deem necessary or desirable and not inconsistent with this Certificate, and which shall not materially adversely affect the interests of the Holders of the Bonds; and

(3) to modify, amend or supplement this Certificate in such manner as to permit the qualification hereof under the Trust Certificate Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute, and which shall not materially adversely affect the interests of the Holders of the Bonds.

Section 9.02. Effect of Supplemental Certificate. From and after the time any Supplemental Certificate becomes effective pursuant to this Article, this Certificate shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Certificate of the Government, the Trustee, the Depository and all Holders of Bonds Outstanding shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modification and amendment, and all the terms and conditions of any such Supplemental Certificate shall be deemed to be part of the terms and conditions of this Certificate for any and all purposes.

Section 9.03. Endorsement of Bonds; Preparation of New Bonds. Bonds delivered after any Supplemental Certificate becomes effective pursuant to this Article may, and if the Trustee so determines shall, bear a notation by endorsement or otherwise in form approved by the Government and the Trustee as to any modification or amendment provided for in such Supplemental Certificate, and, in that case, upon demand of the Holder of any Bond Outstanding at such effective date and presentation of his Bond for the purpose at the office of the Trustee or at such additional offices as the Trustee may select and designate for that purpose, a suitable notation shall be made on such Bond, at the expense of the Government. If the Government or the Trustee shall so determine, new Bonds so modified as to conform, in the opinion of the Government and the Trustee, to any modification or amendment contained in such Supplemental Certificate, shall, at the expense of the Government, be prepared and executed by the Government and authenticated by the Trustee, and upon demand of the Holders of any Bonds then Outstanding shall be exchanged at the principal corporate trust office of the Trustee without cost to any Bondholder, for Bonds then Outstanding, upon surrender for cancellation of such Bonds, in equal aggregate principal amounts of the same maturity and tenor.

Section 9.04. Amendment of Particular Bonds. The provisions of this Article shall not prevent any Bondholder from accepting any amendment as to the particular Bonds held by such Bondholder, provided that due notation thereof is made on such Bonds.

ARTICLE X

DEFEASANCE

Section 10.01. Discharge of Certificate. If the Government shall pay and discharge the entire indebtedness on all Bonds Outstanding in any one or more of the following ways --

(A) by paying or causing to be paid the principal or Redemption Price of and interest on Bonds Outstanding, as and when the same become due and payable;

(B) by depositing with the Trustee, irrevocably, in trust, at or before maturity, Federal Securities in the necessary amount (as provided in Section 10.03) to pay or redeem Bonds Outstanding; or

(C) by delivering to the Trustee, for cancellation by it, Bonds Outstanding;

and if the Government shall also pay or cause to be paid all other sums payable hereunder by the Government, then and in that case, at the election of the Government (evidenced by a Certificate of the Government, filed with the Trustee, signifying the intention of the Government to discharge all such indebtedness and this Certificate), and notwithstanding that any Bonds shall not have been surrendered for payment, this Certificate and all covenants, agreements and other obligations of the Government under this Certificate shall cease, terminate, become void and be completely discharged and satisfied. In such event, upon Request of the Government, the Trustee shall cooperate with an accounting for such period or periods as shall be requested by the Government to be prepared and filed with the Government and shall execute and deliver to the Government all such instruments as may be necessary or desirable to evidence

such discharge and satisfaction, and the Trustee, the Depositary and any Paying Agents shall pay over, transfer, assign or deliver to the Government all moneys or securities or other property held by them pursuant to this Certificate which are not required for the payment or redemption of Bonds not theretofore surrendered for such payment or redemption. The discharge of the obligations of the Government under this Certificate shall be without prejudice to the rights of the Trustee and the Depositary to charge for and be reimbursed by the Government for any reasonable and customary expenditures which may thereafter be incurred in connection herewith.

Section 10.02. Discharge of Liability on Bonds. Upon the deposit with the Trustee, in trust, at or before maturity, of money or securities in the necessary amount (as provided in Section 10.03) to pay or redeem any Outstanding Bond (whether upon or prior to its maturity or the redemption date of such Bond), then all liability of the Government in respect of such Bond shall cease, determine and be completely discharged, and the Holder thereof shall thereafter be entitled only to payment out of such money or securities deposited with the Trustee as aforesaid for their payment, subject, however, to the provisions of Section 10.04.

The Government may at any time surrender to the Trustee for cancellation by it any Bonds previously issued and delivered, which the Government may have acquired in any manner whatsoever, and such Bonds, upon such surrender and cancellation, shall be deemed to be paid and retired.

Section 10.03. Deposit of Money or Securities with Trustee. Whenever in this Certificate it is provided or permitted that there be deposited with or held in trust by the Trustee money or securities in the necessary amount to pay or redeem any Bonds, the money or securities so to be deposited or held shall be:

(a) lawful money of the United States of America in an amount equal to the principal amount of such Bonds and all unpaid interest thereon to maturity, except that, in the case of Bonds which are to be redeemed prior to maturity, the amount to be deposited or held shall be the principal amount or Redemption Price of such Bonds and all unpaid interest thereon to the date fixed for redemption; or

(b) noncallable Federal Securities the principal of and interest on which when due will provide money sufficient, in the opinion of an Independent certified public accountant delivered in writing to the Government, the Trustee, to pay the principal or Redemption Price of and all unpaid interest to maturity, or to the date fixed for redemption, as the case may be, on the Bonds to be paid or redeemed, as such principal or Redemption Price and interest become due;

provided, in each case, that the Trustee shall have been irrevocably instructed (by the terms of this Certificate and by Request of the Government) to apply such money to the payment of such principal or Redemption Price and interest with respect to such Bonds.

Section 10.04. Payment of Bonds after Discharge of Certificate. Notwithstanding any provisions of this Certificate, any moneys held by the Trustee in trust for the payment of the principal or Redemption Price of, or interest on, any Bonds and remaining unclaimed for three years after the principal of all of the Bonds has become due and payable (whether at maturity or upon call for redemption or by acceleration as provided in this Certificate), if such moneys were so held at such date, or six years after the date of deposit of such moneys if deposited after said date when all of the Bonds became due and payable, shall, upon Request of the Government, be repaid to the Government free from the trusts created by this Certificate, and all liability of the Trustee or the Depositary with respect to such

moneys shall thereupon cease and the Holders of such Bonds shall be entitled to look only to the Government for payment of such Bonds; provided, however, that before the repayment of such moneys to the Government as aforesaid, the Trustee may (at the cost of the Government) first publish at least once in one or more financial newspapers or journals circulated in Agana, Guam, San Francisco, California, and New York, New York, a notice, in such form as may be deemed appropriate by the Trustee with respect to the Bonds so payable and not presented and with respect to the provisions relating to the repayment to the Government of the moneys held for the payment thereof.

Section 11.04. Destruction of Bonds. Whenever in this Certificate provision is made for the cancellation by the Trustee and the delivery to the Government of any Bonds, the Trustee may, upon Request of the Government, in lieu of such cancellation and delivery, destroy such Bonds (in the presence of an officer of the Government, if the Government shall so require), and deliver a certificate of such destruction to the Government.

Section 11.05. Severability of Invalid Provisions. If any one or more of the provisions contained in this Certificate or in the Bonds shall for any reason be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions contained in this Certificate and such invalidity, illegality or unenforceability shall not affect any other provision of this Certificate, and this Certificate shall be construed as if such invalid or illegal or unenforceable provision had never been contained herein. The Government hereby declares that it would have entered into this Certificate and each and every other Section, paragraph, sentence, clause or phrase hereof and authorized the issuance of the Bonds pursuant thereto irrespective of the fact that any one or more Sections, paragraphs, sentences, clauses or phrases of this Certificate may be held illegal, invalid or unenforceable.

The ownership of Bonds shall be proved by the Bond registration books held by the Trustee.

Any request, consent, or other instrument or writing of the Holder of any Bond shall bind every future Holder of the same Bond and the Holder of every Bond issued in exchange therefor or in lieu thereof, in respect of anything done or suffered to be done by the Trustee, the Depositary or the Government in accordance therewith or reliance thereon.

Section 11.08. Disqualified Bonds. In determining whether the Holders of the requisite aggregate principal amount of Bonds have concurred in any demand, request, direction, consent or waiver under this Certificate, Bonds which are owned or held by or for the account of the Government, or by any other obligor on the Bonds, or by any person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the Government or any other obligor on the Bonds, shall be disregarded and deemed not to be Outstanding for the purpose of any such determination. Testimony on Bill 332 (LS): AN ACT TO AMEND §1512 OF TITLE 5, GUAM CODE ANNOTATED, RELATIVE TO AUTHORIZING THE GOVERNOR OF GUAM, *IMAGA'LAHEN GUÅHAN*, TO ISSUE GOVERNMENT OF GUAM BONDS FOR THE PURPOSE OF PAYING CERTAIN GENERAL FUND EXPENSES

Good Morning Mister Chair and members of the Committee:

My name is Peter John Camacho, Administrator for the Guam Memorial Hospital Authority and I am here to present testimony on Bill 332 (LS). The relevant portion of this bill relates to using a portion of the moneys to pay to the Government of Guam Retirement Fund the amounts of owed by the Guam Memorial Hospital Authority and the Guam Public School System. The recent enactment of Public Law 28-38 provided relief to this situation by requiring these agencies to remain current with their remittances to the Retirement Fund and by having the Department of Administration pay to the Fund the interests owed on the principal for these agencies. The Authority has been diligent in ensuring that the payments due to the Fund have been made as required by statute. Compliance with P.L. 28-38 allows the employees from the hospital to be processed for retirement when the outstanding portions of the contributions owed for them are paid in full.

The Hospital has been able to process some of our employees for retirement, especially with the assistance provided by the implementation of P.L. 28-66. Additionally, we identify funds when we are able, to process additional staff for retirement. However, we also face the challenges of maintaining operations of the island's only civilian hospital and we and our staff encounter times when we are not able to make those remittances for amounts owed as timely as we would like.

Bill 332 would provide the avenue for other employees who would like to retire to do so sooner rather than later. As of December 2005, there are 26 employees under the Defined Contribution Plan who have met the minimum five years of service and are older than 55 years of age who could retire. Under

the Defined Benefit Plan there are 43 employees with over 25 years of service and 62 who have between 20 to 24 years of service. Passage of Bill 332 would afford those employees who are interested in retiring to submit their intentions to the Retirement Fund and be expeditiously processed.

The Authority is very supportive of Bill 332 (LS) and respectfully requests passage by the Legislature.
Put respetu!

Testimony of UBS with respect to Bill 332

UBS is presenting this written testimony with respect to Bill 332 as part of our engagement as the senior managing underwriter for the proposed financing. UBS was selected to be the senior managing underwriter through an RFP process in 2002. Since that time we have assisted / *Liheslaturan Guåhan*, GEDCA and the other professional advisors with various financing analyses, including those related to the review of Bill 47, subsequently PL 27-019.

UBS is one of the leading underwriters of securities for US municipal entities. We have been the number 1 or number 2 ranked underwriter of negotiated offerings each year for the past 8 years. Each year we average over 460 senior managed negotiated transactions; in 2005 our senior managed volume was in excess of \$41 billion.

The key issue that is addressed by this financing is to pay off many obligations of the General Fund that have accumulated and had their repayment repeatedly deferred. This constitutes most but not all of the accumulated General Fund deficit. These items include but are not limited to refunds of overpaid individual and business taxes, payments due to vendors that have provided goods and services to the Government and its agencies, and payments due to the Retirement System. While each of these obligations was intended to be paid in the year in which it was initially incurred, adverse circumstances have caused these payments to be continually deferred. In essence, the Government has borrowed these amounts from these parties.

The current rating of Government of Guam General Obligation bonds is "B" by Standard and Poor's Rating Services. The rating scale ranges from AAA (the highest) to CCC (bordering on default) (is this the proper lowest rating, and description of what it means?). This rating is below the "investment grade" threshold of BBB-, and poses a significant challenge for any new borrowing from the capital markets by the Government

The proposed security structure is to pledge the monthly receipts to the Government of the Gross Receipts Tax ("GRT") to fulfill the monthly deposits into the debt service account. This revenue stream provides a steady flow of monies with sufficient coverage to allow the proposed bonds to be favorably received by investors. Each month the amounts due to be deposited in the debt service accounts will be segregated from the total GRT receipts, and the balance will then be released to the General Fund for ongoing operations of the Government. In 1999 the US Virgin Islands was faced with a similar situation, and UBS successfully used this same security structure to market approximately \$300 million of deficit financing bonds. Despite the "BB" rating of the USVI, this security structure in combination with their fiscal recovery plan allowed the bonds to be rated "BBB-", allowing for a significantly lower interest rate, and enticing the bond insurer ACA to provide a limited amount of credit enhancement.

This structure is frequently referred to as a "lockbox", where the receipts go directly to the Bond Trustee and the first dollars received are used to make the required deposits. This allows the monthly amounts received in excess of the monthly required deposits to be released to support General Government operations. It represents a fine balance between providing adequate security for investors with the need to sustain reliable cash flow for the General Fund. The Trust Indenture specifically limits the rights of bondholders to enforcing the levy, collection, and segregation of receipts from the GRT, and thereby limits the impact on other Governmental operations and finances in the event of disruption of the GRT. A Debt Service Reserve Fund will provide some cash flow protection in the event of a disruption such as a natural disaster.

Because of the relatively stable recurring receipts of this tax, and the monthly deposits into segregated debt service accounts held by the independent Bond Trustee under the terms of the Trust Indenture, investors will look solely to this revenue stream for repayment. This allows the Government to provide the requisite assurances to investors without pledging any specific assets by mortgage or otherwise. Because the Government is starting from the single "B" rating level, we believe that it may not be possible to obtain an investment grade rating of at least "BBB-" with respect to the proposed bonds, although we do continue to strive to obtain that rating. Obtaining an investment-grade

rating is a prerequisite to obtaining bond insurance. All our preparatory discussions with bond insurers have identified this criterion as an absolute necessity.

Under current market conditions, our estimates of the interest cost of the proposed issue range from 6.32% to 6.45% depending on the amortization structure. We have analyzed structures with final maturities as short as 20 years and as long as 30 years. We have analyzed structures with level debt service as well deferred debt service to "wrap around" the existing 1993 GO Bonds and the 2001 Section 30 Bonds, so as to limit the impact on near-term budgets. Because the expected bond ratings are below investment-grade, the bonds will be marketed exclusively to institutional investors. These investors desire debt with longer maturities ("term bonds"), so the wrapped structures fit investor desires very well. Additionally, under current market conditions with a relatively "flat" yield curve (that is to say, longer maturities at only slightly higher yields than shorter maturities), the wrapped structures have only a slightly higher interest cost.

Despite the interest cost estimates shown above, we support the higher interest rate limit expressed in the draft legislation. The Federal Reserve Open Market Committee has voted at 17 consecutive meetings to raise the Fed Funds rate. Geopolitical unrest and global economic conditions are extremely volatile. While the financing team will endeavor to sell the debt at the lowest possible cost to Guam, it is impossible at this time to know what that interest rate will be by the time this issue can be successfully marketed. Hence, we concur that a somewhat lenient interest rate cap is appropriate so as to allow the financing to proceed even if market conditions deteriorate somewhat.

If *I Liheslaturan Guåhan* approves this bill, the financing team is prepared to move rapidly to bring the issue to market. Assuming there are no other legal impediments, we expect that it would be reasonable to have the issue marketed and closed within 8 to 12 weeks.

Dear Mr. Calvo:

Immediately after Judge Barcinas issued his decision and order in the *Rios v. Camacho, et al.*, Superior Court of Guam Case No. SP0206-93, for the amount due to the "COLA Class", I met with you and Speaker Forbes. It was there that we decided to amend the existing bond legislation, Bill No. 332, which was already heard by your committee. Attached are the proposed amendments we discussed at that meeting.

In a previous letter to the Speaker, I urged *I Liheslaturan Guahan* to amend the bond bill no. 332 to authorize *I Maga'lahren Guåhan* to use bond proceeds to pay the COLA judgment. I reiterate that this is the sole means to place immediate cash to this class of retirees that have waited far too long.

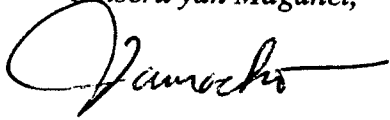

In the event, the bond proceeds are insufficient to satisfy the COLA judgment, it would be necessary to restore management spending authority over all executive branch accounts, including but not limited to trust, special funds, and capital improvement funds, whether restricted or unrestricted. We also ask full management restoration of allotment control over the government of Guam as set forth in 5 G.C.A. § 1303 including Guam Public School System.

We also seek assistance from other branches of government, autonomous agencies and public corporations to the General Fund for COLA class payments made to their retirees. This provision would allow retirees to receive their COLA payments while Attorney General Douglas Moylan's objections are heard by the United States Supreme Court which we are confident we will ultimately prevail and bring closure to this long standing issue but more importantly will bring immediate cash to our much deserved citizenries.

Senator Edward J.B. Calvo

On behalf of the recipients of COLA, I respectfully request passage of the Bond Bill No. 332 incorporating these provisions or subsequent legislation to assist in the payout of this long outstanding debt to our retirees.

Sins eru yan Magåhet,

FELIX P. CAMACHO
I Maga'låhen Guåhan
Governor of Guam
