**AN ACT TO ADD A NEW §5351 TO ARTICLE 6 OF
CHAPTER 5 OF TITLE 5, GUAM CODE ANNOTATED,
RELATIVE TO THE DURATION OF COMMERCIAL
LEASES FOR PUBLIC REAL PROPERTY AND
RELATED FACILITIES.**

- 1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**
2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan*
3 *Guåhan* finds that there is no uniform standard relative to the duration of

1 commercial leases, permits or licenses for the use of government of Guam
2 real property and other related facilities.

3 *I Liheslaturan Guåhan* finds that five years is a reasonable term limit
4 for agencies to enter into commercial leasing, permitting or licensing for the
5 use of government of Guam real property and other related facilities, but
6 also recognizes that terms beyond five years may be warranted to allow time
7 for the lessee, permittee, or licensee to make investments that may be needed
8 to ensure the viability and success of a business plan, and to allow sufficient
9 time to amortize these investments.

10 *I Liheslaturan Guåhan* further finds that public properties and
11 facilities are assets owned by the people of Guam. It is important, therefore,
12 that a standard for leasing government of Guam real property that will
13 improve transparency and clarity in the leasing of public property, and to
14 ensure that “exceptional term contracts” with terms greater than five years
15 be required to be scrutinized by *I Liheslaturan Guåhan*.

16 **Section 2.** A new §5351 is hereby *added* to Article 6 of Chapter 5 of
17 Title 5, Guam Code Annotated, to read:

18 **“§ 5351. Commercial Leasing of Public Real Property**
19 **and Related Facilities.**

20 (a) **Public Real Property and Related Facilities.** From the
21 effective date of this law, and notwithstanding any other
22 provision of law, no commercial contract, lease, permit or
23 license for use of public real property, and related facilities,
24 shall be solicited, negotiated, entered into, or made for a term in
25 excess of five years. This *shall* include any extensions, options
26 and renewals. Any contract, lease, permit or license made,
27 renewed or extended in violation of this law *shall* become void

1 upon the 5th anniversary of the making of such contract, lease,
2 permit or license. This limitation *shall not* apply to residential
3 and agricultural leases to beneficiaries under the *Chamorro*
4 Land Trust.

5 (b) **Exceptional Term Contracts.** The Chief Procurement
6 Officer, the Director of Public Works, or the head of a
7 purchasing agency, as authority may exist therefore, may solicit
8 a contract for a term longer than otherwise allowed by this
9 Section (an “Exceptional Term Contract”). Prior to soliciting
10 any Exceptional Term Contract, *I Maga’lahi* (the Governor) or,
11 in the case of an autonomous agency, the Board of Directors,
12 *shall* make a written Determination of Need justifying by a
13 quantifiable sum an Exceptional Term Contract, and specifying
14 the full term, inclusive of extensions, options and renewals, for
15 such contract, and provide a copy of such Determination of
16 Need to the Speaker of *I Liheslaturan Guåhan*. No Exceptional
17 Term Contract shall be solicited *unless* a Determination of
18 Need is obtained from *I Maga’lahi* (the Governor) or, in the
19 case of an autonomous agency, the Board of Directors.

20 (c) Prior to transmitting a Determination of Need to the
21 Speaker of *I Liheslaturan Guåhan*, a notice of solicitation *shall*
22 be published as provided in § 5211(c) of Part B of Article 3 of
23 this Chapter, such notice to conspicuously note the solicitation
24 is for an Exceptional Term Contract, and specifying the term
25 thereof, as well as the date of the proper Determination of
26 Need. Any Exceptional Term Contract made in violation of
27 this Subsection *shall* be void.

1 (d) **Legislative Approval Required for Exceptional Term**
2 **Contracts.** Subsequent to satisfying the requirements of §
3 5351, the commercial contract, lease, permit or license for use
4 of public real property and related facilities *shall* be transmitted
5 to the Speaker of *I Liheslaturan Guåhan* for approval or
6 disapproval, in whole. If *I Liheslaturan Guåhan* takes no
7 action within 60 calendar days from the date of filing with the
8 Speaker, the commercial contract, lease, permit or license *shall*
9 be deemed approved by *I Liheslaturan Guåhan*. A public
10 hearing *shall* be conducted by *I Liheslatura* (the Legislature)
11 during the 60-day review period. Legislative approval *shall* be
12 by enactment into law. Legislative disapproval *shall* be by
13 Resolution.”

14 **Section 3. Severability.** If any provision of this Act, or the
15 application of any part of this Act to any person or circumstance, is held to
16 be invalid as contrary to law, or unenforceable, such holding shall not affect
17 any other provision hereof, nor any other application of this Act which can
18 be given effect to any other person or in any other circumstance, and to this
19 end the provisions of this Act are severable and the remainder shall be
20 construed in such manner as to avoid invalidity or unenforceability.

21 **Section 4. Effective Date.** This Act *shall* become effective upon
22 enactment, and *shall not* affect transactions that are currently in discussion
23 pursuant to the issuance of an officially published Invitation-For-Bid (IFB)
24 or Request-For-Proposal (RFP).

II. SUMMARY OF TESTIMONY AND DISCUSSION

Vice Speaker Benjamin J.F Cruz announced Bill No. 69-32 (COR) then noted that the mains sponsor, Senator Thomas C. Ada, was not present. Senator Cruz stated that he would introduce Bill No. 69-32 (COR) on behalf of Senator Thomas Ada. Senator Cruz said that Bill No. 69-32 (COR) was introduced to provide some consistency in the government. Senator Cruz stated that there is no uniform standard relative to the duration of commercial leases, permits or licenses for the use of Government of Guam

real property and other related facilities.

Henry Taitano, Guam Economic Development Authority, read written testimony in opposition to Bill No. 69-32 (COR). Mr. Taitano stated that the intent of the legislation does not appear to state any clear positive value to the government of the community and that the findings of the bill are not consistent with the realities of developing real property. Mr. Taitano said that the additional layer of approval by the legislature creates seemingly unnecessary obstacles for development and that Bill No. 69-32 (COR) will likely have a negative impact on the value of governmental property.

Carlos Camacho, Micronesia Community Development Corporation, provided oral testimony in opposition to Bill No. 69-32 (COR). Mr. Camacho stated that private land is becoming more expensive and government land for affordable home development may exist in the future. Mr. Camacho stated that the financing requirements of the U.S. Department of Housing and Urban Development (HUD) are that the bank mortgage amount for multifamily rental housing is multiplied by one and a half times that amount for a ground lease. Mr. Camacho stated that the Guam Ancestral Lands Commission has been putting out multiple requests for proposals (RFP) to find the best use for their properties. Mr. Camacho stated that if Bill No. 69-32 (COR) becomes law it will impede their ability to bid on commercial development. Mr. Camacho stated that a board may disqualify a bid submission through a "determination of need."

Peter Sgro, resident of Guam, stated the Philippines are seeing a large investment growth and that the Federated States of Micronesia is seeing large growth in its captive insurance market. Mr. Sgro stated that numerous businesses are moving out of Silicon Valley because the cost of doing business is too high. Mr. Sgro stated that he is worried that Guam will not be able to compete with its close neighbors in similar markets because businesses are finding that it is cheaper to do business outside of Guam.

Ron McNinch, resident of Guam, stated that he was not testifying for or against Bill No. 69-32 (COR). Mr. McNinch stated that the bill is complex and technical; therefore, as much data for analysis should be used including an economist trained in land leases to determine the effect the proposal would have on leases, agencies and business on Guam.

Senator Cruz stated that for the information of the public Bill No. 69-32 (COR) the legislature had no problem approving the thirty year lease the Port Authority of Guam has with Cementon Micronesia. Senator Cruz stated that the problem is that the Port did not do their due diligence and did not realize

that pipes could not be run adjacent to gas pipes thereby halting operations due to concerns over parts of the properties lease agreement being under Mobile Guam. Senator Cruz stated that the legislature gave carte blanche to the A. B. Won Pat International Airport Authority and they took property given to them by the legislature and turned a few short leases into 60 year leases without input from the legislature. Senator Cruz said consequently Bill No. 69-32 (COR) is not a proposal that was written up without consideration of numerous facts and input. Senator Cruz stated that he is uncertain of how to assist regarding captive insurance because several businesses have their qualifying certificates but have done nothing with them except for not paying taxes.

Senator Pangelinan stated that the current statute says land leases are limited to five years, but that leases going to twenty years or beyond can occur with the approval of the legislature. Senator Pangelinan said that what he feels Senator Thomas Ada is attempting with Bill No. 69-32 (COR) is a bifurcation of leases so that a short term lease is limited to five years currently within the purview of departments and agencies, but if a lease is to go beyond that length then it would be done on the basis of a "determination of need." Senator Pangelinan stated that, for example, property may need to be leased out for the development of lost cost homes, but that development cannot survive on a five year lease; therefore, a RFP is issued for a short term or long term based on a "determination of need." Senator Pangelinan stated that the current problem sometimes is that a RFP comes in that has ten five year renewals, but at the same time another RFP comes in with a five year lease and four five year renewals so this creates a lack of uniformity regarding bids. Senator Pangelinan stated putting the determination of need up front based on the project requirements will ensure that everyone knows they are going to have a fifty year lease. Senator Pangelinan stated that Bill No. 69-32 (COR) does not seek to prohibit long term leases because it makes sure that length of leases are up front. Senator Pangelinan stated that one of the reasons this legislation was proposed is due to the recent court decision that agencies do not have the authority to enter into leases beyond five years without the approval of the legislature.

Peter Sgro, resident of Guam, stated that the clarification Senator Pangelinan made regarding Bill No. 69-32 (COR) was helpful and he encouraged the senator to create an amendment for the legislation.

Senator Pangelinan agreed to work on any applicable amendments needed.

Senator San Nicolas stated that he too agrees to work on possible amendments. Senator San Nicolas stated the testimony from GEDA is worrisome because they are asserting that Bill No. 69-32 (COR) may hurt Guam's economy, but they do not have an economist on their staff to make these assertions.

Henry Taitano, Guam Economic Development Authority, stated that he agrees GEDA needs an economist and he would like the GEDA board to consider hiring an economist. Mr. Taitano stated that lacking an economist they asked the private sector including banks and developers for their input on Bill No. 69-32 (COR).

Senator San Nicolas thanked Mr. Taitano for his input. Senator San Nicolas asked Carlos Camacho, Micronesia Community Development Corporation, if he has any amendments for Bill No. 69-32 (COR).

Carlos Camacho, Micronesia Community Development Corporation, stated that he concurs with the language clarified by Senator Pangelinan. Mr. Camacho asked how Bill No. 69-32 (COR) would affect bids issued before the legislation becomes public law.

Senator Pangelinan made comments, but his microphone was inoperative so the dialog is unheard.

Senator Cruz stated that the bids that went out originally would be complied with.

Peter Sgro, resident of Guam, stated that an amendment that provides a time period of sixty days to review the "determination of need" and if un-acted upon in those sixty days it is deemed approved would be helpful. Mr. Sgro stated that if an agency does not act on a "determination of need" for as long as six months it may hurt an investment opportunity for the people of Guam.

Senator Respicio stated that the genesis of Bill No. 69-32 (COR) is the issues at the airport regarding leases. Senator Respicio stated that if the law was being followed then this proposal may not have been introduced. Senator Respicio stated that he feels the proposal does not hamper investing because it levels the playing field and informs investors of exactly what the terms are. Senator Respicio stated that it may be possible that if a contract is entered into requiring a twenty year lease that the government can provide for the first five years, but if in the event the legislature rejects the additional fifteen years then the contract is not binding so that the developer has the option of pulling out.

Peter Sgro, resident of Guam, stated that from a financing standpoint he believes that what Senator Pangelinan stated is really in tune with the lending industry. Mr. Sgro stated that if a bid goes out for an affordable housing project for five years with the possibility of twenty no bank is going to provide the financing.

Senator Respicio stated that what he is proposing is that the lease would be conditional subject to the additional fifteen years to be approved by the legislature.

Peter Sgro, resident of Guam, stated that a bidder would not get any type of financing with a conditional lease.

Senator Cruz stated that the way Bill No. 69-32 (COR) is written is that before the bid goes out for a large construction project for \$40 or \$50 million, for example, then the agency should know that it will need a long term lease. Senator Cruz said that a determination of need will then go through the General Services Agency and the Governor for clearance before it goes out to bid not afterward for uniformity and transparency.

Carlos Camacho, Micronesia Community Development Corporation, asked if he understood Senator Cruz that a lease would need approval from GSA and the Governor.

Senator Cruz stated that it is not only a lease of property, but that it is also designed for the airport concession lease because depending on how much capital is put into the project, and how much work will be done, is the rationale for determining whether the project requires a five year lease or one that is lengthier. Senator Cruz stated he hopes a department or agency realizes the breadth of work necessitated to determine the length of lease required.

Senator Cruz thanked members of the panel for their comments then asserted that the record will be open for ten days so that residents may submit their testimonies.

III. FINDINGS AND RECOMMENDATION

Informed by feedback provided during the Public Hearing, the Committee amended the introduced legislation to create Substitute Bill 69-32. In addition to minor grammar corrections and stylistic improvements, the following substantive changes were incorporated:

- Section 1 (Legislative Findings and Intent) was amended to clarify that the legislation does not intend to restrict agencies from entering into lease agreements in excess of five years. Rather, the intent is to promote transparency and assure that all such contracts are properly reviewed.
- On page 2, line 18, the requirement to transmit documentation to the "Legislative Secretary" was changed to the "Speaker of *I Liheslaturan Guåhan*", to better match existing processes for transmitting formal communiqué to the Legislature.

- On page 2, line 23 (beginning of subsection c), language was added to clarify that the notice of solicitation is to be published subsequent to transmitting a Determination of Need to the Legislature.
- On page 3, line 3 (in subsection d), the sixty-day requirement was reduced to thirty days, in order to address concerns that a lengthy process will unduly delay progress.

The Committee on General Government Operations and Cultural Affairs to which was referred Bill No. 69-32 (COR) - T.C. Ada / B.J.F. Cruz / R.J. Respicio - An act to add a new Section §5351 to Chapter 5 of Title 5 GCA, relative to the duration of commercial leases for public real property and related facilities hereby submits these findings to *I Mina' Trentai Unu na Liheslaturan Guåhan* and reports out Substitute Bill No. 69-32 (COR) with a recommendation To Pass

1 BE IT ENACTED BY THE PEOPLE OF GUAM:

2 Section 1. Legislative Findings and Intent. *I Liheslaturan Guåhan* finds that there is

11 *I Liheslaturan Guåhan* further finds that public properties and facilities are assets
12 owned by the people of Guam. It is important therefore, that a standard for leasing
13 Government of Guam real property that will improves transparency and clarity in the
14 leasing of public property, and to ensure that 'exceptional term contracts' with terms
15 greater than five (5) years be required to be scrutinized by the Guam Legislature.

Public Hearing Testimony of Mr. Henry J. Taitano, Acting Administrator

Bill No. 69-32

AN ACT TO ADD A NEW SECTION §5351 TO CHAPTER 5 OF TITLE 5 GCS, RELATIVE TO THE DURATION OF COMMERCIAL LEASES FOR PUBLIC REAL PROPERTY AND RELATED FACILITIES

Good morning Vice-Speaker Cruz and members of the Committee on General Government Operations and Cultural Affairs. My name is Henry J. Taitano, Acting Administrator of the Guam Economic Development Authority (GEDA), and I hereby submit this testimony on Bill No. 69-32.

The Guam Economic Development Authority (GEDA)'s does not support Bill 69-32 for the following reasons:

1. **The intent does not appear to state any clear positive value to the government or the community**
2. **The findings of the bill are not consistent with the realities of developing real property**
3. **The additional layer of approval by the legislature creates seemingly unnecessary obstacles for development**
4. **The bill will likely have a negative impact on the value of government property**

I will address each of these reasons in detail below.

The intent does not appear to state any clear positive value to the government or the community

The bill states that "*I Liheslaturan Guãhan finds that there is no uniform standard relative to the duration of commercial leases, permits, or licenses for the use of Government of Guam real property and other related facilities.*"

The bill does not state why a "*uniform standard relative to the duration of leases, permits, or licenses*" is needed. The items mentioned in this section identify distinctly different types of agreements that can be executed between the government and another entity. It is unclear why there would be a desire to create a uniform standard relative to the duration of these agreements, when these agreements by definition are distinctly different from each other. In addition, the intent does not state what value there would be in a standard for duration. Leases alone have various terms or durations that are **driven by multiple variables** including: the type of property, improvements needed for development, financing, and time for construction to name a few.

The findings of the bill are not consistent with the realities of developing real property.

The bill states that “five (5) years is a reasonable term limit for commercial leasing”. This statement is not realistic for properties in need of substantial improvements or construction. For example, consider the case of raw land being leased to a developer who intends on constructing a facility. The 5 year term limit would not provide adequate time for the developer to realistically make a return on the investment of the land lease and building construction. If the developer needed financing through a bank, which is the case for most local developers, it would be highly unlikely any financial institution would finance the construction on land the developer may not have control of or rights to in 5 years. This requirement may **hurt local businesses that need realistic lease terms** in order to develop property. In addition, the requirement may make the investment and development of government property by foreign investors less attractive.

GEDA does not support this bill because it may hurt local businesses and diminish Guam’s competitiveness in attracting foreign investment.

The additional layer of approval by the legislature creates seemingly unnecessary obstacles for development.

The bill requires the Board of an Agency or the Governor to get the approval of the Legislature for “*the commercial contract, lease, permit, or license for use of public real property and related facilities...*”. This requirement is unnecessary since Boards have been established to guide and support the Management of the agencies in making these executive decisions. It is also important to note that board members, as well as most agency directors, are confirmed by the legislature, which has entrusted these appointees to fulfill their executive roles.

This bill creates a mandate that is not needed and not funded. The bill goes on to say that if the Legislature does not act within 60 days, then the “*commercial contract, lease, permit or license shall be deemed approved*”. This statement acknowledges that the Legislature may lack the ability to make a decision in a timely manner as it creates a protocol for indecision or potential inaction. If this were to occur, there may be a negative fiscal impact. The bill does not identify a funding source to support the additional actions and approvals required by those involved, which is likely something that was recognized during the development of the bill, since there is language that allows for approvals, in the event the Legislature cannot act in a timely manner.

The bill will likely have a negative impact on the value of government property.

The potential financing for real property development is related to the financial risks associated with the development and the value of the asset being collateralized, among other things. This bill sets a 5 year limit on leases which will prevent developers from securing financing and may deter potential investment.

This bill may have the undesired impact of lowering the value of the government property which GEDA cannot support. The value of the property is at times related to the lease terms and this bill sets unrealistic terms that are not attractive for commercial development. The financial state of the federal government and the impacts of sequestration will result in less federal money entering Guam's economy. This only further illustrates the need for our local government to be as attractive to new investment and development that is beneficial to our community.

Based on the foregoing, GEDA does not support this bill.

In closing, I again thank you and the members of your Committee for this opportunity to provide testimony today.

Henry J. Taitano

Hafa Adai Vice Speaker Cruz:

The Port Authority of Guam submits this testimony against the passage of Bill 69-32 (COR), entitled, *“An act to add a new Section §5351 to Chapter 5 of Title 5 GCA, relative to the duration of commercial leases for public real property and related facilities.”*

The Port Authority is in the unique position as being one of two Government of Guam agencies presently authorized to enter into a commercial lease for the use of its property for a term not to exceed five years. The statute authorizing the five year term (12 G.C.A. Section 10105(i)) was enacted into law in 2001 by Public Law 26-28.

At the time that P.L. 26-28 was passed, the Port Authority's leases for office and warehouse space were on a month-to-month basis because of the restrictions set forth in 21 G.C.A. Section 60112 which requires that government-owned real property shall not be leased or sold with the prior approval of *I Liheslaturan Guåhan*. Since the passage of P.L. 26-28 in 2001, the ability to enter into 5-year leasehold terms has provided the Port Authority's tenants with some stability. While we are appreciative of the capability to enter into these types of short-term leases, we don't think it is a sharp enough marketing tool to attract valid, long term investors for the community and for optimally maximizing the real estate resources we have on hand. This is particularly so with the smaller local business tenants. The 5-year term limit has proven to be a double-edged sword because major commercial developers are discouraged from leasing because 5 years is not enough time to realize long-term return on their investments.

To an extent, Bill 69-32 recognizes these business issues and provides for the authorization of certain “exceptional term” leases over 5-years subject to the approval of *I Liheslaturan Guåhan*. While the intention is well-meaning, from a practical business perspective, it has become clear over the years that investors are concerned about the uncertainty of the legislative approval process, and this in turn has had a chilling effect.

over the years that investors are concerned about the uncertainty of the legislative approval process, and this in turn has had a chilling effect.

Current law and Bill 69-32 in its present form impedes on the unique nature and economic autonomy of the island's lone commercial seaport. This provides a significant disadvantage as the Port is required to generate sufficient revenue to cover its operating costs and address needed improvements to Port facilities and equipment.

With the implementation of the 5-year lease limitation since 2001, the Port Authority has been unable to fully maximize its potential to attract institutional commercial tenants who are willing to invest in a 5-year term or to otherwise subject their investment to the legislative approval process. For these reasons, the Port Authority does not support Bill 69-32 inasmuch as it does very little to change the present situation as it exists under 21 G.C.A. Section 60112.

Sincerely,

JOANNE M.S. BROWN
General Manager

I MINA'TRENTAI DOS NA LIHESLATURAN GUÁHAN
2013 (First) Regular Session

Bill No. 69-32(COZ)

Introduced by:

T.C. Ada
B.J. Cruz
R.J. Respicio

**AN ACT TO ADD A NEW SECTION §5351 TO CHAPTER 5 OF
TITLE 5 GCA, RELATIVE TO THE DURATION OF
COMMERCIAL LEASES FOR PUBLIC REAL PROPERTY
AND RELATED FACILITIES.**

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan Guáhan* finds that there is
3 no uniform standard relative to the duration of commercial leases, permits or licenses for
4 the use of Government of Guam real property and other related facilities.

5 *I Liheslaturan Guáhan* finds that five (5) years is a reasonable term limit for
6 commercial leasing, permitting or licensing for the use of Government of Guam real
7 property and other related facilities, but also recognizes that terms beyond five years may
8 be warranted to allow time to amortize investments associated with substantial capital
9 improvements that have been solicited or other investments that improve the services,
10 capabilities and performance of the contracting agency by a quantifiable sum.

11 **Section 2.** §5351 of Chapter 5, Title 5 Guam Code Annotated is hereby added to read:

12 **“§5351. Commercial Leasing of Public Real Property and Related Facilities.**

13 a. **Public Real Property and Related Facilities.** From the effective date of
14 this law, and notwithstanding any other provision of law, no commercial
15 contract, lease, permit or license for use of public real property and related
16 facilities shall be solicited, negotiated, entered into, or made for a term in
17 excess of five (5) years. This shall include any extensions, options and
18 renewals. Any contract, lease, permit or license made, renewed or

2013 MAR 18 PM 12: 21

M

1 extended in violation of this law shall become void upon the fifth (5th)
2 anniversary of the making of such contract, lease, permit or license.

3 **b. Exceptional Term Leases.** The Chief Procurement Officer, the Director
4 of Public Works, or the Head of a purchasing agency, as authority may
5 exist therefore, may solicit a contract for a term longer than otherwise
6 allowed by this section (an “exceptional term contract”). Prior to
7 soliciting or making any exceptional term contract, the Governor, or in the
8 case of an autonomous agency the Board of Directors, shall make a
9 written Determination of Need justifying an exceptional term for such
10 contract, and provide a copy of such Determination of Need to the
11 Legislative Secretary. No exceptional term contract shall be solicited or
12 made unless, after obtaining the Determination of Need from the Governor
13 or in the case of an autonomous agency the Board of Directors, a notice of
14 solicitation therefore is published as provided in § 5211(c) of this Chapter,
15 such notice to conspicuously note the solicitation is for an Exceptional
16 Term Contract, and specifying the term thereof as well as the date of the
17 Governor’s Determination of Need. Any exceptional term contract made
18 in violation of this subsection shall be void.

19 **c. Legislative Approval Required for Exceptional Term Contracts.**

20 Subsequent to satisfying the requirements of §5351, the commercial
21 contract, lease, permit or license for use of public real property and related
22 facilities shall be transmitted to the Speaker of *I Liheslaturan Guåhan* for
23 approval or disapproval, in whole. If *I Liheslaturan Guåhan* takes no

1 action within sixty (60) calendar days from the date of filing with the
2 Speaker, the commercial contract, lease, permit or license shall be deemed
3 approved by *I Liheslaturan Guåhan.*”

4 **Section 3. Severability.** If any provision of this Act, or the application of any part
5 of this Act to any person or circumstance, is held to be invalid as contrary to law, or
6 unenforceable, such holding shall not affect any other provision hereof, nor any other
7 application of this Act which can be given effect to any other person or in any other
8 circumstance, and to this end the provisions of this Act are severable and the remainder
9 shall be construed in such manner as to avoid invalidity or unenforceability.

10 **Section 4. Effective Date.** This Act shall become effective upon enactment.
