AN ACT TO ADD A NEW § 24116 TO ARTICLE 1, CHAPTER 24, TITLE 11, GUAM CODE ANNOTATED, RELATIVE TO ESTABLISHING A NEW PROPERTY TAX RATE FOR REAL PROPERTY RESTRICTED TO THE REQUIREMENTS OF THE FEDERAL LOW-INCOME HOUSING TAX CREDIT (LIHTC) PROGRAM, AND REAL PROPERTY WITH DEED RESTRICTIONS INVOLVING RENTAL CAPS MADE PURSUANT TO AGREEMENTS WITH EITHER THE FEDERAL OR LOCAL GOVERNMENT.

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1.** A new § 24116 is *added* to Article 1, Chapter 24, Title 11, Guam

3 Code Annotated, to read:

1 **“§ 24116. Tax Rates Applicable to Property Restricted to the**
2 **Federal Low-Income Housing Tax Credit or with Deed Restrictions**
3 **Involving Rental Caps.**

4 The tax rate for real property restricted to the federal low-income
5 housing tax credit (LIHTC) program, or real property with deed restrictions
6 involving rental caps is computed according to the following Subsections.

7 (a) Notwithstanding any other provision of law, the assessed
8 valuation of real property used for residential rental purposes wherein
9 the land is restricted to requirements of the federal low-income housing
10 tax credit (LIHTC) program, or the land contains deed restrictions
11 subject to an agreement with a municipality, the state, the federal
12 government, or an instrumentality thereof, which agreement restricts
13 occupancy of those units to tenants who qualify in accordance with an
14 income test, *shall* be determined using the income approach as applied
15 to the actual net operating income, after deducting for reserves required
16 by any federal, state or municipal programs.

17 (b) For the purposes of this § 24116, *net operating income*
18 *shall* mean the actual or anticipated net income that remains after all
19 operating expenses are deducted from effective gross income, but before
20 mortgage debt service and book depreciation are deducted.

21 (c) The assessed valuation of real property used for such
22 residential rental purposes *shall* be determined using the actual net
23 operating income, and *shall not* include federal or local income tax
24 credits, subsidized mortgage financing, or project grants, where such
25 subsidies are used to offset the project development cost in order to
26 provide for lower initial rents as determined by regulations promulgated
27 by the Guam Housing and Urban Renewal Authority. To calculate

1 appraised property values for tax purposes, the property's net operating
2 income *shall* be divided by a capitalization rate appropriate for tax credit
3 properties. Initially this capitalization rate *shall* be 9.41%, but this rate
4 may be adjusted from time to time by *I Liheslaturan Guåhan* based on
5 demonstrable changes in actual market conditions. By way of example,
6 if a property generates net operating income of \$100,000, then that
7 property would have a taxable value of $(\$100,000 / .0941) = \$1,062,699$
8 $\times 70\%$ (taxes are assessed at 70% of appraised value) = \$743,889.
9 Property taxes for this example property would be \$743,889 times the
10 applicable millage rate. For properties that have appealed prior year's
11 property taxes that are affected by this Section, the property tax expense
12 used in calculating net operating income will be calculated using the
13 above calculation and the applicable millage rate.

14 (d) The Director of the Department of Revenue and Taxation
15 *shall* report, on an annual basis, to *I Maga'låhen Guåhan* and to the
16 Speaker of *I Liheslaturan Guåhan* regarding the impact of this program,
17 if any, on property tax collections in Guam.”
