AN ACT TO ADOPT THE RULES AND REGULATIONS ATTACHED AS EXHIBIT A HERETO, ENTITLED: "RULES AND REGULATIONS GOVERNING THE JOAQUIN (KC) CONCEPCION II COMPASSIONATE CANNABIS USE ACT OF 2013"; AND TO *AMEND* SUBSECTIONS (a), (g), (h), (o), (t), AND (aa) OF § 122503, AND SUBSECTION (4) OF § 122510, ALL OF ARTICLE 25, PART 2, CHAPTER 12, DIVISION 1, TITLE 10, GUAM CODE ANNOTATED, RELATIVE TO ALLOWING MEDICAL USE OF CANNABIS BY NON-RESIDENTS AND AMENDING CERTAIN DEFINITIONS CONTAINED IN THE MEDICAL CANNABIS LAW.

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan Guáhan* finds
3 that the rules and regulations for the implementation of the "Joaquin (KC)

1 Concepcion II Compassionate Cannabis Use Act of 2013” have been a long time in
2 development and that the public, having voted in a referendum in favor of the
3 medical use of cannabis by persons with medical conditions that can be helped by
4 cannabis, has waited long enough for the program to be put into place. On November
5 8, 2017, the Department of Public Health and Social Services submitted the draft
6 rules and regulations for the “Joaquin (KC) Concepcion II Compassionate Cannabis
7 Use Act of 2013,” hereafter “the Act,” at the request of the Chairman of *I*
8 *Liheslaturan Guåhan*’s Committee on Health. For this reason, the draft rules and
9 regulations attached to this legislation should have immediate public hearings and
10 be adopted by *I Liheslaturan Guåhan* as soon as possible.

11 *I Liheslaturan Guåhan* further finds that existing statute and the draft rules
12 and regulations at the present time limit the use of medical cannabis to Guam
13 residents. Guam is presently the only destination in the Asia-Pacific region to have
14 a legal medical cannabis program. The potential for Guam’s program to provide
15 relief to non-resident patients is a real possibility that should be addressed. In
16 addition, there is the probability of Guam developing a tourist-oriented medical
17 cannabis market that may further spur economic opportunity for our island. Visiting
18 patients who have been diagnosed as having debilitating medical conditions should
19 also be able to avail of the relief medical cannabis offers.

20 It is, therefore, the intent of *I Liheslaturan Guåhan* to adopt the marked-up
21 rules and regulations submitted by the Department of Public Health and Social
22 Services and edited through public feedback and suggestions that will strengthen the
23 implementation of the medical cannabis program. It is also the intent of *I Liheslatura*
24 to amend certain definitions contained in the Act in order to align the definitions in
25 the Rules that make it possible for the Department to execute and regulate this new
26 industry. It is further the intent to amend statute to allow visiting patients to avail of

1 the “Joaquin (KC) Concepcion II Compassionate Cannabis Use Act of 2013,”
2 subject to revision during an open and publicly noticed legislative markup.

3 **Section 2.** *I Liheslaturan Guåhan* hereby adopts the rules and regulations,
4 as substituted, and attached as Exhibit A, entitled: “Rules and Regulations
5 Governing the Joaquin (KC) Concepcion II Compassionate Cannabis Use Act of
6 2013,” hereafter “the Rules,” and such adopted rules and regulations may be changed
7 hereafter according to the Administrative Adjudication Law.

8 **Section 3.** § 122503(aa) of Article 25, Part 2, Chapter 12, Division 1, Title
9 10, Guam Code Annotated, is *amended* to read:

10 “(aa) *Qualified patient* means a person who has been diagnosed by a
11 practitioner as having a debilitating medical condition and has received a
12 written certification for the medical use of cannabis.”

13 **Section 4. Procurement of Tracking System; Interim Remedies in**
14 **Absence of.** Nothing in the Rules shall prevent any government agency or official
15 so authorized or mandated, from operating tracking system(s) manually. The full
16 implementation of the program prescribed by the Act and the Rules will not be
17 contingent on the procurement of a digital tracking system within the twenty-four
18 (24)-month period immediately succeeding the enactment of this Section.

19 **Section 5. Amendments to Other Definitions Contained in Law.** In
20 order to align the administrative policies contained in the Rules, which are meant to
21 carry out the intended purpose of the Act with the greatest degree of efficiency,
22 subsections (a), (g), (h), (o), and (t) of § 122503 (Definitions) of Article 25, Part 2,
23 Chapter 12, Division 1, Title 10, Guam Code Annotated, are hereby *amended* to
24 read:

25 “(a) *Allowable amount* means an amount of cannabis, in any form
26 approved by the Department, possessed by a qualified patient or collectively
27 possessed by a qualified patient and the qualified patient’s primary caregiver

1 to be no more than reasonably necessary to ensure the uninterrupted
2 availability of cannabis that is derived solely from an intrastate source. The
3 allowable amount *shall* consist of an amount not to exceed two and a half (2.5)
4 ounces of dried cannabis or its THC equivalency as determined by the
5 Department, purchased from a dispensary every fourteen (14) calendar days.
6 The qualified patient may request for an increased allowable amount of
7 medical cannabis, prepared medical cannabis and medical cannabis products
8 from the Department on a Department-provided form; provided, that the
9 qualified patient provides a valid reason for legitimate need supported by a
10 practitioner recommendation.

11 The allowable amount *shall* be reviewed by the Regulation
12 Commission from time to time.”

13 “(g) *Commercial cultivation facility* means a licensed medical
14 cannabis business that plants, grows, harvests, dries, cures, grades, and trims
15 medical cannabis, prepared medical cannabis and medical cannabis products
16 for qualified patients.”

17 “(h) *Commercial manufacturing facility* means a licensed medical
18 cannabis business that conducts the production, preparation, or compounding
19 of manufactured medical cannabis, as described in the Act governing these
20 Rules, or prepared medical cannabis.”

21 “(o) *Enclosed, locked location* means an area that is completely
22 enclosed by solid walls at least ten (10) feet in height, constructed of metal,
23 concrete, or stone on all sides or windows exclusive of doors and passage
24 ways and away from public view.”

25 “(t) *Lot* means the flowers from one (1) or more medical cannabis
26 plants of the same strain and from the same crop, in a quantity that weighs
27 five (5) pounds or less, or the leaves or other plant matter from one (1) or more

1 medical cannabis plants, other than full female flowers, in a quantity that
2 weights fifteen (15) pounds or less.”

3 **Section 6.** In order to align the administrative policies contained in
4 the Rules, which are meant to carry out the intended purpose of the Act with
5 the greatest degree of efficiency, subsection (4) of § 122510 (Application and
6 Licensing Process for Medical Cannabis Business) of Article 25, Part 2,
7 Chapter 12, Division 1, Title 10, Guam Code Annotated, is hereby *amended*
8 to read:

9 “(4) affirmation that the proposed medical cannabis business is
10 not within a Drug Free School Zone. *Drug Free School Zone* means
11 any area within one thousand (1,000) feet of a public or private
12 elementary, secondary, or post-secondary educational institution or its
13 accompanying grounds; or within the vehicle of any school bus which
14 transports students while in motion. A Drug Free School Zone *shall not*
15 include private real property which is not a school or the accompanying
16 grounds of a school. This definition as it appears in this subsection and
17 as it applies in this Chapter *shall not* be construed as to change or in
18 any way alter the meaning of Drug Free School Zone as it is defined
19 and prescribed in the *Drug Free School Zone Act*, Chapter 48 of Title
20 17, Guam Code Annotated.”

21 **Section 7. Severability.** If any provision of this Act or its application to
22 any person or circumstance is found to be invalid or contrary to law, such invalidity
23 *shall not* affect other provisions or applications of this Act that can be given effect
24 without the invalid provisions or application, and to this end the provisions of this
25 Act are severable.

26 **Section 8. Effective Date.** This Act *shall* become effective upon
27 enactment.

8 The Director of the Department of Public Health and Social Services is mandated, pursuant to 10
9 Guam Code Annotated (GCA), Division 1, Chapter 12 Part 2, Article 25, to promulgate rules and
10 regulations as necessary to implement the Joaquin (KC) Concepcion II Compassionate Cannabis
11 Use Act of 2013, also known as the Medical Marijuana Program. The rules and regulations include
12 the process for obtaining registry identification cards by qualified patients, primary caregivers,
13 responsible officials and designated couriers; the process for obtaining medical cannabis licenses
14 and Permits to Operate by commercial cultivation facilities, commercial manufacturing facilities,
15 medical cannabis dispensaries and medical cannabis testing laboratories; standard operating
16 procedures for inspecting licensed medical cannabis business facilities; procedures for the
17 reporting, destruction, and disposal of marijuana and marijuana products; and the required
18 standards to operate a medical cannabis testing laboratory.
19

20 The implementation of the proposed rules and regulations will not have an economic impact to the
21 public of more than Five Hundred Thousand Dollars (\$500,000) annually. As provided in § 9301(i)
22 of Title 5 GCA, Chapter 9, Article 3, an economic impact statement is not required for these
23 proposed rules and regulations. The economic impact to individuals and entities directly affected
24 by the implementation of these regulations, excluding the costs directly associated with
25 establishing the business, is estimated to be at least \$312,000. The figure is based on the following:
26

27 (a) The costs for the registry identification cards for qualified patients, primary
28 caregivers, responsible officials, and designated couriers is estimated to be
29 \$241,000 based on 3,300 eligible patients, 1,650 primary caregivers, 19 responsible
30 officials and 38 designated couriers. The estimated number of qualified patients is
31 based on a review of health insurance files for the diagnosed debilitating conditions
32 as defined by statute. The estimated number of responsible officials and designated
33 couriers is based on the number individuals who picked up applications at the
 Department.

27 (b) The costs for commercial cultivation licenses, commercial manufacturing facility
28 licenses, dispensary licenses and medical cannabis testing laboratory licenses are
29 estimated to be \$71,000. Based on the interest expressed by the public who picked
30 up applications at the Department, eight were interested in applying to be
31 cultivators, four to be manufacturers and seven to be dispensaries. There was no
32 individual or entity interested in setting up a testing laboratory.
33

1
2 (c) The operational costs for the Department to administer the program cannot be
3 determined because the cost of the tracking system is unknown. Operational costs
4 include the salaries of three full-time staff, consisting of a Program Coordinator III,
5 an administrative assistant and an inspector, to oversee the day to day operations,
6 computers, printers and printing supplies, shredder, equipment and supplies for the
7 registry identification cards, printing of forms and the purchase of an electronic
8 tracking system.
9

10 Costs associated with establishing a commercial cultivation facility, commercial manufacturing
11 facility, dispensary or a testing laboratory include installing a security system, purchasing software
12 for an electronic tracking system compatible with the Department's as well as equipment and
13 supplies. A testing laboratory is estimated to cost one million dollars due to the required
14 accreditation, certifications, equipment, reagents and supplies needed to operate a laboratory. The
15 estimates are based on current market prices. It is expected that these costs would be factored into
16 the price of the medical cannabis, prepared medical cannabis and medical cannabis products,
17 which will eventually be assumed by the qualified patient.
18

19 There will be an increase in the number of jobs as a result of the Medical Marijuana Program.
20 Medical cannabis businesses will need to hire staff to cultivate, process, manufacture and transport
21 the marijuana and marijuana products, security companies will need additional personnel to
22 provide security, information technology companies will need more workers to install computer
23 software and hardware equipment at the medical cannabis businesses, and primary caregivers will
24 be needed for qualified patients. The Department, as well as, law enforcement agencies will need
25 additional staff to help with inspections and compliance.
26

27 The revenue collected by the Department through registry identification cards, medical cannabis
28 licenses and permits will go towards maintaining the tracking system, paying for the salaries of
29 additional personnel to ensure individuals and entities comply with the law and paying for
30 equipment, supplies, and printing. The program should be able to sustain itself with the revenue
31 it receives.
32

33 The cost of living is expected to rise for qualified patients who plan to purchase medical cannabis
34 from a licensed dispensary. Medical insurance companies will not cover the cost of medical
35 cannabis. Qualified patients must pay for the medical cannabis out of pocket. It is not expected
36 to affect the cost of living of the general public.
37

38 There is an anticipated increase in the cost of power and water. Commercial cultivation and
39 manufacturing facilities and dispensaries will be needing power to run lights, ventilation systems
40 and security equipment on a 24-hour basis to protect the marijuana from theft. Commercial

1 cultivation facilities will be needing water to grow marijuana plants thus putting additional burden
2 on the water system. It is not known how much power and water will be used.

3
4 There will an increased demand in the real estate market. Medical cannabis businesses will be
5 looking to rent or purchase property around the island especially those away from schools and
6 residential areas.

7
8 The Department of Revenue and Taxation will generate income due to the increase in business
9 licenses and Gross Receipt Taxes from the various medical cannabis businesses.

10
11 The implementation of these regulations is anticipated to have an overall beneficial economic
12 impact with increased revenue for the government of Guam in the form of fees and taxes and
13 increased job opportunities for the people of Guam. There will also be negative effects due to the
14 implementation of the program in terms of an increase in crime due to theft and robberies and
15 driving under the influence of drugs.

16
17 The most important result of the implementation of the program is that qualified patients will now
18 have an alternative to alleviate symptoms caused by medical conditions and their medical
19 treatment besides the use of traditional medicine which may or may not be effective and costly.

1 **§10001. Purpose.**

2 These rules and regulations are to establish specific standards and procedures to allow the
3 beneficial use of medical cannabis to alleviate symptoms caused by debilitating medical conditions
4 and their medical treatments in a safe and legal manner for qualified patients.

5 **§10002. Authority.**

6 The Director of the Department of Public Health and Social Services is authorized to adopt
7 rules and regulations to carry out the provisions of the Act pursuant to 10 GCA, Chapter 3, §3106.

8 **§10003. Definitions.**

9 As used in these rules and regulations, the followi “Act” means the Joaquin (KC)
10 Concepcion II Compassionate Cannabis Use Act of 2013.

11 (a) “*Allowable amount*” means an amount of cannabis, in any form approved by the

9 **§10100. ARTICLE 1. QUALIFIED PATIENTS AND PRIMARY CAREGIVERS.**

10 **§10101. Application Process for a Registry Identification Card.**

11 (a) A qualified patient or primary caregiver submitting an application for a new or
12 renewal registry identification card shall submit in person a complete and accurate
13 application in a form prescribed by the Department.

14 (b) The Department shall process an application prior to issuing a registry
15 identification card to assure that the application is complete and the information provided
16 has been verified.

17 (c) The Department shall approve or deny an application within thirty (30) calendar
18 days of receipt.

19 (d) The Department shall verify information on each application and accompanying
20 documentation, including:

21 (1) Contacting each applicant by telephone, e-mail, facsimile, or by mail. If
22 proof of identity is uncertain, the Department may require a face-to-face meeting and proof
23 of verification of identity;

1 (2) Contacting a minor qualified patient's parent, legal guardian or custodian;
2 (3) Contacting the Department's Health Professional Licensing Office to verify
3 that an attending practitioner is licensed to practice in Guam and is in good standing;

4 (4) Contacting the Department's Division of Environmental Health to verify
5 that an attending practitioner has a valid Guam Controlled Substance Registration.

6 (e) Contacting the attending practitioner of the qualified patient to request further
7 documentation to support a finding that the practitioner is the qualified patient's attending
8 practitioner.

9 (f) The Department may, in its discretion, prior to acting on an application:

10 (1) Contact the applicant and request additional documentation or information;
11 and

12 (2) Verify any information submitted by the applicant;

13 (g) Prior to making a decision whether to approve or deny an application, the
14 Department must ensure that the criminal background check on the primary caregiver has been
15 completed and review the results.

16 (h) If an applicant wishes to challenge the accuracy or completeness of information
17 provided in the background check by those agencies reporting the information, those challenges
18 must be made through the reporting agency and not through the Department.

19 (i) Possession of or application for a registry identification card shall not constitute
20 probable cause or give rise to reasonable suspicion for a governmental agency to search the person
21 or property of the person possessing or applying for the card.

22 **§10102. Denial of an Application for a Registry Identification Card.**

23 (a) The Department may deny an application if:

1 (1) The applicant does not provide all the information required and the
2 application is considered incomplete; or

3 (2) The application or supporting documents are determined by the Director to
4 have been falsified.

5 (b) If the application is denied, the Department shall provide a written notification to
6 the applicant of the reason for denial of the application within forty-eight (48) hours.

7 (c) A person whose application has been denied and given notice of the reason for
8 denial shall have ten (10) business days to appeal or comply.

9 (d) The person whose application was denied, can file an appeal with the Director. If
10 the denial is upheld, the applicant has ten (10) business days to comply.

11 (e) If the person does not come into compliance, the person shall not reapply for six
12 (6) months from the date of the denial unless otherwise authorized by the Department, pursuant to
13 Title 10 GCA, Division 1, Chapter 12 Part 2, Article 25, §122507 (e).

14 **§10103. Approval of an Application for a Registry Identification Card.**

15 (a) If the application is approved, the Department shall issue in person a registry
16 identification card within five (5) business days of approving an application and the card shall
17 expire one (1) year after the date of issuance.

18 (b) The registry identification card for a qualified patient and primary caregiver shall
19 contain:

20 (1) The identification number;

21 (1) Full name, Guam home and mailing addresses, and date of birth of the
22 qualified patient;

1 (2) Full name, Guam home and mailing addresses and date of birth of the
2 primary caregiver, if any;

3 (3) Date of issuance and expiration date of the registry identification card; and

4 (4) Registry identification type.

5 **§10104. Written Certification.**

6 A written certification, as defined in §10003 (qqq), from a Guam licensed practitioner, on
7 a form prescribed by the Department, is required in order for a qualified patient or a primary
8 caregiver to obtain medical cannabis, prepared medical cannabis and medical cannabis products
9 from a licensed medical cannabis dispensary. The Legislature intended for medical cannabis
10 options to displace opiate-based prescription drugs that have created heroin epidemics throughout
11 the country. In an effort to prevent such an epidemic from taking hold in Guam, the Department
12 also intends to help foster a responsible dialogue between medical cannabis patients and their
13 doctors, in order to:

- 14 1. Become educated on medical cannabis as a therapy, what risks are associated with such
15 use, whether that risk outweighs the patient's need for that therapy, and what admittedly is
16 unknown at this time;
- 17 2. Ensure patients are informed of the treatments available to them and for which their doctors
18 may prescribe and recommend; and
- 19 3. Encourage practitioners to pay attention to the total body of prescribed and recommended
20 drugs and therapies, thereby catching abuse of opiate prescriptions and placing their
21 patients on a path of recovery before the addiction takes control.
- 22

1 ~~In light of the lack of American Medical Association guidelines for the proper recommendation of~~
2 ~~cannabis as a recognized therapy, before a practitioner may consider a recommendation, he must~~
3 ~~have on file a signed document outlining guidelines for which they will act in accordance with the~~
4 ~~best interest of the patient. These guidelines must include, but are not limited to:~~

- 5 ~~- The assurance to patients that the practitioner considers marijuana therapy only if expected~~
6 ~~benefits for pain, activities of daily living and function are anticipated to outweigh risks to~~
7 ~~the patient. The practitioner also must consider non pharmacy therapy, as appropriate, such~~
8 ~~as physical therapy.~~
- 9 ~~- Before starting marijuana therapy for chronic conditions, practitioners should establish and~~
10 ~~inform patients about treatment goals s, including realistic goals for pain and function, and~~
11 ~~should consider how marijuana therapy will be discontinued if benefits do not outweigh risks.~~
12 ~~Practitioners should continue marijuana therapy only if there is clinically meaningful~~
13 ~~improvement in pain and function that outweighs risks to patient safety.~~
- 14 ~~- Before starting and periodically during marijuana therapy, practitioners should discuss with~~
15 ~~patients known risks and realistic benefits of marijuana therapy and patient and clinician~~
16 ~~responsibilities for managing therapy.~~
- 17 ~~- Practitioners must review, within the limitations provided in federal and local law, the~~
18 ~~qualified patient's history of controlled substance prescriptions using the Guam Public Health~~
19 ~~and Human Services prescription drug monitoring program data to determine whether the~~
20 ~~patient is receiving other controlled medications or dangerous combinations that put the~~
21 ~~patient at high risk for overdose or dependence, or that signal abuse of pain medication and~~
22 ~~therapy.~~

1 - ~~As public policy in light of the threat of a heroin epidemic, against which this act is partially~~
2 ~~purposed, the Territory insists and asks practitioners to avoid recommending marijuana,~~
3 ~~prescribing opioid pain medication and benzodiazepines concurrently.~~

4 (a) The practitioner:

5 (1) Will transmit the written certification to the Department via fax, secure
6 email, ~~or~~ courier, or if he has access, to the tracking system provided by the Department,
7 within twenty-four (24) hours after certifying the qualified patient;

8 (2) Shall keep a copy of the written certification on file and provide it upon
9 request by the Department or authorized law enforcement

10 (3) Shall explain the potential risks and benefits of the medical use of cannabis
11 to the qualified patient, and to a parent, guardian or custodian of a minor qualified patient;

12 (b) The qualified patient:

13 (1) If the qualified patient is an adult, shall validate the practitioner's written
14 certification in person and submit a copy of the written certification in person to the
15 Department along with a verification of identification, as defined in §10003 (nnn);

16 (2) If the qualified patient is a minor, then the minor qualified patient's parent,
17 legal guardian or custodian shall validate the practitioner's written certification in person
18 and submit a copy of the written certification in person to the Department;

19 (3) Shall have the Department authenticate the written certification by having
20 the Department affix the Department's seal on it and pay the applicable fee in §10004; and

21 (4) Shall carry the valid written certification at all times in order to use or
22 possess medical cannabis, prepared medical cannabis or medical cannabis products.

1 (c) The parent, legal guardian or custodian of the minor qualified patient shall carry
2 the minor qualified patient's valid written certification at all times in order to possess medical
3 cannabis, prepared medical cannabis or medical cannabis products.

4 (d) The written certification issued by the Department is not valid outside Guam.

5 **§10105. Primary Caregiver Registration.**

6 (a) The qualified patient's primary caregiver shall need to register in person with the
7 Department prior to submitting an application for a registry identification card. The
8 primary caregiver shall register on a form prescribed by the Department which includes:

9 (1) The primary caregiver's:

10 (A) First name; middle name, if applicable; last name; and suffix, if
11 applicable;

12 (B) Guam home address;

13 (C) Guam mailing address;

14 (D) Email address; and

15 (E) Date of birth.

16 (2) The qualified patient's:

17 (A) First name; middle name, if applicable; last name; and suffix, if
18 applicable;

19 (B) Guam home address;

20 (C) Guam mailing address;

21 (D) Email address;

22 (E) Date of birth; and

1 (F) Valid written certification.

2 (3) Except in cases where the primary caregiver also is a qualified patient either
3 a statement that the primary caregiver does not currently hold a valid registry identification
4 card or submits the assigned registry identification number for each valid registration
5 identification card currently held by the primary caregiver;

6
7 (4) Agrees to assist the qualified patient with the medical use of cannabis; and
8 pledges not to divert marijuana to any individual or entity that is not allowed to possess
9 marijuana pursuant to the Act or these rules and regulations;

10 (b) A primary caregiver may register with up to five (5) qualified patients. Violation
11 of this is punishable by a civil fine of five thousand dollars (\$5,000), pursuant to Title 10 GCA,
12 Division 1, Chapter 12 Part 2, Article 25, §122526 (c) (1).

13 (c) The primary caregiver's registration will be valid for one (1) year from date of
14 issuance.

15 **§10106. Applying for a Registry Identification Card by an Adult Qualified Patient.**

16 (a) **To apply for a registry identification card, a qualified patient who is eighteen**
17 **(18) years of age or older, shall submit in person to the Department the following:**

18 (1) An application in a form prescribed by the Department that includes:

19 (A) The qualified patient's:

20 (i) First name; middle name, if applicable; last name; and
21 suffix, if applicable;

22 (ii) Guam home address;

23 (iii) Guam mailing address;

- 1 (iv) Email address; and
- 2 (v) Date of birth;
- 3 (B) Qualified patient's practitioner's:
- 4 (i) Full name;
- 5 (ii) Guam business address;
- 6 (iii) Email address; and
- 7 (iv) Telephone number;
- 8 (C) If the qualified patient has a primary caregiver, then the primary
- 9 caregiver's:
- 10 (i) First name; middle name, if applicable; last name; and
- 11 suffix, if applicable;
- 12 (ii) Guam home address;
- 13 (iii) Guam mailing address;
- 14 (iv) Email address;
- 15 (v) Date of birth; and
- 16 (vi) Police and court clearances.
- 17 (D) A declaration signed by the qualified patient pledging not to divert
- 18 marijuana to any individual who or entity that is not allowed to possess marijuana
- 19 pursuant to the Act and these rules and regulations;
- 20 (E) A declaration by the qualified patient that the information provided
- 21 in the application is true and correct; and
- 22 (F) The signature of the qualified patient and date the qualified patient
- 23 signed.

1 (2) A written certification, as defined in §10003 (qqq), from a licensed Guam
2 practitioner on a form prescribed by the Department.

3 ~~(3) Proof of Guam residency, as defined in §10003 (kk), that the qualified~~
4 ~~patient has been living in Guam continuously for at least six (6) months prior to the~~
5 ~~submission of the registry identification card application;~~

6 (4) Verification of identity, as defined in §10003 (nnn), of the qualified patient;

7 (5) A current photograph, as defined in §10003 (r), of the qualified patient, and

8 (6) The applicable fees in §10004.

9
10 (b) A qualified patient shall have only one (1) primary caregiver at any given time.

11 Violation of this provision is subject to a fine of two hundred fifty dollars (\$250) for each
12 individual violation, pursuant to Title 10 GCA, Division 1, Chapter 12 Part 2, Article 25, §122526

13 (c) (3).

14 (c) The Department shall not issue a primary caregiver's registry identification card
15 before the Department issues the primary caregiver's qualified patient's registry identification
16 card.

17 **§10107. Applying for a Registry Identification Card for a Minor Qualified Patient.**

18 (a) Every qualified patient who is under eighteen (18) years of age must have a primary

11 (6) The applicable fee in §10004; and

12 (7) Any applicable late fee as prescribed in §10004.

13 (c) The Department shall approve or deny the renewal within ten (10) business days of
14 receipt and shall follow the time frames described in §10102 and §10103.

15 (d) The expiration date of the replacement registry identification card shall be the same
16 expiration date as the original registry identification card.

17 **§10117. Expiration of a Registry Identification Card.**

18 (a) A registry identification card issued to a qualified patient or primary caregiver is
19 valid for one year from the date of issuance.

20 (b) The registry identification card of the qualified patient and the qualified patient's
21 primary caregiver shall have the same expiration date. The expiration date will be based
22 on the qualified patient's registry identification card.

1 (c) If the Department issues a registry identification card to a qualified patient or
2 primary caregiver based on a request for a replacement registry identification card or an
3 application to change or amend a registry identification card; the replacement, changed, or
4 amended registry identification card shall have the same expiration date as the original
5 registry identification card being replaced, changed, or amended.

6 **§10118. Voiding or invalidating a Registry Identification Card.**

7 (a) The Department may void the registry identification card within twenty-four (24)
8 hours of a:

9 (1) Qualified patient when the Department receives written notice from:

10 (A) The qualified patient that the qualified patient no longer has a
11 debilitating medical condition;

12 (B) The qualified patient reported the card being lost, stolen or

1 forth in this Act are completed in full by the applicant, pursuant to 10 GCA, Division 1, Chapter
2 12 Part 2, Article 25, §122510 (f).

3 (c) Responsible officials, board members, business stakeholders, principals, or entities
4 of a medical cannabis testing laboratory are prohibited from owning or having any financial stake
5 in any commercial cultivation facility, commercial manufacturing facility, dispensary, medical
6 establishment that recommend the use of medical cannabis, or another medical cannabis testing
7 laboratory, pursuant to 10 GCA, Division 1, Chapter 12 Part 2, Article 25, §122510 (g).

8 (d) Commercial cultivation facilities shall only be located in the following zones:
9 Agriculture Zone (A), Commercial Zone (C), Light Industrial Zone (M1), or Heavy Industrial
10 Zone (M2).

11 (e) Commercial manufacturing facilities and dispensaries shall only be located in the
12 following zones: Commercial Zone (C), Light Industrial Zone (M1) and Heavy Industrial Zone
13 (M2).

14 (f) The medical cannabis business must meet all applicable local and federal laws and
15 requirements for their respective zones.

16 (g) The Department highly recommends that medical cannabis businesses obtain
17 certification from the Americans for Safe Access or similar organization to ensure legal
18 compliance and product safety:

- 19 (1) Cultivation Certification for commercial cultivation businesses;
- 20 (2) Manufacturing, Packaging, Labeling and Holding Certification for
21 commercial manufacturing businesses;
- 22 (3) Distribution Certification for dispensaries; and
- 23 (4) Laboratory Testing Certification for medical cannabis testing laboratories.

1 **§10209. Application Process for a Medical Cannabis License.**

2 (a) The responsible official of a commercial cultivation facility, commercial
3 manufacturing facility, dispensary, or a medical cannabis testing laboratory shall submit in person
4 an application for the appropriate medical cannabis license in §10207, in a form approved by the
5 Department, with the required declarations and documents in §10210 and the appropriate
6 application fees in §10004.

7 (b) The Department shall verify the information contained in the application and shall
8 approve or deny an application within thirty (30) calendar days of receipt.

9 (c) The Department shall deny an application if:

10 (1) The responsible official did not provide all the required information; or

11 (2) The Department determines that the information provided is false.

12 (d) The Department shall provide written notification to the responsible official of an
13 incomplete application within seven (7) business days of the Department's determination and
14 specify where the application is incomplete.

15 (e) The responsible official shall be given fourteen (14) business days to complete and
16 resubmit the application.

17 (f) The Department shall reject any application that does not comply with this Act.

18 (g) The Department shall provide the responsible official with a written notification
19 within seven (7) business days of rejection and specify the reason for rejection.

20 (h) The responsible official whose application was rejected, can file an appeal with the
21 Director within ten (10) business days.

1 (i) The medical cannabis business, whom the responsible official was representing and
2 whose application was rejected, shall not reapply for six (6) months from the date of the rejection
3 unless otherwise authorized by the Department.

4 (j) The Department shall issue a license within five (5) business days of approving the
5 application. The application will be approved if the application is complete and in accordance
6 with the Act.

7 (k) The medical cannabis license is valid for one (1) year from date of issuance.

8 (l) A responsible official who wishes to register more than one medical cannabis
9 business, as allowed in §10208, must submit a separate application for each medical cannabis
10 business, all applicable registration fees, and all required documentation described in these rules
11 and regulations for each medical cannabis business.

12 (1) Although an individual or an entity is allowed to own a commercial
13 cultivation facility, a commercial manufacturing facility and a dispensary at the same time, the
14 facilities shall be maintained in distinctly separate premises, including but not limited to, separate
15 sales and storage areas, separate entrances and exits, separate inventories, separate point-of-sale
16 operations and separate record keeping.

17 (m) An application fee that is submitted with a medical cannabis license application
18 that is later withdrawn is not refunded.

19 (n) Medical cannabis licenses are non-transferable.

20 **§10210. Applying for a Medical Cannabis License.**

1 (5) Clearances from the appropriate agencies to ensure that all applicable
2 building, and zoning, agricultural, water, wastewater, air quality, safety, and protection of
3 endangered species laws and regulations are followed as well as the Department's Division
4 of Environmental Health, if the medical cannabis business is planning to prepare, package,
5 store, sell, distribute or dispense cannabis-infused edible food products. Those employees
6 of the Department so designated to guide applicants through the application process will
7 determine, after considering the scope of the business being proposed for permitting, which
8 agencies from the list below must clear the permit application prior to approval by the
9 Department. Clearances may only be indicated by the signature, whether written or
10 electronic, of the director of said agency, or a designee of the director, who is an employee
11 of said agency; provided, however, that no director or designee may determine clearance
12 for a business in which said director or designee has a conflict of interest, where a
13 reasonable person may suspect that such a conflict may result in the financial favor of the
14 person clearing the application. In such a case, the director must designate another
15 employee of the agency who does not have such a conflict, or if the conflicted party is the
16 director himself, then the governor shall choose an acting director for the purposes of this
17 section. Agencies include:

18 (A) Department of Public Works for compliance with the building code,
19 solid waste requirements, signage laws, and where applicable upon real property
20 owned by fee simple or leasehold by the applicant and for which any improvements
21 will be made for the purpose of this business;

22 (B) Guam Environmental Protection Agency for compliance with
23 runoff, sanitation, waste disposal, and air quality regulations;

1 (C) Guam Fire Department for compliance with fire safety code
2 provisions that apply;

3 ~~(D) If applicable, Department of Agriculture; and~~

4 (E) The Department's Division of Environmental Health for compliance
5 with all regulatory codes with which the proposed business must comply;

6 (F) Guam Waterworks Authority for compliance with water and
7 wastewater requirements;

8 (G) Department of Revenue and Taxation for compliance with the
9 Business Privilege Tax law, payment of all applicable taxes, or the approval of a
10 payment plan for recovery of delinquent taxes, or existence of a challenge to each
11 claim by the Department of Revenue and Taxation that taxes are delinquent;

12 (H) Whenever improvements will be made to real property to be used
13 for such business, Department of Agriculture shall determine whether mitigation
14 will be required in the interest of endangered species.

15 (6) A declaration signed and dated by the responsible official certifying that the
16 medical cannabis facility is in compliance with local zoning restrictions as described in
17 §10208 (c) and (d); and

18 (7) The applicable fee in §10004.

19 (b) The Department shall conduct an inspection within thirty (30) calendar days of
20 receipt of the application for Permit to Operate. The Department will inspect, but not limited to
21 the medical cannabis business':

22 (1) Security system, including the video surveillance system and alarm system
23 as required in §10223;

24 (2) Labeling and packaging procedures that comply with §10229.

1 (3) Required policies and procedures as described in these rules and
2 regulations; and

3 (4) Electronic data management system in accordance with these rules and
4 regulations.

5 (c) The Department shall provide a written notification of failure to pass inspection to
6 the responsible official of the medical cannabis business within two (2) business days of the
7 Department's determination of failure to pass and specify the areas of concern.

8 (d) If the medical cannabis business fails the inspection, the responsible official shall
9 notify the Department when the medical cannabis business is ready for another inspection.

10 (e) Once approved, the Department shall issue the Permit to Operate to the medical
11 cannabis business within five (5) business days.

12 (f) The responsible official shall pick up the Permit to Operate in person at the
13 Department after paying all applicable fees in §10004.

14 (g) The Permit to Operate must be displayed in a conspicuous place inside the licensed
15 medical cannabis business.

16 **§10213. Operation Standards for Cultivators.**

17 (a) A commercial cultivation facility will comply with all local, health, fire, and zoning
18 requirements and other applicable requirements and shall not be in violation of Guam's
19 building and zoning laws or any other applicable law, rule or regulation.

6 height of the wall, fence or gate is measured from the base of the wall, fence or gate to its
7 highest point that *completely obstructs* the view of the cannabis plant.

8 (e) The commercial cultivator must prevent marijuana seeds from spreading outside
9 the licensed cultivation site.

10 (f) If a commercial cultivation business is planning to use *supplemental gases* to
11 cultivate marijuana, the facility must be equipped with working carbon monoxide
12 detectors.

13 (g) A sample of each lot of every medical cannabis crop produced by a commercial
14 cultivation facility shall be laboratory-tested for potency and safety by a medical cannabis testing
15 laboratory, licensed by the Department, before distribution to a licensed commercial
16 manufacturing facility or licensed dispensary that are licensed by the Department.

17 **§10214. Operation Standards for Manufacturers.**

18 A commercial manufacturing business:

19 (a) Will comply with all local, health, fire, and zoning requirements and other
20 applicable requirements and shall not be in violation of Guam's building and zoning laws or any
21 other applicable law, rule or regulation;

1 (b) That prepares, package, store, sell, or distribute cannabis-infused edible food
2 products shall comply with Title 10 GCA, Chapters 21, 22, 23, 24, and 40 and applicable rules and
3 regulations, to ensure proper food safety;

4 (c) A sample of each batch of each prepared medical cannabis or medical cannabis
5 product produced by a commercial manufacturing facility, licensed by the Department, shall be
6 laboratory-tested for potency and safety by a medical cannabis testing laboratory, licensed by the
7 Department, before distribution to a dispensary, licensed by the Department.

8 (d) Is prohibited from using butane for any extraction method for medical marijuana

16 (h) Shall be accessible to authorized employees, and authorized agents of the
17 Department and law enforcement agency;

18 (i) Shall maintain a twenty-four (24) hour security system pursuant to §10223;

19 (j) Shall establish and maintain a written policy and procedure that includes but is not
20 limited to:

21 (1) Safe and appropriate uses of manufacturing equipment;

22 (2) Safe and appropriate storage of materials used to produce prepared medical
23 cannabis and medical cannabis products;

1 (3) Effective training and monitoring of employees who participate in the
2 production of prepared medical cannabis and medical cannabis products.

3 (4) Safe and appropriate storage and disposal or destruction of prepared
4 medical cannabis and medical cannabis products at stages of production and sale.

5 **§10215. Operation Standards for Dispensaries.**

6 (a) A dispensary shall comply with all local, health, fire, and zoning requirements and
7 other applicable requirements and shall not be in violation of Guam's building and zoning
8 laws or any other applicable law, rule or regulation.

9 (b) A dispensary that stores, sells, distributes or dispenses cannabis-infused edible food
10 products shall comply with Title 10 GCA, Chapters 21, 22, 23, 24, and 40 and applicable
11 rules and regulations, to ensure proper food safety.

12 (c) Only the responsible official and authorized employees of the dispensary shall be
13 permitted to touch or handle any medical cannabis, prepared medical cannabis or medical
14 cannabis product.

15 (d) No licensed dispensary, including the dispensary's officers, employees, agents or

10 medical cannabis, prepared medical cannabis or medical cannabis products;

11 (9) May dispense to a qualified patient or primary caregiver any combination
12 of medical cannabis, prepared medical cannabis or medical cannabis product that shall not
13 exceed the allowable amount as defined in §10003 (b);

14 (g) A dispensary shall establish and maintain a record for each qualified patient who
15 obtains medical cannabis, prepared medical cannabis or medical cannabis products from the
16 dispensary with the following information:

17 (1) Qualified patient's:

18 (A) Name;

19 (B) Home and mailing addresses;

20 (C) Date of birth;

21 (D) Copy of written certification with expiration date;

22 (E) Name of practitioner who gave written certification;

23 (F) If applicable, registry identification card number.

- 1 (2) If applicable, primary caregiver's:
- 2 (A) Name
- 3 (B) Home and mailing addresses;
- 4 (C) Date of birth;
- 5 (D) Registry identification card number with expiration date;
- 6 (3) The amount of medical cannabis, prepared medical cannabis or medical
- 7 cannabis product dispensed including the date and time it was dispensed;
- 8 (4) Document whether the medical cannabis, prepared medical cannabis or
- 9 medical cannabis product was dispensed to the qualified patient or to the qualified patient's
- 10 primary caregiver;
- 11 (5) The name of the dispensary agent who sold the medical cannabis, prepared
- 12 medical cannabis or medical cannabis product and recorded the entry;
- 13 (6) Documentation of any patient education and support materials provided to
- 14 the qualified patient or the qualified patient's primary caregiver, including the description
- 15 of the materials and the date the materials were provided;
- 16 (7) Documentation for each time a qualified patient or qualified patient's
- 17 primary caregiver requests and does not obtain medical cannabis, prepared medical
- 18 cannabis or medical cannabis product from the dispensary:
- 19 (A) Date;
- 20 (A) The name and registry identification card number (if applicable) of
- 21 the individual who requested for the medical cannabis, prepared medical cannabis
- 22 or medical cannabis product;

1 (B) The dispensary's reason for refusing to provide the medical
2 cannabis, prepared medical cannabis or medical cannabis product; and

3 (C) The name of the dispensary agent who refused to provide the
4 medical cannabis, prepared medical cannabis or medical cannabis product.

5 (h) The dispensary shall ensure that:

6 (1) There are safeguards to prevent unauthorized access to medical cannabis,
7 prepared medical cannabis or medical cannabis products.

8 (2) There are safeguards to prevent unauthorized access to qualified patient
9 records.

10 (3) The date and time of an entry in a qualified patient's record is recorded
11 electronically by an internal clock; and

12 (4) The qualified patient records are backed up and recoverable.

13 **§10216. Medical Cannabis Testing Laboratory Certification.**

14 (a) All medical cannabis, prepared medical cannabis and medical cannabis products on
15 Guam shall be tested for potency and safety by a medical cannabis testing laboratory licensed by
16 the Department before they can be sold to a qualified patient or a qualified patient's primary
17 caregiver.

18 (b) A commercial cultivation business, commercial manufacturing business and a
19 dispensary shall not sell or dispense medical cannabis, prepared medical cannabis and medical
20 cannabis products unless it has been tested for potency and safety by a medical cannabis testing
21 laboratory licensed by the Department and meet the requirements set out in §10217.

1 (c) A medical cannabis testing laboratory shall be completely independent from all
2 other licensed medical cannabis businesses that cultivate, manufacture or dispense medical
3 cannabis, prepared medical cannabis and medical cannabis products.

4 (d) A medical cannabis testing laboratory shall not handle, test or analyze medical
5 cannabis, prepared medical cannabis and medical cannabis products unless it is ISO 17025
6 accredited or certified by the Americans for Safe Access (ASA) Patient Focused Certification
7 Program for testing laboratories or similar program approved by the Department pursuant to 10
8 GCA, Division 1, Chapter 12 Part 2, Article 25, §122528 (d).

9 (e) A medical cannabis testing laboratory must be ISO 17025 accredited or certified by
10 the Americans for Safe Access (ASA) Patient Focused Certification Program for testing
11 laboratories or similar program approved by the Department in order to obtain and maintain a
12 Permit to Operate. Violation to this regulation may result in the revocation of the facility's medical
13 cannabis testing laboratory license.

14 (f) Responsible officials, board members, business stakeholders, principals, or entities
15 of a medical cannabis testing laboratory are prohibited from owning or having any financial stake
16 in any commercial cultivation facility, commercial manufacturing facility, dispensary, and medical
17 establishment that recommend the use of medical cannabis, or any other medical cannabis testing
18 laboratory.

19 **§10217. Medical Cannabis Testing Laboratory Standards and Testing Protocols.**

20 (a) The medical cannabis testing laboratory shall select a random sample, not to exceed
21 10 grams per lot, from each lot of medical cannabis at the cultivation site and from each batch of
22 prepared medical cannabis and medical cannabis product at the commercial manufacturing facility

1 or dispensary in order to test them for potency and safety.

2

3 (b) The method by which samples are selected and collected shall be prescribed by
4 standards of methodology adopted by the Department, prescribed to every medical cannabis testing
5 laboratory, and applied by every such laboratory uniformly. The Department shall inform the
6 public via news release and shall further inform all interested parties through any publications it
7 may disseminate about the laboratories, the name of the sampling protocol selected, such selection
8 to be made prior to the acceptance of any application for Permit to Operate a medical cannabis
9 testing _____ laboratory.

10

11 (b) The Department will give the medical cannabis business twenty-four (24) hour
12 written notice of when authorized agents from the medical cannabis testing laboratory plan to go
13 to the medical cannabis facility to obtain samples of medical cannabis, prepared medical cannabis
14 and medical cannabis products for testing.

15 (c) The medical cannabis business where the lot or batch came from shall maintain in
16 a secure tamper-proof manner a similar sample from the same lot or batch, for verification testing
17 as directed by the Department.

18 (d) The medical cannabis testing laboratory shall test and analyze the samples
19 according to standard operating procedures prepared by the medical cannabis testing laboratory
20 based on validated methods published in peer reviewed scientific or regulatory literature.

21 (e) The medical cannabis testing laboratory shall issue to the medical cannabis business
22 and the Department a *certificate of analysis* for each lot of medical cannabis or batch of prepared

1 medical cannabis or medical cannabis product tested for potency and safety for that medical
2 cannabis business. The certificate of analysis shall include the following:

3 (1) The chemical profile of the batch for the following compounds:

4 (A) Delta-9-tetrahydrocannabinol (THC)

5 (B) Tetrahydrocannabinol Acid (THCA)

6 (C) Cannabidiol (CBD)

7 (D) Cannabidiolic Acid (CBDA)

8 (E) Cannabigerol (CBG)

9 (F) Cannabinol (CBN)

10 (2) The presence of the following contaminants, which shall not exceed the
11 following levels:

12 (A) Heavy metals:

13 (i) Arsenic: 10.0 ppm

14 (ii) Lead: 6.0 ppm

15 (iii) Cadmium: 4.0 ppm

16 (iv) Mercury: 2.0 ppm

17
18 (B) Pesticides: Thresholds for each of the pesticides named in
19 §10210(f)(7)(F) to be determined by the Department from time to time

20 (C) Solvents:

21 ~~(i) Butanes: 800 ppm~~

22 (i) Heptanes: 500 ppm

23 (ii) *Benzene: 1 ppm

- 1 (iii) *Toluene: 1 ppm
- 2 (iv) *Hexane: 10 ppm
- 3 (v) Total Xylenes (m, o, p-xylene): 1 ppm
- 4 *Contaminants in solvents
- 5 (D) Any visible foreign or extraneous material, that is not intended to be
- 6 part of the product being produced, including but not limited to mold, hair, insects,
- 7 metal, or plastic;
- 8 (E) Moisture content of plant material: <15%
- 9 (F) Microbiological impurities, including but not limited to:
- 10 (i) Total Viable Aerobic Bacteria:
- 11 (aa) Unprocessed and Processed Materials:
- 12 10^5 Colony Forming Units (CFU)/g
- 13 (bb) CO₂ and Solvent Based Extracts: 10^4 CFU/g
- 14 (ii) Total Yeast and Mold:
- 15 (aa) Unprocessed and Processed Materials: 10^4 CFU/g
- 16 (bb) CO₂ and Solvent Based Extracts: 10^3 CFU/g
- 17 (iii) Total Coliforms:
- 18 (aa) Unprocessed and Processed Materials: 10^3 CFU/g
- 19 (bb) CO₂ and Solvent Based Extracts: 10^2 CFU/g
- 20 (iv) Bile-tolerant Gram-Negative Bacteria:
- 21 (aa) Unprocessed and Processed Materials: 10^3 CFU/g
- 22 (bb) CO₂ and Solvent Based Extracts: 10^2 CFU/g
- 23 (v) E. Coli (pathogenic strains) and Salmonella spp:

1 Not detected in one (1) gram

2 (vi) *Aspergillus fumigatus*, *Aspergillus flavus*, *Aspergillus niger*:
3 < 1 CFU/g

4 (vii) Mycotoxins: < 20 µg (micrograms) of any mycotoxin per
5 kilogram of material.

6 (3) Additional testing requested at the discretion of the Department.

7 (g) If the laboratory testing results indicate unacceptable amounts of contaminants in a
8 medical cannabis, prepared medical cannabis and medical cannabis product, the medical cannabis
9 testing laboratory shall provide a written notification to the Department and the responsible official
10 of the medical cannabis business from which the sample originated within twenty-four (24) hours.

11 (h) May retest or reanalyze the sample or a different sample from the same batch by
12 following its standard operating procedure to confirm or refute the original result, upon request by
13 the medical cannabis business from which the sample originated or upon request by the
14 Department at the expense of the medical cannabis business from which the sample originated. A
15 lot of medical cannabis or batch of prepared medical cannabis or medical cannabis product shall
16 only be tested for potency and safety at the most three (3) times.

17 (i) Shall return, to the medical cannabis business from which the sample originated, or
18 destroy in a manner approved by the Department any samples or portions of samples of the medical
19 cannabis, prepared medical cannabis and medical cannabis product that remain after testing and
20 analysis are completed.

21 (j) Shall create, and maintain for a period of at least five (5) years, records of testing it
22 conducts on medical cannabis, prepared medical cannabis and medical cannabis products,
23 including but not limited to:

- 1 (1) The time and date the sample was obtained.
- 2 (2) A description of the sample, including the amount;
- 3 (3) What tests were conducted on each sample;
- 4 (4) The results of the tests including the certificate of analysis; and
- 5 (5) Evidence of the time, date, and method of disposal or destruction of a
- 6 sample after testing is completed, and the amount of the sample disposed of or destroyed,
- 7 or the time and date a sample was returned to a dispensary with a description including the
- 8 amount;

9 (k) The testing laboratory shall issue written reports of the full analysis and results for
10 potency and safety of all cannabis-infused products and medicines from the tested batch of
11 cannabis to the licensed medical cannabis business that requested the test and to the Department.

12 (l) Written reports of the full analysis and results for potency and safety of all
13 cannabis-infused products from the tested batch of medical cannabis, prepared medical cannabis
14 and medical cannabis products shall be made available to the public by request to the Department.

15 **§10218. Laboratory Testing Protocols for Cultivators, Manufacturers and**
16 **Dispensaries.**

17 (a) The commercial cultivation business must sort medical cannabis into identical lots
18 according to the cannabis crop and the commercial manufacturing business must sort the
19 prepared medical cannabis and medical cannabis products into identical batches prior to
20 testing. The medical cannabis testing laboratory will take two samples in an amount
21 equivalent to perform three (3) tests from each lot or batch. One (1) sample is for testing
22 and one (1) sample shall be set aside in a secure tamper-proof manner for verification
23 testing as directed by the Department.

1 (b) A medical cannabis business shall ensure that each sample of medical cannabis,
2 prepared medical cannabis and medical cannabis products are tested for potency and safety
3 and analyzed for each of the items set out in §10217 (d).

4 (c) The level of contaminants in medical cannabis, prepared medical cannabis and
5 medical cannabis products, shall not exceed the standards provided in §10217 (f) and if
6 any of the standards are exceeded, the medical cannabis business shall not sell or dispense
7 any portion of the medical cannabis, prepared medical cannabis and medical cannabis
8 products that does not conform to the standards and shall be subject to disposal or
9 destruction as specified in §10234.

10 (d) Once the responsible official of a medical cannabis business is given written
11 notification by the medical cannabis testing lab that test results indicate unacceptable
12 amounts of contaminants in their sample of medical cannabis, prepared medical cannabis
13 or medical cannabis products, the responsible official of the medical cannabis business
14 shall immediately quarantine the non-conforming medical cannabis, prepared medical
15 cannabis or medical cannabis products.

16 (e) The medical cannabis business may request for a retest of the same lot or batch of
17 non-conforming medical cannabis, prepared medical cannabis or medical cannabis product
18 within three (3) business days of notification from a medical cannabis testing laboratory.
19 The lot or batch can be tested up to three (3) times.

20 (f) The medical cannabis business shall destroy the lot of medical cannabis or batch of
21 prepared medical cannabis and medical cannabis product that does not conform to the
22 testing standards set out in §10217 (f) as indicated by the certificate of analysis.

1 (g) The responsible official of the medical cannabis business from which the sample
2 originated shall document the destruction or disposal of the quarantined medical cannabis,
3 prepared medical cannabis and medical cannabis product that has been tested to be
4 unacceptable in accordance with this Section.

5 (h) A medical cannabis business shall maintain records of all laboratory testing results
6 including the certificate of analysis for all their medical cannabis, prepared medical
7 cannabis and medical cannabis products.

8 (i) All records that must be maintained by the medical cannabis business shall be
9 available to the Department within seven (7) business days upon receipt of written request.

10 (j) A commercial cultivation business, commercial manufacturing business and a
11 dispensary are allowed to operate a laboratory within their business but all medical
12 cannabis must be laboratory tested for potency and safety at an independent medical
13 cannabis testing laboratory that has been licensed by the Department.

14 **§10219. Health and Safety.**

15 (a) A medical cannabis business shall comply with all local health, safety and
16 sanitation regulations and may be subject to inspection by the Department to confirm that
17 no health or safety concerns are present which may contaminate the medical cannabis,
18 prepared medical cannabis, or medical cannabis products.

19 (b) Any individual who has or appears to have a contagious illness, or have open
20 lesions including boils, sores, or infected wounds, or any other medical condition that may
21 adversely affect the safety and quality of the cannabis, shall be excluded from any contact
22 with any medical cannabis, prepared medical cannabis or medical cannabis product,

1 equipment, or materials for processing medical cannabis until the condition is treated and
2 the individual obtains a medical clearance to return to work from a physician.

3 (c) Policies must be implemented to protect personnel in all operations and provide
4 personnel with adequate safety training to comply with these policies. Training shall
5 include, but not limited to:

6 (1) Personnel accident reporting and investigation policies;

7 (2) Fire prevention and response plans;

8 (3) Material handling and hazard communications policies, including
9 maintenance of Safety Data Sheets (SDS); and

10 (4) Personnel protective equipment policies.

11 (d) Adequate and convenient handwashing facilities must be provided to employees at
12 medical cannabis businesses that are:

13 (1) Furnished with hot and cold running water, liquid hand soap, and
14 disposable, single-use paper towels in a mounted dispenser or a mechanical air hand dryer;

15 (2) Located at points in the facility where good sanitary practices require
16 employees to wash their hands;

17 (3) Prohibited from being used for activities that support production operations,
18 such as cleaning of production equipment or utensils;

19 (4) Adequate and convenient handwashing facilities must be provided to
20 employees at medical cannabis businesses that are working in direct contact with medical
21 cannabis, prepared medical cannabis or medical cannabis products. Employees shall
22 thoroughly wash their hands, including but not limited to:

- 1 (A) Before preparing medical marijuana including working with food,
2 equipment, and utensils;
- 3 (B) During preparation, as often as necessary to remove soil and
4 contamination and to prevent cross-contamination when changing tasks;
- 5 (C) After handling soiled equipment or utensils;
- 6 (D) After touching another person's body part;
- 7 (E) After using the toilet;
- 8 (e) Personnel must be provided with adequate, readily available toilet facilities that are:
- 9 (1) Maintained in a clean and sanitary condition;
- 10 (2) Adequately stocked with toilet paper, liquid hand soap, and single use paper
11 towels or other drying devices;
- 12 (3) Kept in good repair at all times;
- 13 (4) Equipped with signage advising personnel of the necessity of washing
14 hands prior to returning to work;
- 15 (5) Prohibited from being used for activities that support production operations,
16 such as cleaning of production equipment and utensils.
- 17 (f) Personnel who work directly with the preparation of medical marijuana or the
18 infusion of marijuana into non-edible products must be provided with adequate, readily available
19 toilet facilities.
- 20 (g) A medical cannabis business employee who works directly with the preparation of
21 medical marijuana or the infusion of marijuana into non-edible products must do the following:
- 22 (1) Fingernails must be trimmed;
- 23 (2) No fingernail polish or artificial nails unless wearing gloves;

1 (3) No jewelry except rings, if wearing gloves;

2 (4) Need to wear protective apparel such as coats, aprons, gowns, hairnets, hair
3 covers, and impermeable gloves to prevent contamination;

4 (5) No eating food, chewing gum, drinking beverages or using tobacco products
5 in areas where components, packaging components, in-process materials, medical
6 cannabis, prepared medical cannabis, medical cannabis products or any contact surfaces
7 are exposed or where contact surfaces are washed.

8 **§10220. Cleaning and Sanitation.**

9 (a) The grounds of the medical cannabis facility must be kept in good condition that
10 protects against the contamination of components, packaging components, in-process materials,
11 medical cannabis, prepared medical cannabis and medical cannabis products or contact surfaces.

12 The methods for adequate ground maintenance include:

13 (1) Properly storing equipment, removing litter and waste, and cutting weeds
14 or grass within the immediate vicinity of the facility so that it does not attract pests, harbor
15 pests, or provide pests a place for breeding;

16 (2) Maintaining roads, yards, and parking lots so that they do not constitute a
17 source of contamination in areas where components, packaging components, in-process
18 materials, medical cannabis, prepared medical cannabis, medical cannabis products or
19 contact surfaces are exposed;

20 (3) Adequately draining areas that may contribute to the contamination of
21 components, packaging components, in-process materials, medical cannabis, prepared
22 medical cannabis, medical cannabis products or contact surfaces by seepage, filth or any
23 other extraneous materials, or by providing a breeding place for pests;

1 (b) A medical cannabis business shall ensure that any building or equipment used for
2 cultivating, harvesting, preparing, packaging, storing, infusing, selling or dispensing medical
3 cannabis, prepared medical cannabis and medical cannabis products is maintained in a clean and
4 sanitary condition.

5 (1) All trucks, trays, buckets, other receptacles, platforms, racks, tables,
6 shelves, knives, saws, cleavers, other utensils, or the machinery used in moving, handling,
7 cutting, chopping, mixing, canning, packaging or other processes are cleaned and sanitized
8 daily.

9 (2) The floors, walls, and ceilings of a medical cannabis facility must be
10 adequately cleaned and kept clean and in good repair.

11 (3) All litter and waste incident to the manufacture, preparation, packing,
12 selling, distributing or transportation of medical cannabis, prepared cannabis and medical
13 cannabis products are properly removed from the facility at least once every twenty-four
14 (24) hours or more often as necessary to minimize the development of odor and the
15 potential for waste to become an attractant, harborage, or breeding place for pests.

16 (c) Equipment and utensils, and any other contact surfaces, used in production
17 operations must be maintained, cleaned, and sanitized, as necessary.

18 (1) Equipment and utensils must be taken apart as necessary for thorough
19 maintenance, cleaning and sanitizing;

20 (2) All contact surfaces used for manufacturing, packaging, or holding low-
21 moisture components, in-process materials, medical cannabis, prepared medical cannabis,
22 or medical cannabis products must be in a dry and sanitary condition when in use. When

1 the surfaces are wet-cleaned, they must be sanitized, when necessary, and thoroughly dried
2 before subsequent use.

3 (3) If wet processing is used during production, all contact surfaces must be
4 cleaned and sanitized, as necessary, to protect against the introduction of microorganisms
5 into components, packaging components, in-process materials, medical cannabis, prepared
6 medical cannabis, and medical cannabis products.

7 (4) When cleaning and sanitizing is necessary, all contact surfaces must be
8 cleaned before use and after any interruption during which the contact surface may have
9 become contaminated.

10 (5) If contact surfaces are used in a continuous production operation or in
11 consecutive operations involving different batches of the same product, the contact
12 surfaces must be adequately cleaned and sanitized, as necessary.

13 (6) Surfaces that come into direct contact with components, packaging
14 components, in-process materials, medical cannabis, prepared medical cannabis, medical
15 cannabis products must be cleaned as frequently as necessary to protect against
16 contaminating components or products.

17 (7) Single-service articles (e.g. utensils intended for one-time use, paper cups,
18 and paper towels) must be stored in appropriate containers and handled, dispensed, used,
19 and disposed of in a manner that protects against contamination of components, packaging
20 components, in-process materials, medical cannabis, prepared medical cannabis, medical
21 cannabis products or any contact surface.

22 (8) Cleaning compounds and sanitizing agents must be adequate for their
23 intended use and safe under their condition of use.

1 (9) Cleaned and sanitized portable equipment and utensils that have contact
2 surfaces must be stored in a location and manner that protects them from contamination.

3 (c) Water must be provided that is:

4 (1) Safe and sanitary, at suitable temperatures, and under pressure as needed,
5 for all uses where water does not become a component of the medical cannabis, prepared
6 medical cannabis, or medical cannabis product; and

7 (2) Compliant with applicable local potable water requirements and with other
8 requirements as necessary to ensure the water does not contaminate the product, for all
9 uses where such water may become a component of the medical cannabis, prepared
10 medical cannabis, or medical cannabis products product, e.g. when such water contacts
11 components, packaging components, in-process materials, medical cannabis, prepared
12 medical cannabis, or medical cannabis products, or any contact surface.

13 (d) A medical cannabis business shall ensure that medical marijuana in the process of
14 production, preparation, manufacture, packing, storage, sale, distribution, or transportation are
15 protected from pests, dust, dirt, mold, mildew, and all other biological, chemical and physical
16 contamination. There should be adequate screening or other protection against the entry of pests.

17 (e) Adequate lighting must be provided in the following areas:

18 (1) All areas where components, packaging components, in-process materials,
19 medical cannabis, prepared medical cannabis and medical cannabis products are examined,
20 manufactured, packaged, labeled or held;

21 (2) All areas where contact surfaces are cleaned; and

22 (3) Handwashing areas, dressing and locker rooms, and toilet facilities.

1 (f) Toxic materials must not be used or held in a medical cannabis facility in which
2 components, packaging components, in-process materials, medical cannabis, prepared medical
3 cannabis, medical cannabis products or contact surfaces are manufactured or exposed, unless those
4 materials are necessary as follows:

- 5 (1) To maintain clean and sanitary conditions;
- 6 (2) For use in laboratory testing procedures, where applicable;
- 7 (3) For maintaining or operating the building or equipment; or
- 8 (4) For use in the facility's operations.

9 (g) Adequate pest control must be provided.

10 (1) Animals shall not be allowed in medical cannabis facilities except for
11 qualified patients' service animals at dispensaries.

12 (2) Insecticides, fungicides, or rodenticides must not be used in or around the
13 medical cannabis facility unless they are registered with EPA and used in accordance with
14 the label instructions, and effective precautions are taken to protect against the
15 contamination of components, packaging components, in-process materials, medical
16 cannabis, prepared medical cannabis, medical cannabis products or contact surfaces.

17 (h) A medical cannabis business shall have written policies for calibration,
18 maintenance, cleaning and sanitation or equipment, instruments, and utensils, and records of these
19 activities must be kept on file.

20 **§10221. Heating, Cooling, Ventilation, and Air Filtration**

21 (a) Heating, ventilating, cooling, and air filtration must be installed and maintained in
22 a medical cannabis facility as needed to ensure the quality of the medical cannabis, prepared
23 medical cannabis, and medical cannabis products:

1 (1) Ventilation equipment such as filters, fans, exhausts, dust collection, and
2 other air-blowing equipment must be provided in areas where odors, dust, and vapors
3 (including steam and noxious fumes) may contaminate components, packaging
4 components, in-process materials, medical cannabis, prepared medical cannabis, medical
5 cannabis products or contact surfaces.

6 (2) When fans, compressed air, or other air-blowing equipment are used, such
7 equipment must be designed, located, and operated in a manner that minimizes the
8 potential for microorganisms and particulate matter to contaminate components, packaging
9 components, in-process materials, medical cannabis, prepared medical cannabis, medical
10 cannabis products or contact surfaces.

11 (3) Equipment that control temperature, humidity, and/or organisms must be in
12 good, working order, when such equipment is necessary to ensure the quality of the
13 product.

14 **§10222. Waste and Wastewater Disposal.**

15 (a) Medical marijuana and medical marijuana-infused product waste must be stored,
16 secured, and managed in accordance with all applicable federal and local laws, regulations, and
17 ordinances.

18 (b) Liquid waste from medical cannabis businesses shall be disposed of in compliance
19 with all federal and local laws, regulations, and rules.

20 (c) Disposal of chemical, dangerous or hazardous waste must be conducted in a manner
21 consistent with federal and local laws, regulations and rules. This may include, but not limited to,
22 the disposal of all pesticides, or other chemicals used in the cultivation process, certain solvents or

1 other chemicals used in the production of medical marijuana concentrate or any medical marijuana
2 soaked in a flammable solvent for purposes or producing a medical marijuana concentrate.

3 (d) Medical marijuana and medical marijuana-infused product waste must be made
4 unusable and unrecognizable through grinding and incorporating the marijuana waste with non-
5 consumable, solid wastes listed below such that the resulting mixture is at least fifty percent (50%)
6 non-marijuana waste:

- 7 (1) Paper waste;
- 8 (2) Plastic waste;
- 9 (3) Cardboard waste;
- 10 (4) Food waste;
- 11 (5) Grease or other compostable oil waste;
- 12 (6) Bokashi, or other compost activators; or
- 13 (7) Soil.

14 (e) After the medical marijuana and medical marijuana-infused product waste is made
15 unusable and unrecognizable, then the rendered waste shall be disposed of at a solid waste site.

16 (f) A medical cannabis business shall not dispose of medical marijuana and medical
17 marijuana-infused product waste in an unsecured waste receptacle not in possession and control
18 of the medical cannabis business.

19 (g) The plumbing in a medical cannabis facility must be of an adequate size and design
20 and be adequately installed and maintained to:

- 21 (1) Carry sufficient amounts of water to required locations throughout the
22 medical cannabis facility;

1 (2) Properly convey sewage and liquid disposal waste from the medical
2 cannabis facility;

3 (3) Avoid being a source of contamination to components, packaging
4 components, in-process materials, medical cannabis, prepared medical cannabis, medical
5 cannabis products, water supplies, or any contact surface, or creating an unsanitary
6 condition;

7 (4) Provide adequate floor drainage in all areas where floors are subject to
8 flooding-type cleaning or where normal operations release or discharge water or other
9 liquid waste on the floor; and

10 (5) Not allow backflow from, or cross connection between, piping systems that
11 discharge wastewater or sewage and piping systems that carry water used for
12 manufacturing cannabis-derived products, for cleaning contact surfaces, or for use in
13 bathrooms or handwashing facilities.

14 **§10223. Security.**

15 (a) A medical cannabis business shall implement appropriate security measures to
16 prevent the unauthorized access into areas containing cannabis and the theft and diversion of
17 cannabis.

18 (b) A medical cannabis business is responsible for the security of all cannabis on
19 licensed premises or in transit from one medical cannabis facility to another medical cannabis
20 facility.

21 (c) A medical cannabis business shall be responsible for ensuring that all surveillance
22 equipment are properly functioning and maintained so that the playback quality is suitable for

1 (i) The medical cannabis business shall consider factors
2 including the length of time and the temperature at which a medical
3 cannabis product is held during distribution and offered for sale, the
4 characteristics of the medical cannabis, and the type of packaging. These
5 will affect how long a product will be optimum quality. Manufacturers and
6 dispensaries will consider these factors when determining the date for which
7 the product will be of best quality.

8 (E) Instructions for use; and

9 (F) Name of medical cannabis testing laboratory that performed testing.

10 (7) The label must be placed in a conspicuous area on the product's packaging
11 stating the CBD and THC levels in percentage or milligrams, as applicable, and a statement
12 that the cannabis product has been tested for potency and safety and has met the acceptable
13 standards in §10217 (f).

14 **§10230. Chain of Custody Form.**

15 (a) All sales and transfers of medical cannabis, prepared medical cannabis and medical
16 cannabis products from licensed medical cannabis business to licensed shall be tracked on a Chain
17 of Custody form with the required elements pursuant to 10 GCA, Division 1, Chapter 12 Part 2,
18 Article 25, §122519.

19 **§10231. Transport of Cannabis**

20 (a) Medical cannabis, prepared medical cannabis and medical cannabis products shall
21 only be transported by a designated courier of a licensed medical cannabis business with a valid
22 registry identification card, a qualified patient with a valid written certification, or a qualified

1 patient's primary caregiver or legal guardian who possesses a valid registry identification card from
2 the Department.

3 (b) The designated courier authorized by the licensed medical cannabis business shall:

4 (1) Be trained and knowledgeable on transportation protocols;

5 (2) Be registered with the Department;

6 (3) Use a vehicle that does not bear any markings to indicate that the vehicle
7 contains medical cannabis or bears the name or logo of the medical cannabis business to
8 transport the medical cannabis, prepared medical cannabis and medical cannabis products.

9
10 (4) Ensure that the medical cannabis, prepared medical cannabis and medical
11 cannabis products are not visible or recognizable from outside the vehicle.

12 (5) Ensure that the medical cannabis, prepared medical cannabis and medical
13 cannabis products are stored in air-tight, tamper proof packaging to maintain their quality
14 and safety.

15 (6) Shall carry his registry identification card at all times when transporting or
16 delivering medical cannabis, prepared medical cannabis or medical cannabis products and
17 upon request, produce the registry identification card to the Department or to a law
18 enforcement officer acting in their official capacity.

19 (c) The medical cannabis business shall staff all transport motor vehicles with a
20 minimum of two (2) employees. At least one (1) employee must remain with the motor vehicle at
21 all times that the motor vehicle contains medical cannabis, prepared medical cannabis or medical
22 cannabis products;

1 (d) Each time medical cannabis, prepared medical cannabis and medical cannabis
2 products are transported, the licensed medical cannabis business shall prepare a chain of custody
3 form prescribed by the Department that lists the elements required by the Department's tracking
4 system.

5 (e) The designated courier shall only transport medical cannabis, prepared medical
6 cannabis and medical cannabis products that are listed on the chain of custody form.

7 (f) The designated courier shall provide a copy of the chain of custody form to law
8 enforcement if requested to do so while in transit.

9 (g) For transport between one medical cannabis facility to another medical cannabis
10 facility, a transport container shall be packed, secured, loaded, unloaded, and unpacked, in full
11 view of security surveillance cameras. Violation may result in revocation of Permit to Operate.

12 (h) The medical cannabis business that is receiving the medical cannabis, prepared
13 medical cannabis or medical cannabis product shall verify by affixing a signature that the medical
14 cannabis, prepared medical cannabis or medical cannabis product are received as listed on the
15 chain of custody form.

16 (i) Upon receipt of the medical cannabis, prepared medical cannabis and medical
17 cannabis products, the licensed medical cannabis business shall immediately report to the
18 Department any discrepancies between what is received and what is on the chain of custody form.

19 (j) The designated couriers transporting the medical cannabis, prepared medical
20 cannabis and medical cannabis products shall not stop at a location not listed on the chain of
21 custody form.

1 (k) A licensed medical cannabis business shall transport the medical cannabis,
2 prepared medical cannabis and medical cannabis products using routes that reduce the possibility
3 of theft or diversion.

4 (l) Under no circumstance shall any person other than a designated courier have actual
5 physical control of the motor vehicle that is transporting the medical cannabis, prepared medical
6 cannabis or medical cannabis product.

7 (m) The medical cannabis business shall ensure that a vehicle containing medical
8 cannabis, prepared medical cannabis or medical cannabis products is never left unattended.

9 (n) The designated courier shall have access to a secure form of communication with
10 the medical cannabis business and the ability to contact law enforcement through 911 emergency
11 systems at all times that the motor vehicle contains the medical cannabis, prepared medical
12 cannabis or medical cannabis product. If an emergency requires stopping the vehicle, the
13 designated courier shall report the emergency immediately to law enforcement through the 911
14 emergency systems and the medical cannabis business which shall immediately notify the
15 Department. The designated courier shall complete an incident report form prescribed by the
16 Department.

17
18 ~~(e) A licensed medical cannabis business shall not transport medical cannabis,~~
19 ~~prepared medical cannabis and medical cannabis products off site to a qualified patient or primary~~
20 ~~caregiver.~~

21 **§10232. Loss of Cannabis**

22 Any loss of medical cannabis, prepared medical cannabis or medical cannabis product over
23 one (1) ounce due to theft or natural disaster shall be reported to the Department and the Guam

1 Police Department within twenty-four (24) hours, along with the associated Chain of Custody
2 forms for the lost medical cannabis, prepared medical cannabis or medical cannabis product. The
3 report shall include the amount of cannabis in weight that was lost.

4 **§10233. Inspections**

5 (a) Authorized members of the Department, the Guam Police Department and other
6 law enforcement agencies, the Guam Fire Department, Department of Public Works, Guam
7 Environmental Protection Agency and the Guam Department of Agriculture may conduct
8 inspections as needed during business hours to ensure that the medical cannabis business is
9 complying with local laws.

10 (b) The Department shall give a medical cannabis business twenty-four (24) hour
11 notice of inspections.

12 (c) A licensed medical cannabis business shall give the Department unrestricted access
13 to all premises of the medical cannabis business, equipment, records, documents, and any other
14 substance, material or information relevant to ensure the licensed medical cannabis business'
15 compliance with these rules and regulations.

16 (d) The medical cannabis business shall, upon request, immediately make available for
17 inspection by the Department all papers, documents, books and records used in the business
18 operations.

19 (e) A licensed medical cannabis business shall not refuse to allow inspection at any of
20 its facilities, and its employees and personnel shall not delay or interfere with any inspection.
21 Violation of this regulation may result in the revocation of the licensed medical cannabis business'
22 Permit to Operate.

1 (f) Upon completion of the inspection, the Department shall provide written notice
2 within two (2) business days to the licensed medical cannabis business of its findings.

3 (g) If deficiencies in operational standards are discovered, the Department shall
4 suspend the licensed medical cannabis business' Permit to Operate.

5 (h) The medical cannabis business shall be given ten (10) business days to correct the
6 deficiencies.

7 (i) The medical cannabis business may submit a written request for reasonable
8 extension to correct deficiencies if the medical cannabis business can show that the corrections
9 cannot be made within ten (10) business days. The Department shall review and grant or deny the
10 written request for extension within three (3) business days.

11 (j) Failure to correct the deficiencies in the allotted time will result in a written notice
12 of closure, and the revocation of the Permit to Operate.

13 **§10234. Destruction and Disposal of Cannabis**

14 (a) All laboratory tested cannabis determined to be unusable or contaminated
15 according to the minimum laboratory testing requirements set by these rules and regulations in
16 §10217 (d) must be destroyed and/or disposed in accordance with Guam law within twenty-four
17 (24) hours of determination and reported to the Department with forty-eight (48) hours of disposal
18 pursuant to 10 GCA, Division 1, Chapter 12 Part 2, Article 25, §122512 (k).

19 (b) All unused, unsold, contaminated or expired medical cannabis, prepared medical
20 cannabis, and medical cannabis product or waste products resulting from the cultivation and
21 manufacturing process including any inventory existing at the time of revocation or surrender of a
22 license shall be destroyed or disposed pursuant to federal and local laws to ensure that the medical

1 cannabis, prepared medical cannabis, and medical cannabis products do not become available to
2 unauthorized persons and is documented as subtracted from inventory;

3 (c) A medical cannabis business shall establish written policies and procedures to be
4 followed by all of its employees for the disposal or destruction of medical cannabis, prepared
5 medical cannabis, and medical cannabis products.

6 (d) The disposal or destruction of the medical cannabis, prepared medical cannabis,
7 and medical cannabis products cannot be in public view or expose the public unknowingly to
8 cannabis.

9 (e) If necessary, the Department and authorized law enforcement personnel may be
10 authorized to possess cannabis for the purpose of secure destruction and disposal in accordance to
11 the Act, these rules and regulations, relevant local regulations and must render the medical
12 marijuana unusable and unrecognizable.

13 (f) The waste must be unusable and unrecognizable prior to leaving the licensed
14 premises of any medical marijuana business. Marijuana wastes are additionally subject to the
15 following inventory tracking requirements:

16 (1) Post-harvest marijuana waste materials must be identified, weighed and
17 tracked while on the licensed premises until disposed of in a manner as outlined above.
18 Marijuana waste must be weighed and inventoried before leaving any marijuana
19 establishment using a scale certified or calibrated in accordance with measurement
20 standards.

21 (2) A licensee is required to maintain accurate and comprehensive records
22 regarding waste material that account for, reconcile and evidence all waste activity related
23 to the disposal of medical marijuana.

1 (3) A licensee is required to maintain accurate and comprehensive records
2 regarding any marijuana waste material produced through the trimming or pruning of a
3 marijuana plant prior to harvest. Records must include weighing and documenting all
4 wastes.

5 (g) The medical cannabis business shall submit a video recording of the destruction
6 and disposal of the medical cannabis, prepared medical cannabis, or medical cannabis product,
7 and attach the recording with a written report of the destruction of the cannabis. The written report
8 shall include the information required in 10 GCA, Division 1, Chapter 12 Part 2, Article 25,
9 §12521.

10 **§10235. Amending the Information on the Medical Cannabis License or Permit to**
11 **Operate.**

12 (a) The responsible official of a medical cannabis business shall notify the Department
13 in writing of any changes to the information that was in the application for a medical cannabis
14 license or Permit to Operate within ten (10) business days of the change:

- 15 (1) Change of responsible official;
- 16 (2) Change in the responsible official's information;
- 17 (2) Change in location;

21 (2) Copy of current medical cannabis license;

22 (3) Copy of current Permit to Operate; and

23 (4) The appropriate application fees in §10004.

1 (c) All applications for renewals of medical cannabis licenses and Permit to Operate
2 must be submitted in person to the Department sixty (60) calendar days prior to the expiration date
3 of the current medical cannabis license.

4 (d) The Department shall provide a written notice to the medical cannabis business to
5 renew or reapply within seven (7) calendar days of the sixtieth (60th) day.

6 (e) Failure of the responsible official of the medical cannabis business to submit in
7 person an application to renew the medical cannabis license, as described in §10210, or the Permit
8 to Operate, as described in §10212, sixty (60) days prior to the expiration date of the current
9 medical cannabis license or the Permit to Operate, will result in the forfeiture of the medical
10 cannabis business' medical cannabis, prepared medical cannabis, and medical cannabis products.

11 (f) The licensed medical cannabis business shall be given at least a twenty-four (24)
12 hour notice via email or mail by the Department of the expiration of the medical cannabis license
13 or Permit to Operate.

14 (g) On the day the medical cannabis license or Permit to Operate expires, the
15 Department is authorized to seize all forfeited medical cannabis, prepared medical cannabis, and
16 medical cannabis products.

17 (h) The medical cannabis business may destroy all forfeited medical cannabis,
18 prepared medical cannabis, and medical cannabis products prior to the expiration date of the
19 medical cannabis license or Permit to Operate. The medical cannabis business must provide the
20 required documentation of the destruction and disposal of the forfeited medical cannabis, prepared
21 medical cannabis, and medical cannabis products pursuant to §10234 of these rules and
22 regulations.

1 **§10237. Suspension of Permit to Operate and Revocation of a Medical Cannabis**

2 **License.**

3 (a) The Department may suspend the Permit to Operate or revoke the medical cannabis
4 license of any licensed medical cannabis business that violates any provision of these rules and
5 regulations within twenty-four (24) hour notice of the following, but not limited to:

6 (1) Operating the medical cannabis facility before obtaining a Permit to
7 Operate;

8 (2) Acquiring or transferring medical cannabis, prepared medical cannabis or
9 medical cannabis products from or to an unlicensed medical cannabis business;

10 (3) Dispensing or selling medical cannabis, prepared medical cannabis or
11 medical cannabis products to a qualified patient or primary caregiver without a valid
12 written certification, registration or registry identification card;

13 (4) Submission of misleading, incorrect, false or fraudulent information;

14 (5) Failure to allow inspections by the Department;

15 (6) Failure to pass inspections by the Department;

16 (7) A responsible official who has entered a plea of guilty to, a plea of nolo
17 contendere, been found guilty of, or been convicted of a felony offense as defined in these
18 rules and regulations.

19 (8) For a medical cannabis testing laboratory:

20 (A) Failure to maintain its current accreditation or certification;

21 (B) Knowingly permitting unauthorized persons to perform technical
22 procedures, issue, or sign reports;

1 (C) Consistent errors in performance of laboratory procedures, based on
2 faulty technique or controls;

3 (b) The Department shall provide a written notification to the licensed medical
4 cannabis business within seven (7) business days of suspension that includes:

5 (1) The specific reason(s) for the suspension of the Permit to Operate; and

6 (2) The right to appeal the decision to suspend the Permit to Operate to the
7 Director within ten (10) business days upon receipt of the written notification. The Director
8 will have the final say to repeal or confirm the suspension of the Permit to Operate.

9 (c) The licensed medical cannabis business shall be given no more than thirty (30)
10 calendar days to be in compliance.

11 (d) Failure to comply within the prescribed time frame will result in the revocation of
12 the medical cannabis license of the medical cannabis business and forfeiture of all medical
13 cannabis, prepared medical cannabis, and medical cannabis products in its premises.

14 (e) Upon suspension of the Permit to Operate or revocation of the medical cannabis
15 license, the medical cannabis business shall immediately cease operations.

16 (f) The Department is authorized to seize and destroy all forfeited medical cannabis,
17 prepared medical cannabis, and medical cannabis products in accordance with §10234 of these
18 rules and regulations.

19 (g) After all the medical cannabis, prepared medical cannabis, and medical cannabis
20 products has been seized, the Department shall revoke the medical cannabis license.

21 **§10238. Surrender of a Medical Cannabis License.**

22 (a) Upon revocation of its certification, the medical cannabis testing laboratory shall:

23 (1) Surrender its accreditation or certification to the Department;

1 (2) No longer accept or test medical cannabis, prepared medical cannabis or
2 medical cannabis products; and

3 (3) No longer be qualified to test or analyze medical cannabis, prepared medical
4 cannabis or medical cannabis products.

5 (b) A medical cannabis business may voluntarily surrender a license to the Department
6 at any time. A medical cannabis business shall:

7 (1) Return the medical cannabis license to the Department;

8 (2) Submit a written notice ten (10) business days prior to the surrender of the
9 medical cannabis license to the Department which includes:

10 (A) The reason for surrendering the license;

11 (B) The name and contact number of a responsible official;

12 (C) The name of the person(s) who are responsible for the close of the
13 business; and

14 (D) The location where business records will be retained.

15 (3) Destroy all medical cannabis, prepared medical cannabis, and medical
16 cannabis product in its possession in accordance with §10234 of these rules and regulations
17 or forfeit them to the Department, who will then be responsible for destroying the medical
18 cannabis, prepared medical cannabis, and medical cannabis product.

19 (4) Not be refunded on any portion of the license fee if the medical cannabis
20 license is surrendered prior to the expiration of the medical cannabis license.

1 **§10239. Employee Records.**

2 (a) A medical cannabis business shall establish and maintain written policies and
3 procedures governing the qualifications, recruitment, hiring and training of employees and
4 subcontractors.

5 (b) No person under twenty-one (21) years of age shall be employed by a medical
6 cannabis business.

7 (c) A licensed medical cannabis business shall maintain all employee records,
8 including the specific employee training provided and hours worked.

9 (d) Responsible officials and designated couriers need to possess registry identification
10 cards issued by the Department to handle or transport medical cannabis, prepared medical cannabis
11 and medical cannabis products. Registry identification cards are optional for all other employees
12 of a medical cannabis business.

13 (e) Employees and subcontractors of a medical cannabis business shall wear an
14 identification badge issued by the medical cannabis business with the photograph and name of the
15 wearer in a visible location at all times when on the premises of a medical cannabis facility.

16 (f) A licensed medical cannabis business shall provide training upon hire and annually
17 to each employee. The training shall include, but not be limited to the following:

18 (1) Health, safety, and sanitation standards in accordance with these rules and
19 regulations;

20 (A) If the medical cannabis is a food, drink, or cosmetic product, the
21 employee is required to obtain a Health Certificate from the Department. If the
22 business sells medical cannabis in the form of food, drink or cosmetic product, it
23 will require a Sanitary Permit from the Department.

- 1 (2) Security pursuant to these rules and regulations;
- 2 (3) Prohibitions and enforcement pursuant to these rules and regulations;
- 3 (4) Confidentiality pursuant to these rules and regulations.
- 4 (5) All other provisions of these rules and regulations that apply to that person's
- 5 scope of employment.

6 (g) A licensed medical cannabis business shall provide the names of all employees to
7 the Department within ten (10) business days of issuance of Permit to Operate and thereafter,
8 within ten (10) business days of hire.

9 (h) A medical cannabis business shall have available on the medical cannabis facility
10 premises, a time clock or other adequate method to record the month, day, year, and time that each
11 employee arrives at and leaves the facility.

12 (i) Time record entries shall be made at the time an employee reports for duty and
13 again when the employee goes off duty and at any time the employee leaves and returns to the
14 premises for any reason.

15

§10300. ARTICLE 3. ADMINISTRATIVE REQUIREMENTS

§10301. Criminal and Civil Penalties for the Medical Use of Cannabis.

(a) Qualified patients, primary caregivers, licensed possessors, practitioners and authorized employees of a medical cannabis business or the Department are exempted from criminal or civil penalties for possessing, acquiring, handling, selling, dispensing, distributing, storing, transporting, or testing medical cannabis, prepared medical cannabis and medical cannabis products pursuant to 10 GCA, Division 1, Chapter 12 Part 2, Article 25, §122504.

(b) Qualified patients, primary caregivers, licensed possessors and authorized employees of a medical cannabis business or the Department are subject to criminal or civil penalties for possessing, acquiring, handling, selling, dispensing, distributing, storing, transporting, or testing medical cannabis, prepared medical cannabis and medical cannabis products pursuant to 10 GCA, Division 1, Chapter 12 Part 2, Article 25, §122505.

§10302. Confidential Database

(a) The Department shall create and maintain a confidential database that will include:

(1) An electronic system that will track licenses granted to commercial cultivation businesses, commercial manufacturing businesses, dispensaries and medical cannabis testing laboratories.

1 (2) A tracking system that includes the names and addresses of qualified
2 patients and the primary caregivers; and

3 (3) A tracking system that includes the names and addresses of the persons who
4 have either applied for or received a registry identification card.

5 (b) The confidential database shall not include the medical records or medical
6 condition of the qualified patient.

7
8 (c) Medical conditions of qualified patients shall not be requested or required by the
9 Department; except that licensed practitioners shall be invited and provided access to use the
10 tracking system to input certifications and to track - upon written waiver of patient privacy by such
11 patient - all such prescriptions and medical history that will help the qualified patient's physician
12 to determine whether recommendation of medical cannabis is safe and less risky a therapy option
13 than other medical options.

14 (d) The Department shall provide medical cannabis dispensaries with the means to
15 electronically verify the valid status and expiration date of a qualified patient's written certification
16 or primary caregiver's registration via the confidential database to ensure that a person is lawfully
17 in possession of a valid written certification or registration according to the following guidelines:

18 (1) This information will be provided by the Department on an as needed basis.

19 (2) At no time will a dispensary be given access to the confidential database in
20 its entirety.

21 (3) All qualified patients will be verified by dispensaries via the confidential
22 database before provision of services.

1 (e) Records maintained by the Department that identify qualified patients, primary
2 caregivers, and qualified patient's practitioners are confidential and shall not be subject to
3 disclosure, except:

4 (1) To authorized employees or agents of the Department as necessary to
5 perform the duties of the Department pursuant to the provisions of these rules and
6 regulations;

7 (2) To authorized employees of state or local law enforcement agencies but
8 only for the purpose of verifying that a person is in legal possession of a registry
9 identification card and is lawfully participating in Guam's medical cannabis program.

10 (3) Pursuant to a court order or subpoena issued by a court;

11 (4) As provided in the federal Health Insurance Portability and Accountability
12 Act of 1996, codified at 42 U.S.C. § 1320d et seq.;

13 (5) With the written permission of the qualified patient or the minor qualified
14 patient's patient, legal guardian, or custodian;

15 (6) To a law enforcement official for verification purposes. The records may
16 not be disclosed further than necessary to verify a qualified patient's participation in the
17 medical cannabis;

18 (7) To a qualified patient's treating practitioner and to a qualified patient's
19 primary caregiver for the purpose of carrying out these rules and regulations. No person
20 aside from the qualified patient's doctor may access such patient's medical records or
21 medical condition, if such patient has at all elected for his doctor to upload such
22 information to the database; ~~The confidential database shall not include the medical records~~
23 or medical condition of the qualified patient; and

1 (8) Medical conditions of qualified patients shall not be requested or required
2 by the Department.

3 **§10303. Record Keeping**

4 (a) A medical cannabis business shall keep all required business operation records
5 confidential.

6 (b) A medical cannabis business shall retain all required business operation records for
7 a minimum of five (5) years.

8 (c) A medical cannabis business shall be responsible for keeping and maintaining all
9 records that reflect financial transactions and the financial condition of the business.

10 (1) Purchase invoices, bills of lading, manifests, sales records, copies of bills
11 of sale and any supporting documents, including the items and/or services purchased, from
12 whom the items were purchased, and the date of purchase;

13 (2) Inventory tracking records (e.g. chain of custody forms) of medical
14 cannabis, prepared medical cannabis, and medical cannabis products including:

15 (A) Amounts by category of medical cannabis, prepared medical
16 cannabis and medical cannabis products produced;

17 (B) Amounts by category of medical cannabis, prepared medical
18 cannabis and medical cannabis products sold;

19 (C) List of all medical cannabis, prepared medical cannabis and medical
20 cannabis products and unusable cannabis materials that have been destroyed or will
21 be destroyed; and

22 (D) Laboratory results of all tests conducted.

23 (3) Logs of individuals entering and exiting facilities;

1 (4) Description of any breach or halt in its security system and tracking system;

2 (5) Employee records including training and education;

3 (6) Records of any theft, loss or other unaccountability of any medical
4 marijuana seedlings, plants, trim or other plant material, extracts, products or other items
5 containing medical marijuana.

6 (a) Security video recordings shall be retained for a minimum of one (1) year.

7 (b) The medical cannabis business shall conduct a complete system data backup a
8 minimum of once a month.

9 (c) The medical cannabis business shall have a written contingency plan in the event
10 of a system failure or other event resulting in the loss of system data. The plan shall address
11 backup and recovery procedures and shall be sufficiently detailed to ensure the timely
12 restoration or data in order to resume operations after a hardware or software failure or
13 other event that results in the loss of data.

14 (d) Upon fourteen (14) business days written notice, the Department may request
15 access to a licensed medical cannabis business for inspection and copying at the medical
16 cannabis business' expense.

17 (e) Upon cessation of business operations, all required business operation records shall
18 be submitted in an electronic format to the Department on a portable device.

19 (f) Failure to comply with these regulations may result in the suspension of the medical
20 cannabis license of the medical cannabis business.

21 **§10304. Compassionate Cannabis Use Fund.**

22 All fees, reimbursements, assessments, fines and other funds generated by the Medical
23 Marijuana Program will be deposited into the Compassionate Cannabis Use Fund, a non-lapsing

1 revolving fund administered by the Department. The funds will be used to purchase equipment
2 and pay for operational costs associated with implementing the Medical Marijuana Program.

3 **§10305. Annual Report.**

4 An annual report will be submitted to *I Liheslaturan Guåhan* and *I Maga'låhen Guåhan* at
5 the end of each fiscal year pursuant to 10 GCA, Division 1, Chapter 12 Part 2, Article 25, §122523
6 (b).

7 **§10306. Voluntary and Mandatory Recalls.**

8 The medical cannabis business shall have written procedures describing the handling of
9 voluntary and mandatory recalls of medical cannabis, prepared medical cannabis and medical
10 cannabis products.

11 (a) A dispensary shall notify the Department and the cultivator or manufacturer
12 immediately upon becoming aware of any complaint made to the dispensary by a qualified patient,
13 primary caregiver, or practitioner who reports an adverse event from using medical cannabis,
14 prepared medical cannabis or medical cannabis product purchased by the dispensary from a
15 cultivator or manufacturer.

16 (b) The cultivator or manufacturer shall investigate a complaint to determine if a
17 voluntary or mandatory recall of the medical cannabis, prepared medical cannabis or medical
18 cannabis product is necessary or if any further action is required.

19 (c) If a cultivator or manufacturer determines that further action is not required, the
20 cultivator or manufacturer shall notify the Department of its decision and within twenty-four (24)
21 hours, submit a written report to the Department stating its rationale for not taking further action.

22 (d) If a voluntary recall is necessary:

1 (1) A cultivator or manufacturer may voluntarily recall the medical cannabis,
2 prepared medical cannabis or medical cannabis product from the market at its discretion for
3 reasons that do not pose a risk to public health and safety.

4 (2) If a cultivator or manufacturer initiates a recall for a reason that does not
5 pose a risk to public health and safety, the cultivator or manufacturer shall notify the Department
6 at the time the cultivator or manufacturer begins the recall.

7 (e) If a condition relating to the cultivation or manufacturing of the medical cannabis
8 poses a risk to public health and safety, a mandatory recall is warranted. The cultivator or
9 manufacturer shall:

10 (1) Immediately notify the Department by phone;

11 (2) Secure, isolate and prevent the distribution of the medical cannabis,
12 prepared medical cannabis or medical cannabis product that may have been affected by the
13 condition and remains in its possession. The cultivator or manufacturer may not dispose
14 of the affected medical cannabis, prepared medical cannabis or medical cannabis product
15 prior to notifying the Department and coordination the disposal with the Department.

16 (A) The Department or its authorized agents may oversee the disposal
17 to ensure that the recalled medical cannabis, prepared medical cannabis or medical
18 cannabis product is disposed of in a manner that will not pose a risk to public health and
19 safety.

20 (3) If the cultivator or manufacturer fails to cooperate with the Department in a
21 recall, or fails to immediately notify the Department of a need for a recall, the Permit to
22 Operate may be revoked or the medical cannabis license suspended.

1 (f) The cultivator or manufacturer shall enter information relevant to the recall into the
2 electronic tracking system as part of the daily inventory, including:

3 (1) Total amount of recalled medical cannabis, prepared medical cannabis or
4 medical cannabis product, including batch and lot numbers;

5 (2) Total amount of recalled medical cannabis, prepared medical cannabis or
6 medical cannabis product received by the cultivator or manufacturer, including batch and
7 lot numbers;

8 (3) Total amount of recalled medical cannabis, prepared medical cannabis or
9 medical cannabis product returned to the cultivator or manufacturer, including batch and
10 lot numbers;

11 (4) From whom the recalled medical cannabis, prepared medical cannabis or
12 medical cannabis product was received;

13 (5) The means of transport of the recalled medical cannabis, prepared medical
14 cannabis or medical cannabis product;

15 (6) The reason for the recall;

16 (7) The manner of disposal; and

17 (8) The name of the individual overseeing the disposal of the medical cannabis,
18 prepared medical cannabis or medical cannabis product.

19 **§10307. Cessation of Business Operations.**

20 (a) If a medical cannabis business intends to cease business operations before the
21 expiration of the medical cannabis license or Permit to Operate, the medical cannabis business
22 shall provide a written notification to the Department at least thirty (30) calendar days prior to the
23 actual date of cessation of business operations.

1 (b) Notification will warrant a forfeiture of all cannabis.

2 (c) The written notification shall include:

3 (1) Reason for cessation of business operations;

4 (2) Date of cessation;

5 (3) Plan to dispose and destroy cannabis located on the business premises
6 before cessation of business operations;

7 (4) Signature of the responsible official; and

8 (5) Any other information deemed necessary by the Department.

9 **§10308. Registry Identification Card Optional.**

10 (a) Pursuant to 10 GCA, Division 1, Chapter 12 Part 2, Article 25 §122524, registry
11 identification cards are only required for primary caregivers, responsible officials and designated
12 couriers in order to possess or handle medical cannabis, prepared medical cannabis and medical
13 cannabis products.

14 (b) Registry identification cards are optional for qualified patients. Qualified patients
15 only need to have a valid written certification from a licensed Guam practitioner, as defined in
16 §10003(aaa), in order to purchase or possess medical cannabis, prepared medical cannabis or
17 medical cannabis products.

18 (c) Only responsible officials and designated couriers of medical cannabis businesses
19 are required to obtain registry identification cards. Registry identification cards are optional for
20 all other employees of a medical cannabis business.

1 **§10309. Confidential Database.**

2 (a) The Department shall create and maintain an electronic data file of qualified
3 patients, primary caregivers, responsible officials, designated courier, medical cannabis businesses
4 and their employees.

5 (b) The data files shall include all information collected on the application forms for
6 registry identification cards, medical cannabis licenses, and Permit to Operate or equivalent
7 information from other written documentation, plus a copy of Department issued registry
8 identification cards, identification card number date of issue and expiration dates.

9 (c) The data files shall not include the qualified patient's medical condition or any other
10 information relating to the condition.

11 (d) The names and identifying information of registry identification cardholders, and
12 the names and identifying information of a pending applicant for a qualified patient, primary
13 caregiver responsible official, designated courier, medical cannabis business employees shall not
14 be subject to disclosure except to authorized individuals and by court order as described in 10
15 GCA, Division 1, Chapter 12 Part 2, Article 25, §122525.

16 (e) The Department shall provide medical cannabis dispensaries with the means to
17 electronically verify the valid status and expiration date of a qualified patient's written certification
18 or primary caregiver's registration via a confidential database to ensure that a person is lawfully
19 in possession of a valid written certification or registration pursuant to the guidelines in 10 GCA,
20 Division 1, Chapter 12 Part 2, Article 25, §122525 (d).

21 **§10310. Severability.**

22 If any provision of these rules and regulations or its application to any person or
23 circumstance is found to be invalid or contrary to law, such invalidity shall not affect other

1 provisions or applications of these rules and regulations that can be given effect without the invalid
2 provisions or application, and to this end the provisions of these rules and regulations are severable.

3 **§10311. Effective Date.**

4 These rules and regulations shall take effect upon enactment into law.
