Re: Bill No. 138-35 (COR) – An Act to Amend § 90103 of Chapter 90, Title 10, Guam Code Annotated, Relative to Expanding the Natasha Protection Act of 2005 to Define and Prohibit the Use of Electronic Smoking Devices Wherever Other Tobacco Products are Already Prohibited

Dear Madame Speaker:

In 2005 I fought for the passage of the Natasha Protection Act because a courageous young girl suffering from cancer wanted to eat with her family at restaurants. She just wanted to do it without getting too sick to breathe. Now fourteen years later, as our children face new threats, I am glad to sign Bill 138 into law as **Public Law No. 35-47**.

While e-cigarettes are often branded a cessation aid, individual choices should not endanger those in public spaces-or their children. "Exposure to any nicotine or tobacco product is dangerous for infants and children," said Dr. Jonathan Winickoff, the director of pediatric research at the Tobacco Research and Treatment Center at Massachusetts General Hospital. "The developing brain is exquisitely sensitive to nicotine."

This measure could not come at a more opportune time. Local statistics show that in 2015 32.2% of high school students and 23.1% of middle school students reported current use of vaping products. Public Law No. 47, like the Act it is now a part of places Guam on the right side of history.

I applaud the work of this bill's author Senator Amanda Lee Shelton and look forward to partnering with her on other measures which will keep our community safe.

Senseremente,

LOURDES A. LEON GUERRERO

Maga'hågan Guåhan

Governor of Guam

Clynton E. Ridgell
Jose “Pedo” Terlaje
Sabina Flores Perez
William M. Castro
Louise B. Muña
Telo T. Taitague
James C. Moylan

**AN ACT TO *AMEND* § 90103 OF CHAPTER 90, TITLE 10,
GUAM CODE ANNOTATED, RELATIVE TO
EXPANDING THE *NATASHA PROTECTION ACT OF 2005*
TO DEFINE AND PROHIBIT THE USE OF
ELECTRONIC SMOKING DEVICES WHEREVER
OTHER TOBACCO PRODUCTS ARE ALREADY
PROHIBITED.**

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1.** § 90103 of Chapter 90, Title 10, Guam Code Annotated, is
3 hereby *amended* to read:

4 **“§ 90103. Definitions.**

1 The following words and phrases, when used in this Chapter, *shall* be
2 construed as follows:

3 (a) *Bar*, as defined for this Chapter, means an establishment
4 or area devoted to the serving of alcoholic beverages for consumption
5 by guests on the premises in which the serving of food is only incidental
6 to the consumption of such beverages, and where the sale of alcoholic
7 beverages exceeds fifty percent (50%) of the establishment's gross
8 revenues. The term *bar* applies to an area within a restaurant
9 establishment when:

10 (1) the serving of alcoholic beverages is located within
11 a physically enclosed area apart from the dining area; or

12 (2) the serving of alcoholic beverages is located at an
13 open and well-ventilated area apart from the dining area; or

14 (3) the serving of alcoholic beverages exceeds fifty
15 percent (50%) of the establishment's gross revenue between the
16 hours of 10:00 p.m. and 4:00 a.m. during those hours.

17 (b) *Business* means any sole proprietorship, partnership,
18 corporation or other business entity formed for profit-making purposes,
19 including retail establishments, as well as professional corporations and
20 other entities where legal, medical, or other professional services are
21 delivered.

22 (c) *Dining area* means any enclosed area containing a counter
23 or tables upon which meals are served.

24 (d) *Electronic smoking device* means any electronic product
25 that can be used to aerosolize and/or deliver nicotine or other substances
26 to the person inhaling from the device, including, but *not* limited to, an
27 electronic cigarette, electronic cigar, electronic cigarillo, electronic

1 pipe, hookah pipe, or hookah pen, and any cartridge or other component
2 of the device or related product, whether or not sold separately.

3 (e) *Employee* means any person who is employed by an
4 employer in consideration of direct or indirect monetary wages or
5 profit.

6 (f) *Employer* means any business, including the government
7 of Guam and any of its autonomous agencies, which employs the
8 services of one (1) or more persons.

9 (g) *Enclosed area* or the term *enclosed*, when used relative to
10 a structure or building, means all space between a floor and ceiling
11 which is completely enclosed on all sides by solid walls or windows
12 (exclusive of doors and passageways) having an air circulation system
13 completely separate from the dining area.

14 (h) *Open area* means an outdoor area or all space between a
15 floor and ceiling which is enclosed by *no more than* sixty percent (60%)
16 on all sides by solid walls or windows.

17 (i) *Place of employment* means any enclosed area under the
18 control of an employer which employees normally frequent during the
19 course of employment, including, *but not limited to*, work areas,
20 employee lounges and restrooms, conference rooms, and hallways. A
21 private residence is not a “place of employment” unless it is used as a
22 childcare or health care facility.

23 (j) *Public place* means any enclosed area to which the public
24 is invited or in which the public is permitted, including, *but not limited*
25 *to*, banks, health care facilities, public transportation facilities,
26 reception areas, restaurants, retail food production and marketing

1 establishments, retail stores, theaters, and waiting rooms. A private
2 residence is not a “public place.”

3 (k) *Restaurant*, as defined for this Chapter, means any retail
4 eating establishment other than a bar where food is served or provided
5 for onsite consumption by seated patrons that is regulated by the
6 Department of Public Health and Social Services, including any private
7 food establishment or club where food is served or provided for on-site
8 consumption by seated patrons in which only members or their guests
9 are permitted. If a restaurant includes an area devoted to the serving of
10 alcoholic beverages that is not enclosed or is not located within a well-
11 ventilated open area apart from the dining area, that area *shall* be
12 deemed part of the “restaurant,” not a separate “bar,” as used in this
13 Chapter.

14 (l) *Retail tobacco store* means a retail store utilized primarily
15 for the sale of tobacco products and accessories, and in which the sale
16 of other products is merely incidental.

17 (m) *Service line* means any indoor line at which one (1) or
18 more persons are waiting for or receiving services of any kind.

19 (n) *Smoke ventilation device* means devices that are inspected
20 and regulated by the Guam Environmental Protection Agency and
21 approved by the Department of Public Health and Social Services
22 (DPHSS) pursuant to 10 GCA § 21101 and § 21102, in accordance with
23 the standards of the American Society of Heating, Refrigeration and
24 Air Conditioning Engineers, which adequately improves air quality
25 within enclosed areas where smoking occurs consisting of:

1 (1) an approved mechanical device that aspirates air
2 contaminated by smoking within an enclosed area to an external
3 open area; or

4 (2) an approved aeration device that filters,
5 mechanically or ionically, air contaminated by smoking within
6 an enclosed area improving air quality standards.

7 (o) *Smoking* means inhaling, exhaling, or burning any lighted
8 or heated tobacco product or plant product intended for inhalation in
9 any manner or in any form. *Smoking* includes the use of an electronic
10 smoking device.

11 (p) *Sports arena* means the enclosed area of any sports
12 pavilions, gymnasiums, health spas, swimming pools, roller and ice
13 rinks, bowling alleys, and other similar places where members of the
14 general public assemble either to engage in physical exercise,
15 participate in athletic competition, or witness sports events.

16 (q) *Tobacco product* means any product made or derived from
17 tobacco, that contains nicotine or other substances, and is intended for
18 human consumption or is likely to be consumed, whether smoked,
19 heated, chewed, absorbed, dissolved, inhaled, or ingested by any other
20 means, including, *but not limited to*, a cigarette, cigar, pipe tobacco,
21 chewing tobacco, snuff, snus, or an electronic smoking device. Tobacco
22 product does *not* include drugs, devices, or combination products
23 approved for sale by the United States Food and Drug Administration,
24 as those terms are defined in the Federal Food, Drug, and Cosmetic
25 Act.”

26 **Section 2. Effective Date.** This Act *shall* be effective upon enactment.
