AN ACT TO AUTHORIZE I MAGA'HÁGAN GUÅHÁN TO EXCHANGE 384± SQUARE METERS OF AN EXISTING BULL CART TRAIL BETWEEN LOT 5007-3 AND 5071#1-2 AND BETWEEN LOT 5007-4 AND LOT 5071#1-2, IN THE MUNICIPALITY OF TAMUNING WITH AN AREA OF 746± SQUARE METERS WITHIN LOT 5071#1-2 FOR PUBLIC RIGHT-OF-WAY USE.

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings and Intent. I Liheslaturan Guåhan finds that in various areas throughout the island, bull cart trails serve as the only means
of public access to private properties. In many cases, however, full enjoyment of bull cart trails has been compromised due to failure in memorializing their existence as properties continued to be subdivided and developed in the past. In many instances, bull cart trails have outlived their usefulness, requiring either full improvement when in use or outright deletion to accommodate full enjoyment of private lands. The government is challenged when bull cart trails are hindered from opportunities of improvement for full use particularly when hindered by physical conditions of various irregular widths and by costs to upgrade to meet current minimum standards of public safety.

*I Liheslaturan Guåhan further finds that a particular bull cart trail of variable width totaling 384± square meters exists between Lot 5007-3 and 5007-4, and Lot 5071#1-2 in the municipality of Tamuning, to which an enclave of private property owners has depended on as the sole access to their residences for over thirty (30) years. The situation is further exacerbated because access to the 384± square meters of the bull cart trail is blocked by encroachment of a butler type building extending from Lot 5074#1-2. Presently, access to the 384± square meter portion of the bull cart trail from Route 16 occurs through private property on Lot 5007-4, under agreement with the private property owner. This agreement has been informally extended by the current lessee of Lot 5007-4, MOMO Corporation, whose lease expires on March 13, 2039.

Therefore, *I Liheslaturan Guåhan intends to allow a land exchange of the government’s current 384± square meters variable bull cart trail with the 746± square meters of Lot 5071#1-2, owned by MOMO Corporation, in order to facilitate a wider and safer access to houses in the area. Access to this newly acquired 746± square meters easement from Route 16 will continue at the discretion of the lessee and owner of Lot 5007-4.
The government of Guam also intends to ultimately eliminate access to the
easement through Lot 5007-4. *I Liheslutan Guåhan* recognizes the willingness of
the property lessee of Lot 5007-4 to allow public access through such property with
the understanding that the government of Guam continues to pursue a remedy to
realize full use of the new easement through alignment from East Taitano Street, and
that the government of Guam will be held harmless in all matters concerning MOMO
Corporation’s desire to allow such temporary public access.

**Section 2. Authorization for Land Exchange.** *I Mina'trentai Singko Na
Liheslutan Guåhan* hereby authorizes *I Maga'hågan Guåhan* to exchange 384±
square meters of an existing bull cart trail that exists between Lot 5007-3 and Lot
5007-4 and Lot 5071#1-2, in the municipality of Tamuning, with 746± square meters
of Lot 5071#1-2 in the municipality of Tamuning owned by MOMO Corporation.
MOMO Corporation agrees to improve the 746± square meters of land for public
access and utilities. The proposed exchange is depicted in “Exhibit A, Severance
Survey Map of Lot 5071#1-2, Deletion of 6.096m Setback Access Easement
(Exhibit A).”

*I Liheslutan Guåhan* intends to allow a land exchange of the government’s
current 384± square meters variable bull cart trail with the 746± square meters of
Lot 5071#1-2 owned by MOMO Corporation, in order to facilitate a wider and safer
access to houses in the area, with the understanding that the government of Guam
continues to pursue a permanent remedy. Access to this newly acquired 746± square
meters easement from Route 16 will continue at the discretion of the lessee and
owner of Lot 5007-4. The government of Guam shall be held harmless in all matters
concerning MOMO Corporation’s desire to allow such temporary access through
Lot 5007-4.

**Section 3. Appraisals.** As the 746± square meters of Lot 5071#1-2, as
depicted in Exhibit A, of proposed exchange is of significantly greater land area than
that of the 384± square meters variable bull cart trail, for proposed deletion, greater
good to public safety will be achieved by having more land area for road
improvement. Thus, 2 GCA § 2107(b) and Section 6.04(c)(4) of the Standing Rules
of I Mina'trentai Singko Na Lihaslaturan Guåhan, relative to appraisals of land, shall
not apply to this Act.

Section 4. The requirements of 21 GCA § 62108(b) are hereby waived to
allow inclusion of a thirty-two (32) foot wide right-of-way as depicted in Exhibit A.

Section 5. Severability. If any provision of this Act or its application to any
person or circumstance is found to be invalid or contrary to law, such invalidity shall
not affect other provisions or applications of this Act that can be given effect without
the invalid provision or application, and to this end the provisions of this Act are
severable.
