***I MINA'TRENTAI SAIS NA LIHESLATURAN GUÅHAN***  
**2021 (FIRST) Regular Session**

Bill No. 155-36 (COR)

Introduced by:

V. Anthony Ada   
Christopher M. Dueñas 

**AN ACT TO AMEND § 3606 OF CHAPTER 3, TITLE 16,  
GUAM CODE ANNOTATED RELATIVE TO REQUIRING  
UPDATING GUAM'S ABANDONED VEHICLE LAW.**

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds the law  
3 on abandoned vehicles was largely created more than fifty years ago. As such, many  
4 of the laws are in need of updating to reflect current vehicle valuation and notice  
5 requirements. A few examples of provisions in law that prevent junk vehicles from  
6 being disposed of are: (1) the requirement that notice be sent to the registered owner  
7 by registered mail if the valuation is more than \$100, (2) the waiting period that must  
8 elapse before the vehicle can be disposed of (3) the onerous requirements to auction  
9 vehicles that have a value of more than \$100 and (4) the lack of a provision to revoke  
10 title to the vehicle and make it a component of the solid waste stream.

11 *I Liheslaturan Guåhan* further finds that most of the abandoned vehicles that are left  
12 on road ways in the jungle areas have no economic value and that recycling  
13 companies charge an average of \$150 per vehicle (the cost of labor to remove  
14 plastics and fluids from the vehicle). In addition, towing companies charge an  
15 average of \$150 to remove a vehicle and \$15 per day to store the vehicle while  
16 government officials decide what do with it. The Department of Revenue and  
17 Taxation uses automotive publications including the *Kelly Blue Book* to appraise  
18 vehicles for ownership transfer valuations. Such publications however, usually

1 reflect appraisals much higher than the actual value of vehicles abandoned on the  
2 roadways or in the jungles of Guam. Most of these vehicles have zero monetary  
3 value. Raising the appraisal threshold from \$100 to \$1,000 to account for inflation  
4 over the past fifty years, will provide a more accurate distinction between junk and  
5 vehicles that have an economic value.

6 *I Liheslaturan Guåhan* further finds that a 3-day notice period where a photograph  
7 and other information on the vehicle is posted on multiple websites is sufficient time  
8 for residents who are missing a vehicle to determine if their vehicle has been  
9 removed from government property by an agency of the Government of Guam.

10 *I Liheslaturan Guåhan* further finds that law enforcement officers confiscate license  
11 plates from vehicles with expired registrations, lack of proof of insurance or for a  
12 variety of other reasons and leave such vehicles at the location where the plates were  
13 confiscated.

14 It is the intent of the *I Liheslatura Guåhan* to update the requirements for disposing  
15 of junk vehicles.

17 **Section 2.** §3606 of Article 6, Chapter 3, Title 16, Guam Code Annotated is  
18 *amended* to read as follows:

15 further registration and operation as a vehicle.

16 (3) If the vehicle is appraised at a value exceeding One ~~Hundred~~ Thousand  
17 Dollars (\$1,000), the ~~Director~~ Department of Revenue and Taxation may sell  
18 such vehicle at public sale after giving ten (10) days' notice of the sale ~~in a~~  
19 newspaper of general circulation in Guam on its website and the website of  
20 the Mayors Council of Guam. The Department of Revenue and Taxation shall  
21 accept the highest offer. In the event that no offers are received, the vehicle  
22 shall be disposed of in a manner consistent with paragraph (1), supra.

23 (4) The proceeds of each sale shall be deposited in the ~~Abandoned Vehicle~~  
24 and Streetlight Recycling Revolving Fund. Costs related to the removal and
