AN ACT TO ADD A NEW CHAPTER 98 TO TITLE 10, GUA M CODE ANNOTATED, RELATIVE TO THE ESTABLISHMENT OF THE NURSE RECRUITMENT AND RETENTION FUND WITH PROCEEDS FROM THE ANNUAL COMMUNITY CONTRIBUTION OF THE QUALIFYING CERTIFICATE NO. 252 FROM THE GUAM HEALTHCARE DEVELOPMENT, INC., DBA GUAM REGIONAL MEDICAL CITY (GRMC), FOR THE SOLE PURPOSE OF FUNDING THE NURSING DIFFERENTIAL PAY AT GUAM MEMORIAL HOSPITAL AUTHORITY TO ADDRESS NURSING RECRUITMENT AND RETENTION SHORTAGES; AND TO BE KNOWN AS “THE GMHA NURSE RECRUITMENT AND RETENTION ACT OF 2021.”

1 BE IT ENACTED BY THE PEOPLE OF GUAM:
2
3 Section 1. Legislative Findings and Intent. I Li heslur an Guâhan finds
4 that Guam Memorial Hospital Authority (GMHA) has faced perennial nursing
5 shortages for decades which have impacted the hospital’s ability to maximize bed
6 capacity in its Acute, Emergency, and Clinical Areas. Each year GMHA loses
7 nurses due to retirement, resignation, or transfer to other public or private entities
8 on island or off-island opportunities. The Director of Administration was charged
9 since at least 1998 with providing recruitment and retention incentives for nurses
10 in the government of Guam, to review salary schedules every three years and
upgrade as needed, to ensure classifications are competitive with the national average.

In April 2019, GMHA instituted a 16% differential pay increase to nurses’ wages in an effort to recruit and retain registered nurses at Guam’s only public hospital. The 16% differential pay for nurses cost an estimated $3.3 M annually. However, even with the additional 16% differential pay, I Liheslaturan Guåhan finds that GMHA nurses are paid significantly less than the national average annual salary. In 2019, the national average salary for registered nurses was $73,300. Based on the FY 2020 staffing pattern, the estimated average salary for GMHA nurses is $46,602. In addition on the local level, entry level nursing salaries for GMHA nurses despite the additional 16% differential pay are lower than most entry level nursing positions in other public and private health care settings on Guam.

In August 2020, to address the shortage of nurses in Intensive Care Unit, Emergency Room, or Hemodialysis Unit, and to incentivize these crucial positions, the GMHA Board of Trustees passed Resolution 2020-37 which implemented an additional 15% differential pay for highly skilled nurses in the Intensive Care Unit, Emergency Room, or Hemodialysis Unit.

Recently, the GMHA Board of Trustees have explored increasing the 16% differential pay for nurses to 22% in order to achieve parity at Guam Memorial Hospital with competing nursing salaries on and off island. However, additional funding would be needed to implement this recruitment and retention strategy. I Liheslaturan Guåhan finds that the Guam Economic Development Authority (GEDA) and the Governor of Guam issued Qualifying Certificate (QC) No. 252 to Guam Healthcare Development, Inc., dba Guam Regional Medical City (GRMC) in January 2015. The QC provided tax abatements and rebates, to include a corporate income tax rebate at seventy-five percent (75%) for twenty (20) years, a
corporate tax dividend tax rebate at seventy-five percent (75%) for five (5) years, and a real property tax abatement at one hundred percent (100%) for ten (10) years.  

_I Liheslaturan Guåhan_ also finds that the QC to GRMC required that an Annual Community Contribution be provided to the government of Guam as follows: Year 1: Five Hundred Thousand Dollars ($500,000); Year 2: Seven Hundred Fifty Thousand Dollars ($750,000); Years 3 to 5: One Million Dollars ($1,000,000); Years 6 to 10: One Million Two Hundred Thousand Dollars ($1,200,000); and Years 11 to 20: One Million Four Hundred Thousand Dollars ($1,400,000). Such contribution funds were recommended in §3.12.02 of QC No. 252 to be allocated to health care (priority to Guam Memorial Hospital and Department of Public Health and Social Services), Medicaid matching, MIP payments; public safety; economic development with a priority on the promotion of the medical industry and small business; higher education, and cultural preservation. 

_I Liheslaturan Guåhan_ further finds that for Fiscal Year 2021, the government of Guam expects to receive One Million Dollars ($1,200,000) in Annual Community Contributions from the GRMC; and _I Liheslaturan Guåhan_ contends that such Annual Community Contributions can be, and is, subject to legislative appropriation. 

Therefore, _I Liheslaturan Guåhan_ intends to transfer such funds to the Nurse Recruitment and Retention Fund in Fiscal Year 2021 and each year after for the length of the QC No. 252 for the sole purpose of increasing the nursing differential pay at Guam Memorial Hospital Authority pursuant to this Act; and it is also the intent of _I Liheslaturan Guåhan_ to provide GMHA with the funding necessary to adequately recruit and retain nursing staff at Guam’s only public hospital.
