BUREAU OF BUDGET AND MANAGEMENT RESEARCH
COMMENTS ON BILL NO. 4-36 (COR)

The proposed legislation intends to suspend the additional tax levy of seven eighths percent (7/18%) on land properties with improvements valued at One Million Dollars (\$1,000,000) or more for FY 2021 and FY 2022. The legislation states the suspension of such levy shall be effective retroactively to January 1, 2021. Real property tax levies are deposited into the Territorial Educational Facilities Fund (TEFF).

It should be noted that the additional 7/18% tax levy on properties with improvements valued at \$1M or more was incorporated as Section 3, Chapter 1 of P.L. 34-116 (the General Appropriations Act of 2019). However, such section of P.L. 34-116 did not include the language “or more”, therefore causing an unintentional narrowing of the scope of the tax levy to properties only valued at exactly \$1M. As such, the 35th Guam Legislature passed P.L. 35-01 to include the “or more” language to Section 3, Chapter 1 of 34-116.

The TEFF funds the following departments/programs: debt service for JFK High School and Okkodo High School, Guam Department of Education (GDOE) operations, GDOE mediation services, GDOE school grounds maintenance, GDOE Tiyan lease, debt service for University of Guam Capital Improvements Fund, Guam Community College Capital Improvements Fund, Guam Commission for Educator Certification operations, Department of Public Works bus operations, Guam Public Library System operations, Guam Educational Telecommunications Corporation (PBS Guam) operations, and the Mayors Council of Guam public safety programs.

Prior to passage of P.L. 35-01, the TEFF generated \$26.17M in FY 2016, \$26.89M in FY 2017, and \$29.80M in FY 2018, for an average collection of \$27.62M. After passage of P.L. 35-01, the TEFF generated \$33.18M in FY 2019 and \$34.02M in FY 2020, for an average collection of \$33.61M. As such, the additional tax levy on properties valued at \$1M or more generates an average variance of \$5.98M more for the programs noted above.

Per the December 2020 Special Revenue Fund report, the TEFF is projecting to collect \$36.57M in FY 2021, or \$1.49M below the adopted level of \$38.07M in P.L. 35-99. Should the proposed legislation become law, the shortfall currently projected in the December 2020 Special Revenue Fund report will be further exacerbated by another \$5.98M (per the average variance noted above). As such, the Bureau notes that the proposed suspension of the additional tax levy on properties valued above \$1M will provide a significant reduction in resources for the departments/programs noted above during both FY 2021 and FY 2022.
