Notes:
 1/ Placing a sunset provision of ten (10) years for all existing and new tax credit programs, other than those where *Liheslatura* established a specific period for claiming credits, will generate a positive fiscal impact on Government of Guam finances as it will assist in the responsible management of these programs and not implicate revenue collections in subsequent fiscal years. However, the Bureau notes that applying any tax credits will likely result in reduced financial resources for other government programs and services in the fiscal period(s) that the credits are claimed. Further, the Bureau is unable to ascertain a specific cost impact absent additional information from the Guam Economic Development Authority.
