Footnotes: 1/ The bill language identifies the reprogramming and appropriation of Highway 2001 Bond Construction Fund and the Highway 1985 Bond Construction Fund which are merged based on law and accounted for under the Limited Obligation Highway Bond 2001A-CPF. The Limited Obligation Highway Bond 2001A-CPF Unreserved Balance is based on (Unaudited) Financial Statement for the period ending September 30,2012, which reflects a fund balance of \$1,427,915.90, subject to any authorized fund movements.

Comments on Bill No. 25-32 (COR)

The bill is seeking to reprogram available funds in the aggregate sum of \$1,112,167.25 to fund costs for certain capital improvement projects, heavy equipment needs, and flood mitigation purposes.

The original intent of the bond funding was to address pot hole repair and village streets, which are the responsibility of the Department of Public Works (DPW), separate from routed road highway related projects which are funded under the Federal highway program. Based on Section 2 of the bill, which appears as intended for DPW, a reprogramming of available bond funds will go toward specified village repairs under Item Nos. 1 (flood mitigation, Taitano Street, Harmon); 2 (flood mitigation residential unit, Barrigada); 4 (flood mitigation at access road, Dededo village); and 6 (flood mitigation, Yigo village). Funds are also being identified for other flood mitigation purposes under Item Nos. 3 (purchase of excavator); 5 (purchase of backhoe); and 7 (for various DPW flood mitigation work island-wide (unspecified village locations).

Section 3 stipulates that prior to use of funds for purposes identified Section 2, DPW and the Department of Administration must certify that the capital projects initially authorized under the bond funds are completed. Additionally, information from the Guam Economic Development Authority Bond Counsel, reflects that "Because the 2001 bonds are fully paid, the Indenture no longer governs the funds..."

It is noted that the 2009 Village Streets Master Plan (VSMP) was developed to assist the Government of Guam by establishing baseline for needed improvements on the roadways that connect to the federally funded routed road network. However, per the DPW Acting Highway Administrator, amounts identified under the proposed legislation for the villages may not necessarily be related to projects under the VSMP.

The Yigo Mayor identified possible allocation of \$150,000 under Item No. 6 of Section 2 for flood mitigation (ponding basin) Marianas Terrace/ Chalan Goro Elena (VSMP list) / East Gayinero (VSMP list).

The Limited Obligation Highway Bond 2001A-CPF Unreserved Balance is based on (Unaudited) Financial Statement for the period ending September 30,2012, which reflects a fund balance of \$1,427,915.90, subject to any authorized fund reservation.
