Tina Rose Muña Barnes
Speaker

Attested:

Amanda L. Shelton
Legislative Secretary

This Act was received by *I Maga'hågan Guåhan* this 7th day of October
2019, at 12:47 o'clock p.M.

Assistant Staff Officer
Maga'håga's Office

APPROVED:

Lourdes A. Leon Guerrero
I Maga'hågan Guåhan

Date: _____

Public Law No. _____

I MINA'TRENTAI SINGKO NA LIHESLATURAN GUÅHAN
2019 (FIRST) Regular Session

Bill No. 169-35 (COR)

As amended by the Committee on Environment,
Revenue and Taxation, and Procurement; and further
amended on the Floor.

Introduced by:

Sabina Flores Perez
Telo T. Taitague
Tina Rose Muña Barnes
Kelly Marsh (Taitano), PhD
James C. Moylan
Louise B. Muña
William M. Castro
Régine Biscoe Lee
Telena Cruz Nelson
Clynton E. Ridgell
Joe S. San Agustin
Amanda L. Shelton
Jose "Pedo" Terlaje
Therese M. Terlaje
Mary Camacho Torres

**AN ACT TO *ADD* A NEW § 104115.1 TO ARTICLE 1 OF
CHAPTER 104, TITLE 21, GUAM CODE ANNOTATED,
RELATIVE TO PUBLIC AWARENESS OF RADON
RISKS AND THE REPORTING OF RADON RESULTS,
UPON THE SALE OF REAL PROPERTY.**

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds
3 that radon is a radioactive, colorless, and odorless gas and a known carcinogen,
4 considered by the United States Environmental Protection Agency (USEPA) as the
5 second leading cause of lung cancer in the United States. In addition to cancer, recent

1 studies reveal that radon could impede the function of other vital organs, such as the
2 thyroid gland that produces hormones that control heart rate, blood pressure, body
3 temperature, metabolism, and weight. On Guam, a 2009 radon exposure survey
4 conducted by the Guam Environmental Protection Agency (GEPA) found nearly
5 one-third of all structures tested on Guam were above the recommended action level
6 of four (4) picocuries per liter of air. Radon levels were highest in villages in the
7 northern half of Guam, where two-thirds of Guam's population reside.

8 *I Liheslaturan Guåhan* further finds that information empowers our
9 community to educate and protect themselves against the threat of radon. As such, *I*
10 *Liheslatura* seeks to mandate that information regarding the potential for exposure
11 to radon be made available to the purchaser, and that radon testing results also be
12 made available, upon the sale of real property.

13 **Section 2.** A new § 104115.1 is hereby *added* to Article 1 of Chapter 104,
14 Title 21, Guam Code Annotated, to read:

15 **“§ 104115.1. Information on Radon Upon the Sale of Residential**
16 **Real Property.**

17 (a) Every purchaser of any interest in residential real property on
18 which a residential dwelling exists *shall* be notified by the selling broker, in
19 writing, that said property may present the potential for exposure to radon.

20 (b) The Guam Environmental Protection Agency (Agency) *shall*
21 develop the content of written information that the selling broker *shall* provide
22 to the buyer, in accordance with Subsection (a) of this Section, of any interest
23 in residential real property on which a residential dwelling exists. The
24 information *shall* describe potential hazards of exposure to radon, methods
25 and resources for radon testing and remediation, and any other relevant
26 information the Agency deems appropriate.

1 (c) The seller of any interest in residential real property on which a
2 residential dwelling exists is required to provide the buyer with any
3 information on radon from tests or inspections conducted on such property or
4 dwelling in the seller's possession, and notify the buyer of any known radon
5 hazards.

6 (d) Nothing in this Section is intended to or shall be construed to
7 imply an obligation on the seller to conduct any radon testing or mitigation
8 activities.”

9 **Section 3. Effective Date.** This Act *shall* be effective three (3) months after
10 enactment.

11 **Section 4. Severability.** If any provision of this Act or its application to any
12 person or circumstance is found to be invalid or contrary to law, such invalidity *shall*
13 *not* affect other provisions or applications of this Act that can be given effect without
14 the invalid provision or application, and to this end the provisions of this Act are
15 severable.
