30 approval of same date.**

31           1. If, based upon the seating capacity of the venue and the proposed scale for prices of tickets, the  
32 total gross receipts from admission fees for a program of unarmed combat may reasonably exceed  
33 \$200,000, the Commission will consider a request for a permit and for approval of a date for the program  
34 submitted only if the request includes:

35           (a) A bout agreement or letter of intent signed by each unarmed combatant who is participating in  
36 the contest or exhibition that is designated as the main event of the program;

1 (b) A contract or letter of intent signed by each promoter and by the authorized representative of  
2 the venue in which the program is to be held;

3 (c) A statement that describes the seating capacity of the venue in which the program is to be  
4 held; and

5 (d) The proposed scale for prices of tickets for the program.

6 2. If the Commission receives more than one request for the approval of a date submitted for the  
7 same date, the Commission will:

8 (a) Approve only one request and grant a permit pursuant to only to the applicant who submitted  
9 the request that was approved, if the Commission determines that approving the request of and granting the  
10 permit to only that applicant is in the best interests of Guam and the sport of unarmed combat;

11 (b) Approve only one request and grant a permit only to the first applicant who submits a  
12 completed request for approval to hold a program of unarmed combat on that date;

13 (c) Approve two or more requests and grant permits to each applicant who submitted a request so  
14 approved, if the Commission determines that granting the permits is in the best interests of Guam and the  
15 sport of unarmed combat; or

16 (d) Take such other action as is deemed appropriate by the Commission.

17 **§4238 Programs for charitable purposes: Application; duties of promoter.**

18 1. A person who wishes to present a program of unarmed combat for charitable purposes must file  
19 with the Commission an application for a permit to present the program. The application must contain the  
20 name of the charity, charitable fund or organization which is to benefit from the program and the amount or  
21 percentage of the receipts of the program which is to be paid to the charity.

22 2. Within 10 days after such a program is held, the promoter shall furnish to the Commission a  
23 certified itemized statement of the receipts and expenditures in connection with the program and the net  
24 amount paid to the charitable fund or organization. If the promoter fails to file the statement within the  
25 prescribed time, the Commission:

26 (a) May suspend or revoke the promoter's license.

27 (b) Will not thereafter issue a permit to the promoter for the holding of any program of unarmed  
28 combat for charitable purposes.

29 **§4239 Arrangement of contest or exhibition; use of licensed matchmaker by promoter.** A  
30 contest or exhibition may not be arranged on behalf of any promoter except by a licensed matchmaker or  
31 the promoter himself.

32 **§4240 Minimum number of rounds for program. (PL 30-45 §7420)**

33 1. Except as otherwise provided in subsection 2, a promoter shall not schedule fewer than:

35 consists of contests or exhibitions of boxing or kickboxing.

36 (b) Twenty rounds of mixed martial arts on any one program of unarmed combat that consists of  
37 contests or exhibitions of mixed martial arts.

1           2. The Chairman of the Commission, if good cause is shown, grant a promoter's request to  
2 schedule up to three rounds less than the minimum number of rounds set forth in subsection 1.

3           **§4241 Maximum number of contestants for program.** A promoter shall not schedule any one  
4 program of unarmed combat which utilizes more than 18 contestants unless a different limit is approved by  
5 the Chairman of the Commission or his designee.

6           **§4242 Certain persons retained by promoter must have licenses.** A promoter shall not retain  
7 a person for any of the following positions unless he is licensed by the Commission:

- 9           2. Matchmaker; or
- 10          3. Announcer.

11          **§4243 Selection and approval of ring officials and announcer.**

12          1. The ring officials of contests or exhibitions are the referee, judges, timekeeper, physician and  
13 Commission's representative. The Commission will select and approve all ring officials.

14          2. The promoter may select the announcer for a contest or exhibition, subject to the Commission's  
15 approval.

16          **§4244 Referees: Selection; fee; protest of assignment; physical examination.**

17          1. A majority of the Commission will select the referee for the main event in boxing  
18 championship contests and for any other boxing contests or exhibitions which the Commission considers to  
19 be special events.

20          2. The Commission will set the fee which the referee is entitled to receive for a contest or  
21 exhibition.

22          3. If any licensee of the Commission protests the assignment of a referee, the protesting licensee  
23 will be given a hearing by the Commission if time permits. If time does not permit, the matter will be heard  
24 by two Commissioners or a Commissioner and the Chief Inspector or Executive Secretary in order to make  
25 such disposition of the protest as the facts may justify. Protests not made in a timely manner may be  
26 summarily rejected.

27          4. Each referee licensed by the Commission must annually undergo a complete physical  
28 examination, including an eye examination conducted by an optometrist or ophthalmologist. The licensee  
29 must produce all records of the examination at the request of the Commission.

30          **§4245 Judges: Selection; protest of assignment; fee; stationing; physical examination.**

31          1. A majority of the Commission will select the judges for the main event in boxing  
32 championship contests and for any other boxing contests or exhibitions which the Commission considers to  
33 be special events.

34          2. If any licensee of the Commission protests the assignment of a judge, the protesting licensee  
35 will be given a hearing by the Commission if time permits. If time does not permit, the matter will be heard  
36 by two Commissioners or a Commissioner and the Chief Inspector or Executive Secretary in order to make

1 such disposition of the protest as the facts may justify. Protests not made in a timely manner may be  
2 summarily rejected.

3 3. The Commission will set the fee which the judges are entitled to receive for a contest or  
4 exhibition.

5 4. The judges must be stationed ringside at places designated by the Commission's representative.

6 5. Each judge licensed by the Commission:

7 (a) May be required to submit to or provide proof of a complete physical examination; and

14 2. A promoter shall pay to the Commission the total fees set by the Commission for all persons  
15 whom the Commission directs to officiate in a contest or exhibition promoted by that promoter.

16 3. The Commission will pay the money collected pursuant to this section to the officials described  
17 in subsection 1.

18 **§4247 Cancellation or postponement of program: Limitations; new bout agreement;**  
19 **approval of new date; advance notice to public.**

20 1. A promoter may not cancel or postpone a program of unarmed combat unless the cancellation  
21 or postponement is approved by the Commission or its representative.

22 2. If a postponement becomes necessary through no fault of the promoter, the Commission may  
23 order that the parties enter into a new bout agreement and may approve a new date.

24 3. A small advance sale is not a legitimate reason for a cancellation or a postponement.

25 4. A cancellation or postponement must not be made by the promoter so late that the public  
26 cannot be notified in advance through the news media.

27 **§4248 Change or substitution involving main event: Notice by promoter; refund of price of**  
28 **ticket; approval of substitution.**

29 1. The promoter of a program of unarmed combat shall, if possible:

30 (a) Notify the Commission and the news media of any change or substitution involving a contest  
31 or exhibition that was announced or advertised as the main event of the program; and

32 (b) Provide such notice at least 24 hours before the first contest or exhibition of the program.

33 The promoter shall also conspicuously post the change or substitution at the box office of the  
34 premises where the program is to be held and cause the change or substitution to be announced from the  
35 ring or, if the program is being held in a fenced area, from the fenced area, before the first contest or  
36 exhibition of the program.

1           2. If such a change or substitution occurs and any patron desires to have the price of his ticket  
2 refunded, the promoter must refund the patron's money if the patron presents his ticket or the ticket stub at  
3 the box office before the opening contest or exhibition of the program is scheduled to begin. The box office  
4 must remain open a reasonable length of time to redeem such tickets.

5           3. An unarmed combatant may not substitute for another unarmed combatant in a contest or  
6 exhibition that is the main event of a program of unarmed combat unless:

7           (a) The promoter notifies the Commission before the unarmed combatant weighs in for the contest  
8 or exhibition; and

9           (b) The Commission or the Commission's representative approves the substitution.

10           **§4249 Unarmed combatant not used in program must be used in next program or**  
11 **reimbursed.** If a promoter enters into a bout agreement with an unarmed combatant for a contest or  
12 exhibition in a program of unarmed combat, but the promoter, without reasonable cause, does not use the  
13 unarmed combatant in that program, the unarmed combatant must be used in the next program staged by  
14 the promoter or be reimbursed pursuant to the bout agreement.

15           **§4250 Limitations on types of beverage containers, ashtrays and plates used at programs.**

16           1. All drinks at a program of unarmed combat must be dispensed in paper or plastic cups.

17           2. Ashtrays and plates provided for patrons at a program of unarmed combat must be made from  
18 lightweight, nonflammable and nontoxic materials.

19           **TICKETS AND ADMISSIONS**

20           **§4251 Training quarters: Requirements for charging admission fee; duties of person**  
21 **charging fee.**

22           1. An admission fee must not be charged to enter the quarters where an unarmed combatant is  
23 training unless the Commission has authorized the charging of admission.

24           2. If such an admission fee is charged, the Commission will consider the charge to be for the  
25 privilege of seeing a contest or exhibition.

26           3. Within 10 days after the contest or exhibition, the promoter or other person making the charge  
27 shall furnish the Commission a certified written report detailing:

28           (a) The number of admissions; and

29           (b) The total amount of money taken in.

30           The license fee on those gross receipts must be paid to the Commission with the financial report.

31           **§4252 Tickets: Conditions for sale.** The sale of tickets for any proposed contest or exhibition is  
32 prohibited until:

33           1. The aisle spacing, the exit facilities and the location of appliances to extinguish fires have been  
34 approved by the appropriate county or municipal authority; and

35           2. The Commission issues a permit for the contest or exhibition pursuant to PL 30-45 §7405.

36           **§4253 Tickets: Person sold right of admission must be provided with ticket; promoter**  
37 **must prepare inventory of tickets.**

1           1. The right of admission to a program of unarmed combat must not be sold to a person unless  
2 that person is provided with a ticket.

3           2. The promoter of a program of unarmed combat shall:

4           (a) Prepare an inventory which identifies all tickets that were printed for the program and which  
5 accounts for any tickets that are overprints, changes or extras;

6           (b) Sign the inventory under oath, acknowledging that the inventory is true and correct; and

7           (c) Send the inventory to the Commission.

8           **§4254 Contents of ticket; request to change ticket price or program date.**

9           1. Every ticket must have the price, name of the promoter and date of the program of unarmed  
10 combat plainly on it and must adequately indicate that the event is sanctioned by the GUCC.

11           2. Requests for changes in ticket prices or dates of programs of unarmed combat must be made in  
12 writing to the Commission for approval.

13           **§4255 Complimentary tickets: Limitation on issuance; exclusion from calculation of license  
14 fee; calculation of percentage of price and service charge for payment to unarmed combatant.**

15           1. A promoter may not issue complimentary tickets for more than 4 percent of the seats in the  
16 house, equally distributed between or among the price categories for which complimentary tickets are  
17 issued, without the Commission's written authorization. The Commission does not consider complimentary  
18 tickets which it authorizes under this section to constitute part of the total gross receipts from admission  
19 fees for the purposes of calculating the license fee prescribed in PL 30-45 §7406.

20           2. Each unarmed combatant who is working on a percentage must be paid his percentage of the  
21 normal price of all complimentary tickets unless the contract between him and the promoter provides  
22 otherwise and stipulates the number of complimentary tickets which will be issued.

23           3. If a service charge is made for complimentary tickets, the unarmed combatant is entitled to be  
24 paid his percentage of that service charge, unless the contract between him and the promoter provides  
25 otherwise.

26           **§4256 Issuance of complimentary tickets and tickets at reduced rate: Authority and duties of  
27 promoter; use of and liability for tickets; disciplinary action; fees and taxes.**

28           1. Each promoter of a contest or exhibition of unarmed combat has charge of all seating  
29 arrangements but shall furnish to the Commission a limited number of tickets as determined by the  
30 Commission. The Commission may use the tickets at its discretion, which may include use for the  
31 promotion of unarmed combat on Guam or other use to assist the Commission, but the tickets must not be  
32 sold or otherwise exchanged for any monetary value. Persons who receive tickets pursuant to this  
33 subsection are not liable for the payment of any fees for those tickets.

34           2. Each promoter may provide tickets without charge or at a reduced rate to:

35           (a) Any of his employees and, if the promoter is a corporation, to a director or officer who is  
36 regularly employed or engaged in promoting programs of unarmed combat, whether or not his duties

1 require him to be admitted to the particular program and whether or not he is on duty at the time of that  
2 program;

3 (b) Principals and seconds who are engaged in a contest or exhibition that is part of the program of  
4 unarmed combat;

5 (c) A journalist who is performing his duties as such; and

6 (d) A firefighter or police officer who is performing his duties as such.

7 Any person other than a journalist, police officer or firefighter who pays a reduced rate for  
8 admission is liable for payment of applicable fees on the amount paid.

9 3. Each promoter shall perform the following duties in relation to the issuance of complimentary  
10 tickets or those issued at a reduced price:

11 (a) Each ticket issued to a journalist must be clearly marked "PRESS." No more tickets may be  
12 issued to journalists than will permit comfortable seating in the press area.

13 (b) Seating at the press tables or in the press area must be limited to journalists who are actually  
14 covering the contest or exhibition and to other persons designated by the Commission.

15 (c) A list of passes issued to journalists must be submitted to the Commission.

16 (d) Only one ticket may be sold at a reduced price to any one manager, second, unarmed  
17 combatant or other person licensed by the Commission.

18 (e) Any credential issued by the promoter which allows an admission to the program without a  
19 ticket must be approved in advance by a member of the Commission. Requests for the issuance of such  
20 credentials must be made at least 6 hours before the first contest or exhibition of the program.

21 4. Admission of any person who does not hold a ticket or who is not specifically exempted  
22 pursuant to this section is a ground for suspension or revocation of the promoter's license or the assessment  
23 of a penalty.

24 5. The Commission's Executive Secretary or designee shall collect all fees and taxes due on any  
25 ticket which is not specifically exempt pursuant to this section, and for any person who is admitted without  
26 a ticket in violation of this section.

27 **§4257 Admission of certain ring officials; persons authorized to use commission badge;  
28 access to site of program and dressing rooms.**

29 1. The promoter of a program of unarmed combat shall admit to such program any referee, judge,  
30 ringside physician, inspector or timekeeper who is an independent contractor of the Commission and who  
31 presents his card or commission badge evidencing such status.

32 2. A commission badge may only be used by:

33 (a) Commissioners;

34 (b) Commission staff;

35 (c) Commission legal counsel;

36 (d) Inspectors; and

37 (e) Ringside physicians.

1                   3. The promoter of a program and officials of the venue shall allow a person listed in subsection 2  
2 full access to the site of the program and dressing rooms upon the showing of his commission badge.

3                   **§4258 Allocation of seats for media.** The promoter may allocate seats for the media, subject to  
4 the Commission's final approval of the allocation.

5                   **§4259 Reservation of area for use by Commission.**

6                   1. Except as otherwise provided in subsection 2, for every program of unarmed combat, the  
7 promoter of the program shall reserve an area consisting of at least one whole side of the ring, from the ring  
8 apron to 15 feet back from the ring apron, for use by the Commission during the program.

9                   2. If a program of unarmed combat consists of contests or exhibitions of mixed martial arts held  
10 in a fenced area, the promoter shall reserve an area equivalent to the area described in subsection 1 for use  
11 by the Commission during the program.

12                   **§4260 Speculation in tickets prohibited; restrictions on changes in ticket prices.**

13                   1. A promoter who holds a program of unarmed combat shall exercise extraordinary caution to  
14 prevent speculation in tickets.

15                   2. The promoter may not sell any tickets for a price other than the price printed on the ticket.

16                   3. The promoter may not, without the Commission's permission, change the price of tickets at any  
17 time after they have been placed on sale or sell them at any time during the program of unarmed combat for  
18 less than tickets for the same seats were offered or sold before the program commenced.

19                   **§4261 Tickets sold at reduced rate:** Actual price charged must be stamped on ticket and stub.  
20 Any ticket for a program of unarmed combat sold for less than the price printed on the ticket must be  
21 overstamped with the actual price charged. The overstamp must be placed on the printed face of the ticket  
22 as well as the stub retained by the holder of the ticket.

23                   **§4262 Exchange or redemption of tickets; retention and destruction of unsold tickets.**

24                   1. A person may only exchange tickets at the box office. A ticket must not be redeemed after the  
25 program of unarmed combat has taken place.

26                   2. Except as otherwise provided in this subsection, the promoter shall retain all unsold tickets for  
27 a program of unarmed combat. Not less than 6 months after the program, the promoter may request in  
28 writing that the Commission or its representative grant permission to destroy the unsold tickets.

29                   If the Commission or its representative grants permission in writing to destroy the unsold tickets,  
30 the promoter may destroy the unsold tickets.

31                   **§4263 Tickets: Removal and possession of stub.**

32                   1. A holder of a ticket for a program of unarmed combat must not be allowed:

33                   (a) To pass through the gate of the premises where the program is being held unless his  
34 ticket is separated from the stub; or

35                   (b) To occupy a seat unless he is in possession of the stub.

36                   2. For the purposes of this section:

1 (a) "Stub" means that part of the ticket retained by a person entering the arena after the ticket has  
2 been collected.

3 (b) "Ticket" means that part of the ticket retained by the promoter upon a person's entrance to the  
4 arena.

5 **§4264 Duties of ushers and doormen; responsibility of promoter; disciplinary action.**

6 1. An usher shall see that:

7 (a) Patrons get the seats corresponding with their ticket stubs; and

8 (b) Anyone who occupies a seat for which he does not have the ticket stub is asked to vacate or, if  
9 necessary, is ejected.

10 2. The promoter is subject to disciplinary action by the Commission if:

11 (a) Any usher allows an unsold seat to be occupied by a patron not holding a stub for the seat.

12 (b) Any doorman admits any person without a ticket to the program.

13 **§4265 Readmission prohibited; exceptions.** A promoter may not issue a ticket to a person for  
14 the purpose of readmitting him if he leaves the arena and then wishes to reenter the arena, unless the  
15 promoter has obtained the Commission's written permission for such an issuance.

16 **FACILITIES, EQUIPMENT AND SUPPLIES**

17 **§4266 Sanitation.**

18 1. Each promoter is responsible for and must correct any violation of the regulations of the  
19 Commission or the State Board of Health regarding the sanitary condition of dressing rooms, showers,  
20 water bottles, towels or other equipment.

21 2. Physicians and representatives of the Commission shall make a particular examination before  
22 or during each program of unarmed combat to discover any violation of such regulations, and any such  
23 violation must be reported to the Commission immediately.

24 **§4267 Provision of ambulance and medical personnel; alternative medical transport;  
25 notice of program to emergency services, facilities and personnel.**

26 1. Except as otherwise provided in this section, a program of unarmed combat must not be held  
27 unless an ambulance and two persons certified on Guam as advanced emergency medical technicians are  
28 present at the site of the program and able and available to transport an unarmed combatant to a medical  
29 facility.

30 2. If the ambulance or advanced emergency medical technicians leave the site of the program to  
31 transport an unarmed combatant to a medical facility, the program of unarmed combat must not continue  
32 until another ambulance or replacements for the advanced emergency medical technicians are present and  
33 available.

34 3. If an ambulance is not available because of the location of the site, the highest level of medical  
35 transport in that locale must be present and able and available to transport an unarmed combatant to a  
36 medical facility. If the advanced emergency medical technicians are not available because of the location of

1 the site, two persons with the highest level of training as emergency medical technicians in that locale must  
2 be present and able and available to treat an unarmed combatant.

3 4. The medical personnel described in this section:

4 (a) Must be designated to render service only to the unarmed combatants in the program.

5 (b) Shall position themselves and their equipment in a location at or near the ring or, if the  
6 program is being held in a fenced area, at or near the fenced area, that they and the ringside physician deem  
7 appropriate.

8 5. Each promoter of such a program shall, without regard to the size of the anticipated attendance:

9 (a) Give notice of the time, date and site of the program to the ambulance service or emergency  
10 medical service which is located nearest to the site of the program and ascertain from the service the length  
11 of time required for one of its ambulances to reach the site.

12 (b) Give such a notice to the nearest hospital and the persons in charge of its emergency room.

13 6. For purposes of this section, a program of unarmed combat begins with the commencement of  
14 the first bout and ends when the last unarmed combatant leaves the site of the program.

15 **§4268 Provision of emergency equipment.**

16 1. Each promoter of a program of unarmed combat shall arrange to have emergency equipment on  
17 the premises where the program is to be held. The emergency equipment must include, but is not limited to:

2 following requirements:

3           1. The gloves must be examined by a representative of the Commission and the referee.  
4 If padding in any glove is found to be misplaced or lumpy or if any glove is found to be imperfect,  
5 the glove must be changed before the contest or exhibition starts. No breaking, roughing or  
6 twisting of gloves is permitted.

7           2. The gloves for every contest or exhibition that is designated as a main event must be  
8 new, furnished by the promoter and made to fit the hands of the unarmed combatant.

9           3. If the gloves to be used in preliminary contests or exhibitions have been used before,  
10 they must be whole, clean and in sanitary condition. The gloves are subject to inspection by the  
11 referee or representative of the Commission. If a glove is found to be unfit, it must be replaced  
12 with a glove that meets the requirements of this section.

13           4. Each promoter must have an extra set of gloves of the appropriate weight available to  
14 be used in case a glove is broken or otherwise damaged during the course of a contest or  
15 exhibition.

16           5. For contests or exhibitions of boxing, other than elimination boxing contests, and for  
17 contests or exhibitions of kickboxing, each unarmed combatant must wear gloves which weigh not  
18 less than 8 ounces and not more than 10 ounces, except that the Commission will set the weight of  
19 the gloves to be used in a championship contest. All gloves must have the distal portion of the  
20 thumb attached to the body of the glove so as to minimize the possibility of injury to an  
21 opponent's eye.

22           6. For contests or exhibitions of mixed martial arts, each unarmed combatant must wear  
23 gloves that weigh not less than 4 ounces and not more than 8 ounces.

24           7. Unarmed combatants shall use only those brands and models of gloves that have been  
25 approved by the Commission for their contest or exhibition.

26           **§4271 Bandages for hands of unarmed combatant.**

27           1. Bandages on the hand of an unarmed combatant may not exceed one winding of surgeon's  
28 adhesive tape, not over 1 1/2 inches wide, placed directly on the hand to protect the part of the hand near  
29 the wrist. The tape may cross the back of the hand twice, but may not extend within three-fourths of an inch  
30 of the knuckles when the hand is clenched to make a fist.

31           2. Each unarmed combatant shall use soft surgical bandage not over 2 inches wide, held in place  
32 by not more than 6 feet of surgeon's adhesive tape for each hand. Up to one 15-yard roll of bandage may be  
33 used to complete the wrappings for each hand. Strips of tape may be used between the fingers to hold down  
34 the bandages.

17           (b) The contest or exhibition must be declared a technical draw, if the injured unarmed combatant  
18 is behind or even on the scorecards.

19           4. If an unarmed combatant injures himself while attempting to foul his opponent, the referee  
20 shall not take any action in his favor and the injury must be treated the same as an injury produced by a fair  
21 blow.

22           **§4304 Fouls: Accidental.**

23           1. If a contest or exhibition is stopped because of an accidental foul, the referee shall determine  
24 whether the unarmed combatant who has been fouled can continue or not. If the unarmed combatant's  
25 chance of winning has not been seriously jeopardized as a result of a foul and if the foul did not involve a  
26 concussive impact to the head of the unarmed combatant who was fouled, the referee may order the contest  
27 or exhibition continued after a reasonable interval. Before the contest or exhibition begins again, the referee  
28 shall inform the Commission's representative of his determination that the foul was accidental.

29           2. If the referee determines that the contest or exhibition may not continue because of an injury  
30 suffered as the result of an accidental foul, the contest or exhibition must be declared a no decision if the  
31 foul occurs during:

32           (a) The first three rounds of a contest or exhibition that is scheduled for six rounds or less; or

33           (b) The first four rounds of a contest or exhibition that is scheduled for more than six rounds.

34           3. If an accidental foul renders an unarmed combatant unable to continue the contest or exhibition  
35 after:

36           (a) The completed third round of a contest or exhibition that is scheduled for six rounds or less; or

1 (b) The completed fourth round of a contest or exhibition that is scheduled for more than six  
2 rounds, the outcome must be determined by scoring the completed rounds and the round during which the  
3 referee stops the contest or exhibition.

4 4. If an injury inflicted by an accidental foul later becomes aggravated by fair blows and the  
5 referee orders the contest or exhibition stopped because of the injury, the outcome must be determined by  
6 scoring the completed rounds and the round during which the referee stops the contest or exhibition.

7 5. The provisions of this section do not apply to a contest or exhibition of mixed martial arts.

8 **§4305 Determination to stop contest or exhibition: Injury to unarmed combatant.** The  
9 referee shall determine whether a contest or exhibition should be stopped because of an injury to an  
10 unarmed combatant.

11 **§4306 Determination to stop contest or exhibition: One-sided contest or exhibition; risk of**  
12 **serious injury.** The referee may stop a contest or exhibition at any stage if he considers it too one-sided or  
13 if either unarmed combatant is in such a condition that to continue might subject him to serious injury.

14 **§4307 Determination to stop contest or exhibition: Unarmed combatant not honestly**  
15 **competing.** If the referee decides that an unarmed combatant is not honestly competing, he may stop the  
16 contest or exhibition before its scheduled completion, disqualify the unarmed combatant and recommend  
17 the purse of that unarmed combatant be held pending investigation by the Commission.

18 **§4308 Leaving ring during period of rest prohibited; effect of failure to resume**  
19 **competition.** An unarmed combatant shall not leave the ring or, if the contest or exhibition is being held in  
20 a fenced area, the fenced area, during any period of rest that follows a period of unarmed combat. If an  
21 unarmed combatant fails or refuses to resume competing when the bell sounds signaling the  
22 commencement of the next round, the referee shall award a decision of technical knockout to his opponent  
23 as of the round which has last been finished, unless the circumstances indicate to the referee the need for  
24 investigation or punitive action, in which event the referee shall not give a decision and shall recommend  
25 that the purse or purses of either or both unarmed combatants be withheld.

26 **§4309 Gloves to be wiped by referee after fall of unarmed combatant.**

27 1. Except as otherwise provided in subsection 2, before an unarmed combatant may resume  
28 competing after having been knocked or having fallen or slipped to the floor of the ring, the referee shall  
29 wipe the gloves of the unarmed combatant with a damp towel or the referee's shirt.

30 2. The provisions of this section do not apply to a contest or exhibition of mixed martial arts.

31 **§4310 Procedure for counting; knockdown; knockout; technical draw.**

32 1. When an unarmed combatant is knocked down, the referee shall order the opponent to retire to  
33 the farthest neutral corner of the ring, by pointing to the corner, and shall immediately begin the count over  
34 the unarmed combatant who is down. The referee shall audibly announce the passing of the seconds,  
35 accompanying the count with motions of his arm, with the downward motion indicating the end of each  
36 second.

1           2. The timekeeper, by effective signaling, shall give the referee the correct 1-second interval for  
2 his count. The referee's count is the official count. Once the referee picks up the count from the timekeeper,  
3 the timekeeper shall cease counting. No unarmed combatant who is knocked down may be allowed to  
4 resume competing until the referee has finished counting to eight. The unarmed combatant may take the  
5 count either on the floor or standing.

6           3. If the opponent fails to stay in the farthest corner, the referee shall cease counting until he has  
7 returned to his corner and shall then go on with the count from the point at which it was interrupted. If the  
8 unarmed combatant who is down arises before the count of 10, the referee may step between the unarmed  
9 combatants long enough to assure himself that the unarmed combatant who has just arisen is in condition to  
10 continue. If so assured, he shall, without loss of time, order both unarmed combatants to go on with the  
11 contest or exhibition. During the intervention by the referee, the striking of a blow by either unarmed  
12 combatant may be ruled a foul.

13           4. When an unarmed combatant is knocked out, the referee shall perform a full 10-second count  
14 unless, in the judgment of the referee, the safety of the unarmed combatant would be jeopardized by such a  
15 count. If the unarmed combatant who is knocked down is still down when the referee calls the count of 10,  
16 the referee shall wave both arms to indicate that he has been knocked out.

17           5. If both unarmed combatants go down at the same time, the count must be continued as long as  
18 one is still down. If both unarmed combatants remain down until the count of 10, the contest or exhibition  
19 must be stopped and the decision is a technical draw.

20           6. If an unarmed combatant is down and the referee is in the course of counting at the end of a  
21 period of unarmed combat, the bell indicating the end of the period of unarmed combat must not be  
22 sounded, but the bell must be sounded as soon as the downed unarmed combatant regains his feet.

23           7. When an unarmed combatant has been knocked down before the normal termination of a  
24 period of unarmed combat and the period of unarmed combat terminates before he has arisen from the floor  
25 of the ring, the referee's count must be continued. If the unarmed combatant who is down fails to arise  
26 before the count of 10, he is considered to have lost the contest or exhibition by a knockout in the round  
27 containing the period of unarmed combat that was just concluded.

28           8. If a legal blow struck in the final seconds of a period of unarmed combat causes an unarmed  
29 combatant to go down after the bell has sounded, that knockdown must be regarded as having occurred  
30 during the period of unarmed combat just ended and the appropriate count must continue.

31           9. The provisions of this section do not apply to a contest or exhibition of mixed martial arts.

32           **§4311 Resumption of count in certain circumstances.**

33           1. If a knockdown occurs before the normal termination of a period of unarmed combat and the  
34 unarmed combatant who is down stands up before the count of 10 is reached and then falls down  
35 immediately without being struck, the referee shall resume the count where it was left off.

36           2. The provisions of this section do not apply to a contest or exhibition of mixed martial arts.

37           **§4312 Adjudication of technical knockout.**

1 1. If a contest or exhibition is terminated because an unarmed combatant is:

- 2 (a) Unable to continue;
- 3 (b) Not honestly competing;
- 4 (c) Injured; or
- 5 (d) Disqualified,

6 it may be adjudged a technical knockout to the credit of the winner.

7 2. Except as otherwise provided in subsection 3, a contest or exhibition which is won by other  
8 than a full count of 10 or the scoring of the judges must be adjudged a technical knockout to the credit of  
9 the winner.

10 3. The provisions of this section do not apply to a contest or exhibition of mixed martial arts.

11 **§4313 Treatment of unarmed combatant after knockout or technical knockout; placement**  
12 **on ill and unavailable list; reinstatement.**

13 1. An unarmed combatant who has been knocked out must be kept in a prone position until he has  
14 recovered. Except for the referee or chief second who may remove his mouthpiece, no one may touch him  
15 until the ringside physician enters the ring, attends him and issues any instructions to his handlers.

16 2. If the referee has rendered a decision of technical knockout against an unarmed combatant, the  
17 unarmed combatant must be placed on the ill and unavailable list for a period designated by the  
18 Commission's representative after consultation with the commission's physician, but that period must not  
19 be less than 15 days. The unarmed combatant may not engage in any contest or exhibition during this  
20 period without the approval of the Commission.

21 3. If an unarmed combatant has been knocked out by a blow to the head, he must be placed on the  
22 ill and unavailable list for at least 45 days, unless the Commission orders that he be placed on the ill and  
23 unavailable list for a different period. Before he is reinstated, he must satisfactorily pass an examination  
24 performed with a computerized tomographic scanning device or an electroencephalogram, or both, if the  
25 Commission or its physician finds that such an examination is necessary to determine his condition.

26 4. Whenever it appears that an unarmed combatant may have suffered a head injury, he must  
27 undergo such an examination if directed to do so by the Commission or its physician.

28 **§4314 Procedure when unarmed combatant has fallen through or been knocked through**  
29 **ropes.**

30 1. An unarmed combatant who has been knocked or has fallen through the ropes and over the  
31 edge of the ring platform during a contest or exhibition:

- 32 (a) May be helped back by anyone except his seconds or manager; and
- 33 (b) Will be given 20 seconds to return to the ring.

34 2. An unarmed combatant who has been knocked or has fallen on the ring platform outside the  
35 ropes, but not over the edge of the ring platform:

- 36 (a) May not be helped back by anyone, including, without limitation, his seconds or manager; and
- 37 (b) Will be given 10 seconds to regain his feet and get back into the ring.

1           3. If the seconds or manager of the unarmed combatant who has been knocked or has fallen  
2 pursuant to subsections 1 and 2 helps the unarmed combatant back into the ring, such help may be cause for  
3 disqualification.

4           4. When one unarmed combatant has fallen through the ropes, the other unarmed combatant shall  
5 retire to the farthest corner and stay there until ordered to continue the contest or exhibition by the referee.

6           5. An unarmed combatant who deliberately wrestles or throws an opponent from the ring, or who  
7 hits him when he is partly out of the ring and is prevented by the ropes from assuming a position of  
8 defense, may be penalized.

9           **§4315 Determination of whether unarmed combatant is down; effect of hanging onto or**  
10 **being held up by ropes.**

11           1. An unarmed combatant shall be deemed to be down when:

12           (a) Any part of his body other than his feet is on the floor; or

13           (b) He is hanging over the ropes without the ability to protect himself and he cannot fall to the  
14 floor.

15           2. A referee may count an unarmed combatant out if the unarmed combatant is on the floor or is  
16 being held up by the ropes.

17           3. The provisions of this section do not apply to a contest or exhibition of mixed martial arts.

18           **§4316 Announcement of winner**

19           At the termination of each contest or exhibition that was judged, the announcer shall announce the  
20 winner and the referee shall raise the hand of the winner.

21           **§4317 Change of decision after contest or exhibition; factors considered by Commission.**

22           The Commission will not change a decision rendered at the end of any contest or exhibition  
23 unless:

24           1. The Commission determines that there was collusion affecting the result of the contest or  
25 exhibition;

26           2. The compilation of the scorecards of the judges discloses an error which shows that the  
27 decision was given to the wrong unarmed combatant; or

28           3. As the result of an error in interpreting a provision of this chapter, the referee has rendered an  
29 incorrect decision.

30           **§4318 Physician's report to Commission after contest or exhibition; contents.** The physician  
31 designated by the Commission shall file a report after a contest or exhibition. The report must list each case  
32 in which an unarmed combatant:

33           1. Was injured during the contest or exhibition; or

34           2. Applied for medical aid after the contest or exhibition.

2 Commission.

5 which the referee stops the contest or exhibition.

6 4. If an injury inflicted by an accidental foul later becomes aggravated by fair blows and the

12 6. A licensee who violates any provision of this section is subject to disciplinary action by the

13 Commission. In addition to any other disciplinary action by the Commission, if an unarmed combatant who

14 won or drew a contest or exhibition is found to have violated the provisions of this section, the Commission

15 may, in its sole discretion, change the result of that contest or exhibition to a no decision.

16 **§4333 Preparations to stop hemorrhaging.**

17 The Commission will periodically review the preparations available to stop hemorrhaging. Only

18 the preparations which are approved by the Commission may be used to stop hemorrhaging in the ring.

19 **§4334 Solicitation to conduct fraudulent contest or exhibition:** Duty of licensee to report

20 such solicitation immediately; disciplinary action for failure to report. When any person who is licensed by

21 the Commission is approached with a request or suggestion that a contest or exhibition not be conducted

22 honestly, that person must immediately report the matter to the Commission. Failure to do so is a ground

23 for disciplinary action.

24 **§4335 Grounds for disciplinary action**

25 The Commission may suspend or revoke the license of, otherwise discipline or take any

26 combination of such actions against a licensee who has, in the judgment of the Commission:

- 4 combat.

5 **§4336 Licensees prohibited from engaging in activities that bring disrepute to unarmed**

6 **combat.**

7 A person licensed by the Commission shall not engage in any activity that will bring disrepute to

8 unarmed combat, including, but not limited to, associating with any person or entity if such an association

9 brings disrepute to unarmed combat.

10 **§4337 Suspension of license on ground of moral turpitude.**

11 A license issued by the Commission may be suspended if the holder is arrested or convicted on a

12 charge involving moral turpitude.

13 **§4338 Suspension by another jurisdiction may be honored by Commission.**

14 The Commission may honor the suspension of a licensee by an agency that regulates unarmed

15 combat in another jurisdiction if the suspension is ordered for:

- 16 1. Medical safety;
- 17 2. A violation of a law or regulation governing unarmed combat which also exists on Guam; or
- 18 3. Any other conduct which discredits unarmed combat, as determined by the Commission.

19 **§4339 Licensees prohibited from dealing with persons whose licenses are suspended or**

20 **revoked.**

21 A person who is licensed by the Commission shall not have any dealings related to unarmed

22 combat with any person whose license has been suspended or revoked by the Commission.

23 **§4340 Effect of suspension or revocation of certain licenses.**

24 1. Every promoter and matchmaker shall take notice of the bulletins of suspension sent out by the

25 Commission and shall not permit any person under suspension to take any part as a participant or in

26 arranging or conducting contests or exhibitions during the period of suspension.

27 2. A person whose license has been suspended or revoked by the Commission shall refrain from

28 participating in or matchmaking or holding contests or exhibitions during the period of suspension or after

29 the revocation.

30 3. A person whose license has been suspended or revoked is barred from:

- 31 (a) The dressing rooms at the premises where any program of unarmed combat is being held;
- 32 (b) Occupying any seat within six rows of the ring platform or, if the program is being held in a
- 33 fenced area, within six rows of the platform of the fenced area;
- 34 (c) Approaching within six rows of seats from the ring platform or, if the program is being held
- 35 in a fenced area, within six rows of seats of the platform of the fenced area; and
- 36 (d) Communicating in the arena or near the dressing rooms with any of the principals in the
- 37 contests or exhibitions, their managers, their seconds or the referee, whether directly or by a

1 messenger, during any program of unarmed combat. A person who violates a provision of this  
2 subsection may be ejected from the arena or building where the program is being held, and the  
3 price paid for his ticket refunded to him upon his presentation of the ticket stub at the box  
4 office. Thereafter, he is barred entirely from all premises used for contests or exhibitions  
5 while the programs are being held.

6 4. If a license issued by the Commission has been suspended because the holder used dishonest  
7 methods to affect the outcome of any contest or exhibition or because of any conduct reflecting serious  
8 discredit upon unarmed combat, the Commission will not reinstate the license for at least 6 months in the  
9 case of a first offense. In the case of a second offense, the holder's license will be revoked.

10 5. A manager who is under temporary suspension is considered to have forfeited all rights on  
11 Guam under the terms of any contract with an unarmed combatant licensed by the Commission. Any  
12 attempt by a suspended manager to exercise those contract rights will result in a permanent suspension of  
13 his license. The license of any unarmed combatant, matchmaker or promoter who continues to engage in  
14 any contractual relations with a manager whose license has been suspended by the Commission may be  
15 indefinitely suspended.

16 6. An unarmed combatant whose manager has been suspended may continue competing  
17 independently during the term of that suspension, signing his own contracts for contests or exhibitions.  
18 Payment of the earnings of an unarmed combatant may not be made by any promoter to a manager who is  
19 under suspension, or to his agent, but the purse must be paid in full to the unarmed combatant.

20 7. Revocation of a manager's license automatically cancels all his contract rights in this State  
21 under any contracts with unarmed combatants made under the authority of the Commission. If such a  
22 revocation occurs, an unarmed combatant may operate independently and enter into contracts for his own  
23 contests or exhibitions, or he may enter into contracts with other managers licensed by the Commission.

24 **§4341 Penalties for certain violations; review by Commission**

25 1. Except as otherwise provided in this chapter, a Commissioner or the

31 Commission.

32 **§4342 Disciplinary action for dishonored check.**

33 The Commission may fine a licensee or deny, suspend or revoke a license if the licensee delivers a  
34 check to the Commission that is not honored by the financial institution upon which it is drawn.

35 **DISCIPLINARY PROCEEDINGS**

36 **§4343 Service of documents.**

1           1. For purposes of this chapter, when service of a document is delivered and signed “received” by  
2 the Chairman or Executive Secretary.

3           2. Whenever a party has the right or is required to do some act or take some proceedings within a  
4 time prescribed by this chapter after the service of a notice or other paper upon him, and the notice or paper  
5 is served upon him by mail, 3 days must be added to the times prescribed by this chapter.

6           **§4344 Complaint: Filing; service of copy on respondent.**

7           1. A Commissioner may institute disciplinary proceedings against a person who is licensee  
8 pursuant to this chapter by filing a complaint with the Commission. If a Commissioner institutes  
9 disciplinary proceedings pursuant to this subsection, the Commissioner shall not take any part in the  
10 adjudication of the matter.

11           2. Upon receipt of a complaint, the Commission will serve a copy of the complaint upon the  
12 respondent personally or by registered or certified mail at his address on file with the Commission.

14           1. The respondent shall file an answer with the Commission not later than  
15 20 days after the date the complaint is served on the respondent. In the answer, the respondent  
16 shall:

- 17           (a) State in short and plain terms his defenses to each claim asserted;
- 18           (b) Admit or deny the facts alleged in the complaint;
- 19           (c) State which allegations he is without knowledge or information to form a belief as to their  
20 truth; and
- 21           (d) Set forth any avoidance or affirmative defense that the respondent desires to assert.

22           2. If a respondent answers allegations by stating that he is without knowledge or information to  
23 form a belief as to their truth, such allegations shall be deemed to be denied.

24           3. Unless the Chairman of the Commission has waived the requirement of personal attendance, a  
25 respondent shall personally attend a hearing on the merits.

26           4. If a respondent fails to file an answer to the complaint or to appear personally at a hearing on  
27 the merits without having obtained a waiver of appearance pursuant to subsection 3, such failure shall be  
28 deemed to be:

- 29           (a) An admission of all matters and facts contained in the complaint with respect to such  
30 respondent; and
- 31           (b) A waiver of the right to an evidentiary hearing.

32           **§4346 Action by Commission upon admission by respondent or other evidence.**

33           1. If there has been an admission by the respondent without further notice to the respondent, the  
34 Commission may take action based upon such admission or other evidence, including, without limitation,  
35 affidavits.

36           2. Upon taking action based on an admission pursuant to subsection 1, the

1 Commission will include in the record a statement that specifies which evidence was used as the  
2 basis for the action.

3 **§4347 Limitation on communications between members of Commission and party or**  
4 **representative.**

5 1. Unless required for the disposition of ex parte matters authorized by law:

6 (a) A party or his representative shall not communicate with a member of the  
7 Commission, directly or indirectly, in connection with an issue of fact or law related to a  
8 proceeding under this chapter, unless the party or representative provides all parties with prior  
9 written notice of the communications and an opportunity to participate; and

10 (b) A member of the Commission shall not communicate with a party or his  
11 representative, directly or indirectly, in connection with an issue of fact or law related to a  
12 proceeding under this chapter, unless the member of the Commission provides all parties with  
13 prior written notice of the Commission and an opportunity to participate.

14 2. This section does not preclude:

15 (a) A member of the Commission from consulting with Commission counsel or  
16 supervisory counsel concerning a matter before the Commission; or

17 (b) A party or his representative from conferring with the Chairman or  
18 Commission counsel concerning procedural matters that do not involve issues of fact or  
19 law related to the proceeding.

20 **§4348 Representation by attorney.**

21 1. A party may represent himself or be represented by an attorney.

22 2. If a party is represented by an attorney:

23 (a) The Commission will serve all future notices, findings of fact, opinions and orders of  
24 the Commission, and other papers filed by a party upon the attorney; and

25 (b) The attorney shall sign all motions, oppositions, notices, requests and other papers on  
26 behalf of the party, including, without limitation, requests for subpoenas.

27 **§4349 Subpoenas.**

28 1. The Commission will only issue a subpoena to compel a person to:

29 (a) Appear at the hearing on the merits of the case;

30 (b) Give oral testimony; or

31 (c) Produce documents or other tangible items.

32 2. In addition to submitting a subpoena to the Chairman of the Commission, the party requesting  
33 the subpoena shall:

34 (a) Serve a copy of the subpoena on all other parties to the proceeding; and

35 (b) File proof of such service with the Commission.

36 3. The Commission will not issue a blank subpoena. A subpoena submitted by a party for  
37 issuance must contain:

- 1 (a) The title of the case;
- 2 (b) The name of the person to whom it will be directed;
- 3 (c) The date, time and place of the hearing;
- 4 (d) The name and signature of the requesting party or his attorney; and

- 6 other tangible items that the witness will have to produce at the hearing.

7 4. Unless the witness agrees otherwise, the requesting party shall serve a subpoena on the witness:

- 8 (a) At least 10 calendar days before the hearing; or
- 9 (b) During the hearing or upon less than 10 days' notice by order of the Commission for
- 10 reasonable cause shown by the requesting party.

11 **§4350 Order to protect party to whom subpoena is directed.**

12 Upon motion by a party or a person to whom a subpoena is directed, the Commission may make  
13 an order to protect such party or person from annoyance, embarrassment, oppression, or undue burden or

21 At a hearing before the Commission:

- 22 1. Oral evidence may be taken only upon oath or affirmation administered by the Commission.
- 23 2. Each party has the right to:
  - 24 (a) Call and examine witnesses;
  - 25 (b) Introduce exhibits relevant to the issues of the case, including the transcript of testimony at an
  - 26 investigative hearing conducted by or on behalf of the Board or the Commission;
  - 27 (c) Cross-examine opposing witnesses on matters relevant to the issues of the case, even though
  - 28 the matter was not covered in a direct examination;
  - 29 (d) Impeach a witness regardless of which party first called him to testify; and
  - 30 (e) Offer rebuttal evidence.
- 31 3. If the respondent does not testify on his own behalf, a party may call him and examine him as if
- 32 under cross-examination.

33 4. The Commission need not follow the rules of evidence that a court must follow. All evidence  
34 that the Commission determines to be relevant and submitted in accordance with the requirements of this  
35 chapter is admissible. If the Commission determines that the evidence is the sort of evidence on which  
36 responsible persons are accustomed to rely in the conduct of serious affairs, the Commission may use that  
37 evidence alone to support a finding of fact.

1                   **§4352 Introduction of affidavits; cross-examination of affiants.**

2                   Affidavits may be received in evidence at a hearing of the Commission in accordance with the  
3 following:

4                   1. A party that desires to introduce an affidavit at a hearing must, not later than 10 days before the  
5 date set for the hearing, serve upon the opposing party or counsel, personally or by registered or certified  
6 mail:

7                   (a) A copy of the affidavit which he proposes to introduce in evidence; and

8                   (b) A notice in the following form:

9                   The accompanying affidavit of (here insert name of affiant) will be introduced as evidence at the  
10 hearing set for the (here insert day) of (here insert month and year). (Here insert name of affiant)  
11 will not be called to testify orally, and you will not be entitled to question him unless you notify  
12 the undersigned that you wish to cross-examine him. To be effective, your request must be mailed  
13 or delivered to the undersigned not later than 7 days after the date that this notice and the enclosed  
14 affidavit are served upon you.

15                   (Party or Counsel)

16                   (Address)

17                   2. Any party that desires to cross-examine an affiant must, not later than

18                   7 days after he has been served with a copy of the affidavit, mail or deliver to the proponent a  
19 request to cross-examine the affiant. If a party does not mail or deliver a request to cross-examine the  
20 affiant within 7 days, the party has waived his right to cross-examine the affiant, and the affidavit, if  
21 introduced in evidence, must be given the same effect as if the affiant had testified orally.

22                   **§4353 Authentication of evidence.**

23                   The proponent of documentary and other physical evidence must authenticate such evidence. A  
24 party may authenticate evidence through any means which tends to show that the matter in question is what  
25 the proponent claims it to be and which the Commission determines to be reasonable, including, without  
26 limitation, presenting evidence that proves the authenticity of the document. Any evidence the Commission  
27 determines would be authentic in a court shall be deemed authentic by the Commission.

28                   **§4354 Testimony of respondent or certain other persons; failure to respond to subpoena.**

29                   1. If a respondent fails to testify in his own behalf or asserts a claim of privilege with respect to a  
30 question propounded to him, the Commission may infer there from that his testimony or answer would  
31 have been adverse to his case.

32                   2. If a person who is:

33                   (a) Controlling;

34                   (b) Controlled by;

35                   (c) Under common control with;

36                   (d) Employed by; or

1 (e) An agent of, a respondent fails to respond to a subpoena, or asserts a claim of privilege with  
2 respect to a question propounded to him, the Commission may, taking into account all of the  
3 circumstances, infer that such testimony would have been adverse to the respondent.

4 3. If, on a ground other than the properly invoked privilege against self-incrimination, a  
5 respondent fails to respond to a subpoena, or fails or refuses to answer a material question propounded to  
6 him, the Commission may deem such failure or refusal to be independent grounds for granting the relief  
7 requested by the Executive Secretary in the complaint with respect to that respondent.

8 **§4355 Amended or supplemental pleadings.**

9 Before making a final decision on a case, the Commission may permit a party to file an amended  
10 or supplemental pleading. Upon such filing, the Commission will provide all parties with notice and a  
11 reasonable opportunity to object to the amended or supplemental pleading.

12 **§4356 Procedure for motions.**

13 1. All motions must be in writing, unless made during a hearing.

14 2. A motion must:

15 (a) State with particularity the grounds for the motion;

16 (b) Include a memorandum of points and authorities in support of the motion; and

17 (c) Set forth the relief or order sought.

18 3. For every written motion other than one considered by the Commission to be ex parte, the  
19 moving party shall:

20 (a) File the motion with the Commission; and

21 (b) Serve the motion upon the adverse party or as the Chairman of the  
22 Commission directs.

23 4. A party who desires to object to a motion must file with the Commission and serve on all  
24 parties a memorandum of points and authorities in opposition to the motion not later than 10 calendar days  
25 after he is served with the motion.

26 5. The moving party must file with the Commission and serve on all parties a reply memorandum  
27 of points and authorities not later than 5 calendar days after he is served with the opposing memorandum.

28 6. A moving party shall be deemed to consent to the denial of the motion if he fails to file a  
29 memorandum of points and authorities in support of a motion. A nonmoving party shall be deemed to  
30 consent to the granting of the motion if he fails to file a memorandum of points and authorities in  
31 opposition to a motion.

32 **§4357 Continuances.**

33 The Commission will not grant a continuance except for good cause deemed sufficient by the  
34 Commission. A party seeking a continuance must make a motion to continue a hearing at least 10 calendar  
35 days before the hearing date.

36 **§4358 Rulings by Chairman of Commission on preliminary or procedural matters.**

1           1. The Chairman of the Commission may issue rulings on preliminary or procedural matters that  
2 are not dispositive of the case or any portion thereof. The rulings of the Chairman are subject to review by  
3 the entire Commission upon the request of a Commissioner, or upon motion of a party or person affected  
4 by the ruling.

5           2. The failure of a party or person to move for a review by the entire  
6 Commission of a ruling on a preliminary or procedural matter shall not be deemed to be a:

7           (a) Consent for the ruling; or

8           (b) Waiver of any objections previously made regarding the ruling.

9           **§4359 Decision.**

10          1. After the hearing of a contested matter, the Commission will render a written decision on the  
11 merits that must contain findings of fact, a determination of the issues presented and the penalty to be  
12 imposed, if any.

13          2. A member of the Commission who did not hear the evidence or read the record may not vote  
14 on the decision.

15          3. The Commission will serve a copy of the decision on the parties personally or by registered or  
16 certified mail.

17          4. The decision is effective upon such service unless the Commission orders otherwise.

18          **§4360 Rehearing.**

19          1. If a party is not satisfied with the decision of the Commission and if the party has evidence not  
20 introduced at the hearing, the party may file a motion for rehearing not later than 10 days after service of  
21 the decision on the party.

22          2. The moving party must support the motion for a rehearing with an affidavit of the moving party  
23 or his counsel showing with particularity the materiality and necessity of the additional evidence and the  
24 reason why it was not introduced at the hearing.

25          3. The Commission may order a rehearing before the Commission upon such terms and  
26 conditions as it deems just and proper if a petition for judicial review of the decision has not been filed.

27          4. The Commission will not grant the motion for a rehearing unless the Commission determines  
28 that:

29           (a) There is additional evidence which is material, necessary and reasonably calculated to change  
30 the decision of the Commission; and

31           (b) The party submitting the additional evidence has an acceptable reason for failing to present the  
32 evidence at the hearing of the Commission.

33          5. Upon rehearing, the Commission will permit rebuttal evidence to the additional evidence.

34          6. After rehearing, the Commission may modify its decision and order as the additional evidence  
35 may warrant.

36          **§4361 Evidentiary standard for findings of fact**

1           The Commission will base its findings of fact upon an evidentiary standard in which the evidence,  
2 when considered and compared with that opposed to it, has more convincing force and produces in the  
3 minds of the members of the Commission a belief that what is sought to be proved is more likely true than  
4 not true.

5           **WRESTLING CONTESTS AND EXHIBITIONS**
