30 JAN 2009

Dear Madam Speaker:

Hafa Adai. Pursuant to 5 GCA Chapter 4 §4107, transmitted herewith is the proposed Fiscal Year 2010 program and financial plan for the government of Guam.

The past two years for the government of Guam has witnessed the ups and downs of both the tourism and military economy, from credit watch to watch release, from consent decree to receivership, from bond upgrade to market crash, and more recently a change of Administration whose policies may alter the world stage in a way no one can predict.

While the government of Guam financials has made marked improvements, the global economic, military, and political situations continue to threaten Guam's economic stability and sustainability. The rapidly evolving and very fluid situations occurring worldwide could affect Guam's economic and financial outlook over the near term and have a lingering effect over the long term way beyond FY 2010. Global challenges affecting interest rates and exchange rates, bailout packages and bankruptcy declarations, home foreclosures, rising unemployment, and tax policy changes are just some of many factors that could render even the most confident forecaster apprehensive.

Just as Guam's financial outlook was showing strength with revenue collections on the rise in each of the immediate past four years and reinforced by the promising potentials of the military buildup, the September financial market crash dealt a blow to major world economies and its trickle down effects are yet to be seen, let alone measured. As a result, the FY 2010 budget was crafted with very guarded assumptions of potential revenues and employs the usual frugal distribution of precious resources in these uncertain times.

The revenue forecast for FY 2010 reflects a 2% increase over FY 2009 adopted levels. Gross revenues are expected to reach \$533 million from which \$522 million will go to government operations and \$10.7 million to deficit reduction pursuant to PL. 29-113. Recent adjustments to the General Fund's deficit elimination pro-forma factored the

preliminary unaudited financials for FY 2008, the adopted budget for FY 2009, and the potential for \$246 million in bond proceeds for deficit reduction authorized by PL 29-113. The updated deficit pro-forma indicate that by Fiscal Year 2014 the deficit will be brought to a more manageable level at \$160 million and its complete elimination is conceivable by FY 2017. The deficit pro-forma was an integral component of the presentation made to ratings giant Standard and Poors on the state of Guam's financials which resulted in the bond upgrade Guam received in October 2008.

Of the \$533 million in General Fund projected revenues, deficit reduction receives \$11 million (2%), education receives \$219 million (42%); health receives \$96 million (18%); public safety receives \$70 million (14%); while all others receive \$137 million (26%).

Special Fund sources projected at \$108 million is at the same level as FY 2009. Federal Matching Grants-In-Aid is at \$37.7 million up from \$34.1 million in FY 2009 primarily attributable to various indigent programs at the Department of Public Health and Social Services including Food Stamp, Public Assistance, and Medicaid.

The long term economic / financial outlook is with guarded optimism with most credit to the impending military buildup. The short term outlook is not as predictable with that credited to market uncertainties and unknown trickle down effects of the new Administration's tax policies and stimulus initiatives.

As always, my Administration looks forward to constructive and productive dialogue in the coming months on the FY 2010 budget and other fiscal issues facing our great Territory of Guam.

THE BUDGET PROCESS

As required under law (5 GCA §4103 & §4106), the Governor directs the preparation and administration of the Executive Budget for the government of Guam on an annual basis. The Executive Budget represents the Governor's financial proposal with recommended priorities for allocating resources. The budget process is important and necessary for the enactment of a budget and review of government operations.

The Budget Process for FY2010 occurs in four essential phases: formulation, adoption, execution, and audit.

During the **formulation phase** the economic forecast and the program and financial plans are prepared for the various departments. Economic data and statistics are utilized in developing projected revenues for the upcoming fiscal year.

Once revenues have been projected, a budget call is distributed to all the line agencies. This process starts when the Bureau of Budget & Management Research (BBMR) issues guidelines to each line agency in the preparation and development of their respective budgets.

The formulation phase culminates in the transmittal of the Program and Financial Plan (Executive Budget) with the Governor's Budget Message to the Legislature for its consideration.

The **adoption phase** is the process in which the Legislature considers the Governor's proposal and passes the overall revenue and spending plan under a General Appropriations Bill. The Bill usually

receives more detailed hearings within the auspices of the applicable legislative committees. Usually, a series of hearings will be called during which department heads and staff members give an overview of the Governor's proposed budget and are expected to provide explanations when their department's / agency's appropriations are considered. Finally, the Legislature may pass a General Appropriations Bill. The Bill is then transmitted to the Governor for approval. Other bills to include amendments during the fiscal year may be introduced for enactment into law.

The **execution phase** involves the release of funds appropriated per the General Appropriations Act. Each department prepares allotment of appropriations and may request revisions, legislative or administrative transfers, or supplemental appropriations. BBMR must approve such revisions to allotments. The Bureau also monitors and assists agencies in carrying out the approved budget in line with the established policies of the Governor.

The **audit phase** involves the evaluation of departments / agencies to identify areas in need of improving compliance procedures with applicable laws and regulations. During the audit phase, financial transactions, accounts and reports are assessed and analyzed to improve accountability, effectiveness, and efficiency in the achievement of goals and objectives. This phase is also to assure economic use of resources to enhance achievement of public services.

REVENUE & EXPENDITURE OVERVIEW

REVENUE AND EXPENDITURE OVERVIEW

The Government of Guam's operating revenues are composed of four classifications: General Fund, Special Funds, Federal Grant-in-Aid, and Semi-autonomous and Autonomous Agencies Operating Funds.

General Fund- \$532,912,020; Special Funds- \$107,468,082; Federal Grants- in- Aid- \$249,340,721; Semi/Autonomous- \$718,828,048; TOTAL: \$1,608,548,871

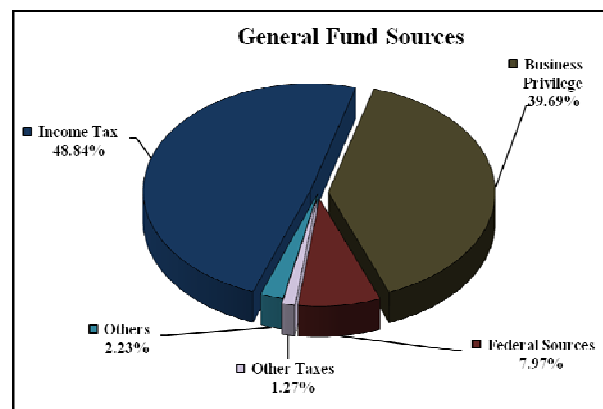

General Fund

The General Fund is the fund into which all government revenues, not otherwise restricted by statute, are deposited and from which appropriations are made. The Government of Guam is the only taxing authority and there are no separate municipal, county, school district or improvement district taxes.

The three primary sources of General Fund revenues are Income Taxes, Business Privilege Taxes, also known as gross receipt tax (GRT), and Federal Sources. Income taxes account for 48.84% and Business privilege taxes for approximately 39.69% of total General Fund revenues. Under the Organic Act, Guam's Income Tax Code mirrors the United States Internal Revenue Code. As a result, the income tax laws in force in the United States are applied to the residents of the Island, however, payable to the Treasury of Guam. Gross receipts taxes are levied on a broad base of goods and services, including the sale of tangible personal property and the provision of

professional service. The Fiscal Year 2010 revenue forecast is reflective of collection experience up through the month of December 2008. The revenue tracking will be updated as actual data is received. This information will be made available as part of the upcoming budget process and dialogue between the Executive Branch and the Legislature for the Fiscal Year 2010 Budget.

Federal Sources include Section 30 funds. Section 30 of the Organic Act of Guam requires that all customs duties and Federal income taxes, quarantine, passport, immigration, and naturalization fees collected on Guam shall be covered into the Treasurer of Guam. These include federal income taxes from military personnel based on-island or consider Guam as their state of legal residence.

Income Tax- \$260,280,504; Business Privilege -\$211,489,403; Federal Sources- \$42,479,346; Other Taxes -\$6,774,267; Others \$11,888,500; TOTAL: \$532,912,020

Special Revenue Funds

Special Revenue Funds are created by statute or Executive Order with an identified source of revenue or appropriation. Expenditures from such funds are restricted to purposes set by statute or as sources for debt service payment for bonds issued for constructing and improving major facilities and infrastructure. Several of the most significant Special Revenue Funds include the Tourist Attraction Fund, Guam Highway Fund,

REVENUE AND EXPENDITURE OVERVIEW

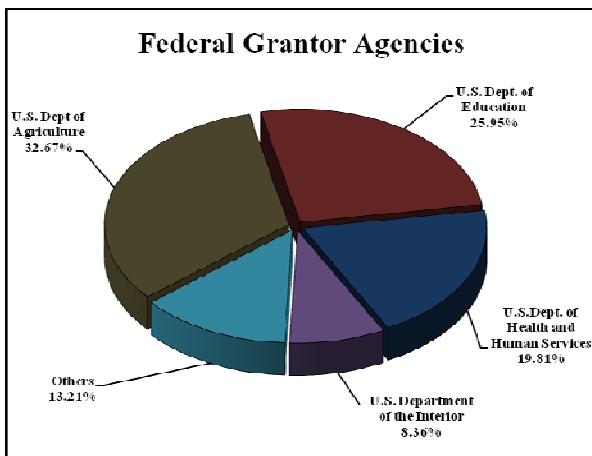

Territorial Educational Facilities Fund, Customs & Quarantine Inspections Fund and the Solid Waste Management Fund.

Tourist Attraction Fund- \$20,904,955; Solid Waste Fund- \$5,985,409; Guam Highway Fund- \$9,813,027; Guam Ed. Facility- \$20,179,223; Customs & Quarantine - \$8,273,770; Others \$32,311,698; TOTAL: \$107,468,082

Federal Grants-in-Aid

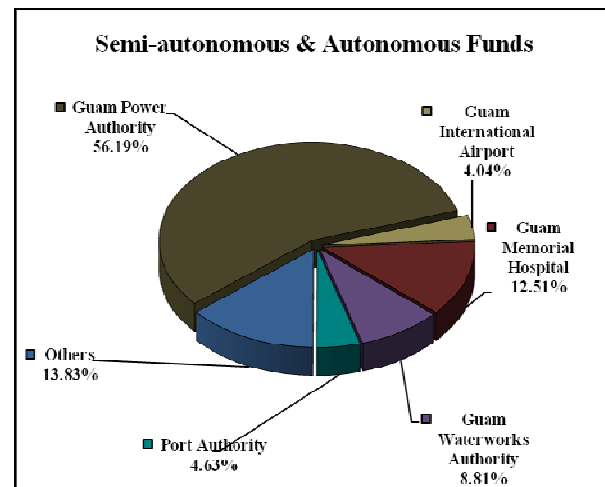

Federal Grants-in-Aid are funds received by the Government for public service delivery, either for specific programs or for general purpose aid. Federal Grant funds, which may require local matching funds, are requested through various Federal agencies and are spent according to the terms and conditions approved by the respective Federal grantor agency. Major Federal grantor agencies include the United States Department of Agriculture, Education, Interior and Health and Human Services.

U.S. Department of Agriculture- \$ 81,459,147; U.S. Department of the Education- \$64,710,570; U.S. Department of Health and Human Services- \$49,338,323; U.S. Department of the Interior- \$20,851,612; Others- \$32,931,069 TOTAL \$ 249,340,721

Semi-autonomous and Autonomous Agencies Operating Fund

These funds are financed and operated in a manner similar to a private business enterprise where the cost of providing services to the public on a continuing basis is financed or recovered primarily through user charges. Autonomous agencies such as the Guam Power Authority, Guam International Airport, and Guam Waterworks Authority generate revenues to fund operational and capital requirements. Other agencies, such as the Guam Visitor's Bureau, University of Guam and Guam Community College, require subsidies from the General Fund and other external sources to meet their operational requirements. Most autonomous agencies will prepare for their Fiscal Year 2010 budgets between the months of April through June. Listed below are operational budget amounts from the semi-autonomous and autonomous agencies for FY 2009.

Guam Power Authority- \$403,892,000; Guam Airport Authority - \$29,052,529; Guam Memorial Hospital- \$89,924,743; Guam Waterworks - \$63,294,620; Guam Port Authority- \$33,279,307; Others \$99,384,849 TOTAL: \$718,828,048

ECONOMIC OUTLOOK

ECONOMIC OUTLOOK

The Fiscal Year 2010 economic outlook for Guam, in the aggregate, appears reasonably likely to experience a temporary flattening of the growth curve established in recent years with accelerating growth in late 2010 expected contingent on commencement of scheduled Marine relocation construction. Recent years have shown consistent annual growth in the Government of Guam General Fund revenues. Based on current trends and available planning information, economic activity may continue near the plateau level reached in 2008 through 2009 and 2010. The previously anticipated growth for Fiscal Year 2010 is expected to be negatively impacted by current economic and financial issues in the U.S. Reduced tourism arrivals and associated employment and revenue in recent months appear likely to continue going forward and may be off-set in the economy as a whole by increased federal defense related and local government construction.

The outlook is somewhat tenuous as a number of issues in the global economic, financial, military, and political situations are currently evolving rapidly and are in a fluid state. How these situations evolve could considerably affect the outlook for FY 2010.

These issues are not limited to the following but these are of special note:

- the international financial situation including banking systems, interest rates and credit
- exchange rates
- recessions in the United States, Japan, a looming recession in South Korea, slashed growth rates in China
- major restructuring, bailout packages, possible bankruptcy in the U.S. automotive industry
- continued foreclosures in the U.S. housing industry
- political situations which could disrupt the production or distribution of oil
- changes in U.S. tax code
- economic stimulus programs in the U.S. and abroad
- leadership changes in the U.S. and Japan
- possible unforeseen natural disasters and health issues
- international military and political situations

External flows of funds to Guam could change considerably through the forecast period due to volatility in tourism, investment and federal and local government expenditures.

Key issues on the table that could significantly alter this path include:

- Dump Closure – Federal Consent Decree – construction and financing.
- The outcome and timing of legislative authorized and other proposed bond issuance
- Major changes in tourist arrivals or expenditure levels
- Federal budget authorizations for Guam for FY 2010 including those related to Marine relocation
- Policy decisions and timing regarding construction for the Marine relocation – construction scheduled to commence in late FY 2010.

Construction:

Building permits had been on an upward trend until 2008 when they declined considerably. Total building permits for FY 2007 were \$320 million but declined 34 percent for FY 2008 to \$210 million. DOD construction contracts exceeding \$5 million dollars reached a record high in 2008 at \$295 million for the calendar year and \$252 million for the fiscal year. The total combined value of building permits and

ECONOMIC OUTLOOK

construction contracts for calendar year 2008 was \$506 million, a 14 percent increase over calendar year 2007. The House of Representatives passed the FY 2009 Defense Authorization Act authorizing \$180 million in military construction funding for Guam. These projects are listed as follows:

- \$62.4 million for construction of Bachelor Enlisted Quarters on Naval Base Guam;
- \$50.0 million for completion of the Kilo Warf Extension;
- \$30.0 million for construction of a new central utility plant at the Naval Base Guam;
- \$26.1 million for upgrades to the wastewater collection system at Naval Base Guam;
- \$5.4 million for the realignment of Arc Boulevard on Andersen Air Force Base; and
- \$5.2 million for construction of a combat communications maintenance facility at Andersen Air Force Base.

Historical experience indicates construction activity, employment and revenues in the industry follows changes in permit and contract levels with a lag of one to two years. Based on this high level of permits and contracts construction activities should remain strong throughout 2009 and 2010. While the Department of Defense decline in construction funding authorizations in Public Law No: 110-417 for FY 2009 of \$180 million in comparison to \$345 million in FY 2008 was severe, \$165 million, a 48% drop, a number of major projects awarded in FY 2008 are of such a scale that the construction from the FY 08 contracts will continue through FY 2009 and FY 2010. These include:

- \$24, 588,717 Phase I of potable water system recapitalization at Naval Base Guam to DCK Pacific, LLC, Honolulu, Hawaii expected to be completed by April 2010.
- \$40,000,000 Extension and necessary dredging to the Kilo Warf at the Commander Naval Region Marianas Main Base expected to be completed in May 2010.
- \$52,587,000 Helix Electric, Inc. Harden Electrical System, Main Base, Agana, Guam expected to be complete July 2010.
- \$33,150,728 DCK Pacific, LLC design and construction of a fitness center at Naval Base Guam expected to be completed by December 2010.
- \$15,399,603 DCK Pacific Guam, LLC, Repair and alteration of existing facilities to administrative offices for the Joint Region Marianas Headquarters at Nimitz Hill expected to be completed by March 2010.
- \$43,838,018 IBC/TOA Corp., extension and necessary dredging to the Kilo Warf at the Commander Naval Region Marianas Main Base, Guam. An additional \$43,038,018 will be funded upon the passage of FY 2009 Military Construction Appropriation Bill, making the total amount \$83,838,018. It is expected to be completed by March 2010.

ECONOMIC OUTLOOK

In addition to the appropriations funding specifically for Guam projects, a contract was awarded as part of a \$4 billion Sustainment, Restoration and Maintenance Acquisition Task Order Contract (SATOC) with the Air Force Civil Engineer Support Agency (AFCESA) as follows:

- \$50.7 million to Perini Corporation awarded September 27, 2008 for repairs to the South Runway at Andersen Air Force Base, Guam which includes removal and replacement of an existing runway as well as runway and approach lights. The project is expected to take approximately one year, with an estimated completion date of April 2010.

Major private and public scheduled for FY 2010 construction include:

- The consent Decree Financial Impact statement lists cash requirements for dump opening of just over 71 million in FY 2010 of the estimated total project cost of 160 million. This should translate into roughly corresponding construction expenditures and activity.
- Emerald Ocean View Park project construction is scheduled for FY 2009 – 10. The \$100 million dollar project will include 260 condo units and 20 villa-style luxury homes.
- Outrigger Hotel Tower Bayview Projects Phase V. Addition scheduled for completion late 2010. \$60 million

Real Estate:

The decline in real estate transactions from \$686.8 million in 2007 to about \$350 million in 2008 as well as the decline in building permits was exasperated by the moratorium imposed on developers by the Guam Waterworks Authority in May 2008, due to sewer system capacity constraints. While the moratorium is expected to be lifted in April 2009, some of the sales and construction previously planned has since been cancelled or is on indefinite hold due to business and financing issues. Real estate buyers are taking a wait and see approach due to global economic and financial uncertainties. Weakness in sales may translate into reduced future construction.

Tourism:

The number of tourist arrivals had been on an upward trend almost continuously since 2003 following the recovery from the events of 911, and subsequent SARS and typhoon Pongsona. In September 2008 the levels fell by around 20 percent in comparison to prior years monthly figures. It appears that a trend is emerging indicating a significant reduction in tourism which could persist throughout 2009 and 2010 based on statements from leading economists, which predicted that an economic recovery could take several years. Tourism is related to Gross Domestic Product (GDP) and Japanese travelers have indicated in exit surveys that economic concerns are a factor in their decision to embark on travel. As this trend is recent with approximately five months experience, it could exhibit some volatility as time goes on. Also some businesses such as hotels, restaurants and retail trade may have held off making business and employment downsizing decisions to some extent until after the Christmas and New Year holiday travel and shopping. There has been recent anecdotal information on a number of employers who had reduced staff, hours or other employment benefit in recent months which has not yet been fully reflected in the monthly or quarterly economic statistics. Additional reductions are in tourism related employment as business continues to adjust to reduced tourist levels over time.

ECONOMIC OUTLOOK

A 2007 report by Global Insights for the Guam Visitor's Bureau found that travelers total economic impact on Guam ranges from 20 percent to over one-third of the total island economy. In terms of employment, tourism is the catalyst for 15,177 jobs, or 35.5% of the private (non-governmental) employment base. As tourism is a significant component of the economy of Guam, arrival reductions will be measurable on the economic bottom line.

In forecasting the short term future of tourism arrivals from Japan a report from Japan's Central Bank may be insightful. A January 23, 2009 statement reported in Bloomberg that:

"Japan's economic conditions have been deteriorating significantly," the central bank said in a report in Tokyo today, using the most pessimistic language to describe conditions since January 1998, when they started publishing the report. The global slowdown has spurred record declines in exports and factory output in the world's second-largest economy and the central bank expects the slump to deepen. Governor Masaaki Shirakawa and his policy board said they expect gross domestic product to shrink 1.8 percent in the year ending March 31 and two percent the following year. Japan's exports plunged 35 percent in December, the most on record, from 27 percent in November. Factory output dropped 8.5% in November, the most in more than 50 years. Weakness in Japan's economy makes a quick rebound in tourism to Guam increasingly unlikely.

In the longer term, the possibility of visa-free entry for nonimmigrant visitors from eligible countries to Guam for business and leisure travel could be expanded to additional markets by including such entry for persons from Russia and China. Tourism officials have indicated that could mean an additional 200,000 to 300,000 Chinese arrivals within several years of implementation as well as higher spending visitors from Russia who currently vacation in Saipan. Issues of security and travelers overstaying are issues of concern that need to be addressed in an ongoing efforts to seek expanded visa-waiver inclusion of China and Russia.

Section 702(a) of the Consolidated Natural Resources Act of 2008, signed into law May 8, 2008, extends U.S. immigration laws to the Commonwealth of the Northern Mariana Islands (CNMI). Section 702(b), which is implemented by the interim final rule, establishes a new Visa Waiver Program for Guam and the CNMI which extends visiting time from 15 to 45 days. The program is scheduled for implementation June 1, 2009 subject to a provision authorizing requests for delay in implementation. The new visa waiver program adds Hong Kong to the list of countries authorized for the program. Travel industry leaders hoped China and Russia would have been included in the interim final rule but additional steps remain for that to occur. The existing visa waiver program implemented in October 1988 included the United Kingdom as well as those with British National Overseas (BNO) passports. On July 1, 1997, Hong Kong, under British rule for 156 years came under the control of China. As the passports of Hong Kong residents with BNO passports expired, the number of persons eligible for travel to Guam under the current visa-waiver program dwindled. Specific inclusion of Hong Kong with a population estimated to exceed seven million could reinvigorate Hong Kong as a visitor market for Guam in its' own right. Furthermore, it could facilitate reestablishment of direct flights from Hong Kong as a gateway for mainland Chinese travelers. In 2007, the U.S. Embassy and Consulates in China issued 417,146 B1/B2 visas (visitors for business and pleasure) to the United States. Convenient direct flight schedules could supplement the Hong Kong to Guam market with Chinese who already have visas for travel to the U.S. or who could obtain one under current regulations.

ECONOMIC OUTLOOK

Employment:

Employment trends have been generally showing slight growth in both the number of employees and wages, resulting in combined moderate growth in total payroll. Over the last few years, construction employment increases have dominated and driven increases in total payroll. Payroll is important as one of the largest revenue categories for income tax including withholdings. The increase in minimum wage schedule has and will further increase hourly earnings in some occupations and industries. The federal and corresponding Guam minimum hourly wage increased from \$5.85 to \$6.55 on July 24, 2008 and will increase again to \$7.25 on July 24, 2009. The prevailing wage rates for H-2 workers made effective October 6, 2008 will increase the rates paid to construction workers over time. The new rates apply to new and renewal employment which time varies by employee. The increases will continue to affect the average construction pay levels over the next year. Limited Government of Guam increases have been or are in the process of being implemented but a general classification and compensation study has been authorized by Public Law 29-52.

Tourism related retail and hotel employment is expected to decline somewhat to be consistent with the first quarter's 15 percent reduction in arrivals; although the employment declines are expected to be less than 15 percent in tourist related businesses, they will not be inconsequential. New establishments with announced openings in FY 2009 include Chili's in Tamuning, Payless Markets Mangilao, Hooters and Burger King, Tumon Bay. This newly created employment should continue through to the FY 2010 employment totals. A new tower for the Outrigger hotel is under construction with scheduled completion for late 2010.

Bond Issues:

Bond financing authorized in PL: 29-113 for payment of COLA and income tax returns could inject \$92.0 million and \$112.0 million respectively, into the economy. When the current financing hurdles, brought about by the market decline, stabilize the Government is poised to approach the market and the proceeds of these funds could shortly thereafter be distributed and available for residents' disposal. Other authorized and proposed bond funding would substantially increase the amount of construction activity and funds in circulation. These include funding for projects of: Guam Memorial Hospital, Guam Public School System (JFK High School), Guam Waterworks Authority, Port Authority of Guam, Department of Land Management, and the landfill construction under federal receivership. The total amount and timing of these financing may occur within the upcoming months and will inject additional construction activities and funds into Guam's economy.

Credit ratings are an important factor in the availability of bond financing and the cost of financing. Standard and Poors (S&P) raised the Government of Guam's existing general obligation bonds from 'B' to 'B+' with stable outlook in October 2008, citing an improved balance sheet that resulted from "greater political consensus to enhance revenue and control expenditure growth". The rating action "affects about \$236.7 million of outstanding general obligation debt as of September 30, 2007. Standard and Poors also noted that fiscal year 2007 for Guam marked the "first ever financial audit with an unqualified opinion, as well as the third consecutive time the audit has been completed on a timely basis. In December 2008, Standard & Poors raised the Guam Power Authority's existing revenue bonds to an investment grade of 'BBB-' from 'BB+' with stable outlook. The rating agency cited several factors in its upgrade, including better operational and financial performance and continued support from the Public Utilities Commission. In January 27, 2009 in the course of routine surveillance, Fitch Ratings affirms the 'BB' rating and changed the Rating Outlook to positive on Guam Waterworks Authority's \$99.3 million in outstanding water and wastewater system revenue bonds, series 2005. Fitch press release noted:

ECONOMIC OUTLOOK

The revision in Rating Outlook to Positive from Positive from Stable reflects GWA's substantial progress to date in meeting regulatory requirements stemming from a stipulated order (the order). The Outlook revision also reflects the progress management has made with regards to capital and financial planning, which provide a blueprint for continued success in returning the system to regulatory compliance and ensuring financial integrity.

Because of its strategic location, U.S. military operations historically have been the main economic engine of the island, and over the next six to eight years the military's economic impact is expected to increase substantially more as the island undergoes a massive buildup of military personnel from relocation of troops from other parts of the globe and consolidation of operations.

The ratings upgrades for the Government of Guam's and well as two of the larger autonomous agencies, Guam Power Authority and Guam Waterworks Agency reflect increasing confidence in the financial management of these organizations as well as the outlook for the economy of Guam.

Federal Policy:

The first non-construction buildup contract in the amount of \$100 million was awarded October 3, 2008 to Pacific Program-Design Management Services Joint Venture, of Pasadena, California, the Program Support Services contract for the Guam military buildup. The company is a joint venture led by Parsons Corporation. The contract involves:

Various projects covered by the Defense Policy Review Initiative and other projects in the [Naval Facilities Engineering Command] Pacific area of responsibility.

The primary project locations for work on this contract are in Guam, (80%), Hawaii (10%), and may include work in the Northern Mariana Islands, (7%), and locations anywhere in the Pacific and Indian Oceans (NAVFAC Pacific's AOR) (3%), and is expected to be completed by September 2013.

The Consolidated Natural Resources Act of 2008, in addition to the visa-waiver provision excludes Guam and CNMI from the numerical limitations on Nonimmigrant workers during the transition period effective on the first day of the first full month commencing 1 year after the date of enactment [June 1, 2009] and ending December 31, 2014. This is one of a number of steps to ensure availability of the workforce necessary to complete the facility construction for the Marines relocation to Guam.

Economic stimulus efforts in the coming year through tax rebates, tax reductions, federally funded infrastructure or federal state and local bond financing guarantees could significantly affect Guam's economy depending on the timing and nature of these policies. The FY 2010 budget authorizations could include substantial funding related to Marine relocation activities. If projects are contracted early in the fiscal year, they could still have significant impact in FY 2010. Such funding could also support confidence in Guam's economic future and support additional private sector financing and projects.

<u>GUAM COUNCIL ON THE ARTS & HUMANITIES AGENCY (GCAHA) (continued):</u>		
Arts in Education (AIE)	5 GCA, Div. 8, Ch. 85; P.L. 16-122; P.L. 20-214	This program places artists in the schools and in the community for special innovate projects in arts education with the goal to make arts part of the basic education. The AIE program is designed to augment existing school curricula through a viable partnership with the Guam Public School System observing the processes that go into producing a work of art helps children gain a better understanding of and respect for the artists and their work. School residencies are designed to stimulate continuance of art activities after the visiting artist has left. Residencies also take place in diverse institutions such as hospitals, prisons, mental health and community centers.
Folk Arts Apprenticeship Program (FAAP)	5 GCA, Div. 8, Ch. 85; P.L. 16-122; P.L. 20-214	In an effort to continue the Folk Arts Apprenticeship Program within the island, CAHA receives funds from the National Endowment for the Arts (NEA) on an annual basis. These funds pay for the master teachers of a traditional art form to teach one or more apprentices who qualify by exhibiting knowledge of basic skills and a devotion to learning the art form, practicing it and teaching others. Although each of the apprenticeship projects will follow the same basic guidelines, the structural set-up of each of the programs and the art forms involved differ. This is a 100% federally funded program which ensures a continual flow in the promotion and preservation of the island's traditional arts and crafts.
GCAHA Fellowship Program	5 GCA, Div. 8, Ch. 85; P.L. 16-122; P.L. 20-214	This program seeks to recognize and encourage the creative development of emerging and professional artists by enabling them to set aside time to pursue their work. A limited number of unmatched Fellowships up to a maximum amount of \$3,000 for creative artisans are available for dance, folk and traditional arts, media arts, music, theater, visual arts and arts administration.
Maga' lahi Art Awards	5 GCA, Div. 8, Ch. 85; P.L. 16-122; P.L. 20-214	The Governor's Art Awards program was developed to honor individuals and organizations for their efforts and artistic achievements which further the appreciation by the People of Guam of the arts and culture available locally. In 1995, the award name was changed to the Maga'lahi Art Awards in keeping with our island's culture; however, it continues to recognize the diversity of artistic influences on Guam to which awards are presented for such categories as Youth in the Arts, Humanities, Visual Arts, Performing Arts' Community Support for the Arts (Individual and Group Organization), Corporate Support for the Arts, Off-Island Contributions, Posthumous Recognitions, Special Recognition for Lifetime Cultural Contribution, etc.
Percent for the Arts Program	5 GCA, Div. 8, Ch. 85; P.L. 16-122; P.L. 20-214	Established by P.L. 20-27, this program was designed to foster culture and the arts and the necessity for the development of local artists. The law mandates that at least one percent (1%) of appropriations for capital expenditures for public buildings and in any buildings intended for use of the general public to the extent that the construction or improvement of such non-public buildings is supported by either Government of Guam funds through tax abatements, rebates, loans, loan guarantees or bond financing or by federal funds administered by the Government of Guam, unless restricted by the federal government. As the enforcing agency of the law, CAHA is charged with ensuring that full compliance of the law is adhered to.
Guam (Territorial) Band Society	5 GCA, Div. 8, Ch. 85; P.L. 16-122; P.L. 20-214	A non-profit organization governed by its board, local funds have been provided in support of this organization to provide the community; Government of Guam; and its agencies with quality music for official functions, ceremonies, special events and parades. This program provides an opportunity for musicians to improve their individual skills and to better the overall musical quality of the band. The GTBS consists of a 45 piece band and a 28 member chorale group. Local funds are used towards the stipends of the band and chorale.
Art Bank Program	5 GCA, Div. 8, Ch. 85; P.L. 16-122; P.L. 20-214	The Guam Art Bank was initiated in March 1981 as a pilot program of the Guam Council on the Arts and Humanities Agency. In fulfillment of one of GCAHA's major goals, the Art Bank was established to promote increased creativity and aspiration towards artistic excellence. It assists local artists by purchasing and exhibiting their work in government offices for the enjoyment of the People of Guam. The program has been in existence for seventeen years and numerous government offices have participated in exhibiting the Guam Art Bank collection consisting of approximately 400 quality art pieces in various mediums such as watercolors, oils, batiks, woodcarvings, ceramics, photographs, and other 2-D and 3-D artwork.

5 in question and the Fire Chief shall certify that every retiree hired is fit for duty.
6 Notwithstanding Title 4 GCA §8121(a), retirees hired temporarily pursuant to this
7 Section hereto may continue to receive retirement benefits.

8 **Section 6. Temporary Employment of Retired Customs and Quarantine**
9 **Officers.** The Customs and Quarantine Agency may hire retired Customs and
10 Quarantine Officers when a critical need arises as a result of military activation of
11 Customs officers *or* when vacancies cannot be filled within six (6) months because of the
12 lack of qualified applicants. The retired officer *shall* fill such a vacant position and *shall*
13 be terminated when the incumbent returns from military service *or* when a fully-qualified
14 applicant is available. Retired officers may be hired *only* in the ranks of Customs Officer
15 III and below, only at Step I, and *shall* not receive sick and annual leave. Retirees hired
16 pursuant to this Section *shall* meet requirements for the position in question, *except* for
17 written examinations, and the Director of Customs *shall* certify that every retiree hired is
18 fit for duty. The requirements of Title 17, Article 3, Chapter 32 are waived for
19 employment pursuant hereto *except* for §32304(b)(4). Notwithstanding Title 4 GCA
20 §8121(a), retirees hired temporarily pursuant hereto may continue to receive their
21 retirement benefits.

22 **Section 7. Temporary Employment of Retired Department of Revenue**
23 **and Taxation Employees.** The Department of Revenue & Taxation may hire retired

1 employees of the Department of Revenue & Taxation when a critical need arises in the
2 areas of Tax Collection, Taxpayer Assistance, Tax Investigation, Auditing, and Tax
3 Processing. Said retirees *shall* be hired at Step I for the position in question and *shall* not
4 receive sick and annual leave. Notwithstanding Title 4 GCA §8121(a), retirees hired
5 temporarily pursuant hereto may continue to receive their retirement benefits.

6 **Section 8. Locum Tenens Exemption during the Absence of the Chief**
7 **Medical Examiner.** The Office of the Chief Medical Examiner is exempt from the
8 government of Guam Procurement Law in contracting for the professional services of a
9 qualified medical examiner to be provided when the Chief Medical Examiner is absent
10 from work.

11 **Section 9. Advance Payments for Medical Services.** In order to expedite
12 acceptance of MIP clients by facilities in California, Hawaii or Manila for medical
13 treatment approved by the Medically Indigent Program, the Director of Public Health and
14 Social Services may advance payments for said medical treatment, and may establish
15 escrow accounts for immediate and advance payment of medical treatment at those Joint
16 Commission Accredited hospitals determined by the Director to be best able to serve
17 Medically Indigent Program clients.

18 **Section 10. Transfer of Employees.** Notwithstanding any other provision of
19 law, and in recognition of personnel shortages in certain areas, *I Maga'lahren Guåhan* is
20 authorized to transfer employees within *or* between any department *or* agency of the
21 government of Guam, *except* that:

22 (a) This Section shall *not* apply to any employee of the Legislative *or* Judicial
23 Branches of government;

1 (b) The transfer of an employee shall *not* result in a loss of pay *or* salary;

2 (c) *No* employee *shall* be transferred if the employee has filed a viable
3 grievance with the Civil Service Commission for discrimination based on political
4 affiliation, gender, *or* sexual harassment, *unless* the employee consents to said transfer;

5 (d) No employee of an autonomous agency may be transferred to a line
6 department *or* agency;

7 (e) *I Maga'lahi shall* transfer the funding authorized for that employee's
8 position from the transferor agency to the transferee agency, including GMHA, DPHSS,
9 DMHSA, unless the transfer is from a line agency to an autonomous agency; and

10 (f) This Section *shall not* be used to transfer employees acting in good faith
11 who report *or* expose bad business practices, illegal activities, *or* inappropriate conduct
12 by public officials.

13 **Section 11. Moratorium on Compensation for Boards and Commissions.**

14 Notwithstanding any other provision of law, rule, or regulation, except for the Civil
15 Service Commission, the Guam Education Policy Board, and the Consolidated
16 Commission on Utilities, a moratorium is hereby placed on the compensation of all
17 members of government boards and commissions for their attendance at hearings or
18 meetings, through the end of Fiscal Year 2010.

19 **Section 12. Contracts.** (a) *Except* for positions filled in accordance with the
20 merit system at the University of Guam, the Guam Community College, the Guam Public
21 School System, the Judiciary of Guam, the Department of Law, the Guam Police
22 Department, *I Liheslaturan Guåhan*, and licensed health professionals at the Guam
23 Memorial Hospital, the Department of Public Health and Social Services and the

1 Department of Mental Health and Substance Abuse, positions in the classified and
2 unclassified service *shall* not be filled pursuant to a contractual arrangement. The
3 Judiciary may hire judges and justices pro tem, law clerks and legal interns by contract.
4 The University of Guam, the Guam Public School System and the Guam Community
5 College may hire retired faculty by contract.

6 (b) Subject to Title 5 GCA Chapter 5, government of Guam departments and
7 agencies may contract with independent contractors, provided that *no* agency may
8 contract for services customarily provided by employees in the classified service *except*
9 as permitted by law.

10 (c) This Section *does not* prohibit the use of independent contracts to obtain
11 professional services, such as licensed health professionals, licensed architects, licensed
12 engineers, legal services, actuarial services and auditing services (to include the
13 Government of Guam Annual Financial Audit) by those agencies that *do not* customarily
14 obtain such services through an employee.

15 (d) The Attorney General may contract with attorneys as independent
16 contractors who can provide assistance in areas in which it is impracticable for the
17 Department of Law to proceed with its existing civil service attorneys such as anti-trust,
18 maritime and admiralty law, patent and copyright law, prosecution of white collar crime,
19 utilities regulation, the issuance of bonds, special tax issues, and complete civil litigation.
20 The Attorney General *shall* file a copy of every such contract with the Chief Procurement
21 Officer and the Director of Administration together with a written certification stating
22 why it was impracticable to handle the matter with the Department's civil service
23 attorneys and justifying the hiring of an independent contractor.

1 **Section 13. Amendment to the Better Public Services Fund.** §161101 (b),
2 Chapter 161 of Title 11, Guam Code Annotated is hereby amended to read as follows:

3 “(b) Ten percent (10%) of all fee and license revenues received by the
4 Department of Revenue and Taxation, to exclude fees and licenses affecting
5 Guam Highway Fund and the Street Light Fund, shall be deposited into said
6 Fund.”

7 **Section 14. Repeal of Article 15 to Chapter 22, Division 2 of Title 5, Guam**
8 **Code Annotated relative to the Indirect Cost Fund.** Article 15 to Chapter 22,
9 Division 2 of Title 5, Guam Code Annotated is hereby repealed in its entirety.

10 **Section 15. Amendment to Comparative Revenue and Expenditure**
11 **Reporting.** §4109 (c) (3), Chapter 4 of Title 5, Guam Code Annotated is hereby
12 amended to read as follows:

13 “(3) Modify *or* withhold the planned expenditures at any time
14 during the appropriation period *if* the Bureau of Budget and Management
15 Research finds that such expenditures are greater than those necessary to
16 execute the programs at the level authorized by *I Maga’lahi* (the
17 Governor) and *I Liheslatura* (the Legislature), *or* that the receipts and
18 surpluses will be insufficient to meet the authorized expenditure levels,
19 provided that no planned expenditures necessary to provide every school
20 student an adequate public education *shall* be modified *or* withheld. The
21 Director of the Bureau of Budget and Management Research, in
22 collaboration with the Director of Revenue and Taxation and the Director
23 of Administration, *shall* determine revenue tracking for every fiscal year

1 based on the actual collections of every preceding month, and prepare
2 monthly Comparative Revenue and Expenditure Analysis Reports that
3 compare the budgeted and actual revenues and departmental program
4 appropriations with expenditures and encumbrances. *If* revenues are
5 tracking below projected revenues for the year, the Bureau of Budget and
6 Management Research *shall* adjust and sequester an amount of the
7 remaining allotments equal to the percentage of revenues that are below
8 the fiscal year's projected revenues. The Director of the Bureau of Budget
9 and Management Research, the Director of Administration, and the
10 Director of Revenue and Taxation *shall* certify said reports, which *shall* be
11 transmitted to *I Maga'lahaen Guåhan* and the Speaker of *I Liheslaturan*
12 *Guåhan* no later than ~~fifteen (15) days after the end of each~~ the last day of
13 the succeeding month."

1 of the fiscal year, the revenue tracking for the balance of the fiscal year, based upon the
2 actual collections of the preceding month, and prepare a statement comparing “actual”
3 and “projected” revenues. Said statement *shall* be certified as to its accuracy by each of
4 the aforementioned Directors, and submitted to the Speaker of *I Liheslaturan Guåhan* no
5 later than thirty (30) days after the end of each month of the fiscal year. Said statements
6 *shall* be posted quarterly on the Bureau of Budget and Management Research’s website.

7 **Section 6. Special Fund Transfer.** *I Maga’lahen Guåhan* is authorized to
8 transfer to the General Fund any cash available from any appropriated Special Fund *or*
9 Revolving Fund to fund the appropriations authorized by this Act.

10 All cash from Special funds *or* Revolving funds transferred to cover the
11 appropriations authorized by this Act *shall* be promptly reimbursed to the Special *or*
12 Revolving Fund from which it was withdrawn as cash becomes available.

13 *I Maga’lahen Guåhan shall* submit a report to the Speaker of *I Liheslaturan*
14 *Guåhan* on the fifth (5th) day of every month on all transfers made pursuant to this
15 Section. Said report *shall* enumerate the amount of each transfer, identify the funds to
16 and from which the transfer was made and state the purpose of each transfer.

17 **Section 7. Transfer Authority of I Maga’lahen Guåhan.** *I Maga’lahen*
18 *Guåhan* is authorized to transfer funds between Fiscal Year 2010 General Fund
19 Executive Branch appropriations, but *shall* not transfer appropriations made to the
20 Judiciary, *I Liheslaturan Guåhan*, and the Office of Finance and Budget.

21 **Section 8. Secondary and Tertiary Road Projects.** *I Maga’lahi*, after
22 consultation with the Village Mayors, may delete and add secondary and tertiary road
23 repair projects to the list in Part IV of Chapter II of Public Law 28-68, if such amendment

1 is necessitated by changes in cost estimates, availability of funds *or* critical needs,
2 provided that the repair of potholes on primary and secondary roads *shall* remain a high
3 priority and *shall* commence as soon as practicable.

4 **Section 9. Independent Contractors.** The Office of *I Maga'lahi*, the Office
5 of *I Segundu Na Maga'lahen Guåhan* and the Guam State Clearinghouse may enter into
6 agreements with independent contractors pursuant to Guam procurement laws.

7 **Section 10. Facilities Insurance Requirements.** Every department and
8 agency of the government of Guam, as part of its appropriations for operations contained
9 in this Act, may expend such sums as necessary for facilities insurance requirements.

10 **Section 11. Reporting Requirements for Non-Profit Organizations.** All
11 non-profit organizations that receive funds pursuant to this Act *shall* maintain financial
12 records that accurately account for said funds and *shall* provide a budgetary breakdown
13 by object category to the department *or* agency that oversees the appropriation. The non-
14 profit organization *shall* also provide to said department:

15 (a) A quarterly report describing its activities during the reporting
16 period and the results it achieved *no later than* twenty (20) days after the
17 end of each quarter;

18 (b) Notification of all procurement of equipment and services of Five
19 Thousand Dollars (\$5,000) *or* more prior to awarding the contract
20 therefor;

21 (c) Access to the overseeing department *or* agency's duly authorized
22 representative, and Government of Guam auditors, to appropriate records

1 for the purpose of audit and examination of books, documents, papers and
2 records of funds expended under the appropriation;

3 (d) Submission of a detailed inventory listing of each year's purchases,
4 as certified by its certifying officer; and

5 (e) A Final Report to the overseeing department *or* agency for
6 submission to *I Liheslaturan Guåhan* containing a full disclosure of all
7 expenditures of funds appropriated by this Act *no later than* November 15,
8 2010. The overseeing department *or* agency *shall* post the same on its
9 website.

10 (f) Non-compliance with these reporting requirements will subject the
11 non-profit organization to a three percent (3%) reduction of its
12 appropriation(s) and the overseeing agency's contract with the
13 organization *shall* so provide.

14 **Section 12. Appropriations from the Guam Contractors License Board**
15 **Fund and Professional Engineers, Architects and Land Surveyors Board Fund to**
16 **revert to the General Fund for Fiscal Year 2010.** At the end of Fiscal Year 2010, any
17 unexpended *or* unencumbered appropriations to the Guam Contractors License Board
18 (GCLB) Fund and the Professional Engineers, Architects and Land Surveyors (PEALS)
19 Board Fund *shall* revert to the General Fund. Any revenues collected in excess of the
20 appropriations to these funds *shall* revert to the General Fund.

21 **Section 13.** *Unless* otherwise specified in this Act:

1 **(a) General Fund Reversion.** All unexpended *or* unencumbered
2 appropriations made from the General Fund pursuant to this Act *shall* revert to the
3 General Fund on the last day of Fiscal Year 2010;

4 **(b) Tourist Attraction Fund Reversion.** All unexpended *or*
5 unencumbered appropriations made from the Tourist Attraction Fund pursuant to
6 this Act *shall* revert to the Tourist Attraction Fund on the last day of Fiscal Year
7 2010.

8 **(c) Healthy Futures Fund Reversion.** All unexpended *or*
9 unencumbered appropriations made from the Healthy Futures Fund pursuant to
10 this Act *shall* revert to the Healthy Futures Fund on the last day of Fiscal Year
11 2010.

12 **Section 14. Restriction on the Home Use of Government of Guam**
13 **Vehicles.** Except when *expressly* permitted by Title 4 GCA §1103(c), *no* government of
14 Guam owned, leased *or* rented vehicles may be driven home by an employee *unless* such
15 employee is on call as an emergency first responder.

16 **Section 15. Authorization for Payment of Prior Years' Obligations.**
17 Appropriations made in this Act may be expended for the payment of prior years'
18 obligations.

19 **Section 16. Professional Engineers, Architects and Land Surveyors Board**
20 **Fund Collections.** The Professional Engineers, Architects and Land Surveyors Board is
21 authorized for its Fiscal Year 2010 operations to expend up to the level of revenues
22 collected for the Professional Engineers, Architects and Land Surveyors Board Fund in
23 Fiscal Year 2010.

1 **Section 17. Land Survey Revolving Fund (LSRF) Appropriation**

2 **Provision.** Notwithstanding §60602, Chapter 60 of Title 21 GCA, the appropriation
3 made from the Land Survey Revolving Fund to the Department of Land Management by
4 Section 1, Part VII (D) of Chapter II of this Act may be expended for the Department of
5 Land Management's operations in Fiscal Year 2010.

6 **Section 18. Severability.** *If* any provision of this Act or its application to any
7 person or circumstances is held invalid, the invalidity shall *not* affect other provisions or
8 applications of this Act which can be given effect without the invalid provision or
9 application, and to this end the provisions of this Act are severable.
