Dear Speaker Unpingco:

Enclosed please find Bill No. 617 (COR), "AN ACT TO AMEND §4119 OF ARTICLE 1, CHAPTER 4, OF TITLE 4 OF THE GUAM CODE ANNOTATED, RELATIVE TO ALLOWING MILITARY LEAVE TO BE CARRIED OVER TO THE NEXT FISCAL YEAR, UP TO A LIMIT OF 15 DAYS.", which I have signed into law today as Public Law No. 24-258.

This legislation allows the carryover from one fiscal year to another of a maximum of 15 days of military leave. This provision was previously contained in law, but was deleted. This legislation restores the carryover provision, especially since disasters or crisis which may require the National Guard to respond may occur at the end of a year, and members may otherwise have to use personal annual leave, unlike other employees of the government in an emergency situation.

Very truly yours,

Carl T. C. Gutierrez

AN ACT TO AMEND §4119 OF ARTICLE 1, CHAPTER 4 OF TITLE 4 OF THE GUAM CODE ANNOTATED, RELATIVE TO ALLOWING MILITARY LEAVE TO BE

CARRIED OVER TO THE NEXT FISCAL YEAR, UP TO A LIMIT OF 15 DAYS.

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Intent. Public Law Number 23-41 repealed §63106 of Chapter 63 of Title 10 of the Guam Code Annotated, and also amended §4119 of Chapter 4 of Title 4 of the Guam Code Annotated, because both of these code sections addressed the payment of military leave, yet the provisions were inconsistent. When §63106 was repealed, the provision allowing military leave to carry over from one fiscal year to another fiscal year, up to a maximum of fifteen (15) days, was also repealed. Both laws had provided for fifteen (15) days of military leave during a fiscal year, and thereafter, an employee who was performing military service would have to take annual leave or leave without pay if they served longer than fifteen (15) days in any one (1) fiscal year.

Due to the massive impact of Super Typhoon Paka during Fiscal Year 1998, many of our dedicated members of the Guam National Guard worked many hours providing essential services to Guam, and for this reason needed to be absent from their civilian government of Guam work sites. It was evident that the fifteen (15) day military leave carryover provision, although not usually necessary in an "ordinary" disaster, was necessary in addressing a massive disaster, such as Super Typhoon Paka, to avoid penalizing Guam National Guard members by deducting annual leave or requiring them to take leave without pay after fifteen (15) days of duty.

Section 2. Section 4119 of Article 1, Chapter 4 of Title 4 of the Guam Code
Annotated is hereby *amended* to read as follows:

"Section 4119. Military Leaves of Absence: National Guard or

Reserves. All employees of the government of Guam who are members of the reserve components of the Department of Defense or Transportation, including, but not limited to, the United States Army, the United States Navy, the United States Marine Corps, the United States Air Force, the Army National Guard, the Air National Guard and the United States Coast Guard, shall be entitled to leaves of absence from their respective duties with the government of Guam without losses of time or efficiency ratings on all days during which they are engaged in active military duty ordered or authorized under the laws of United States. Such employees shall be entitled to military leave with pay while performing such duty not to exceed fifteen (15) working days per government of Guam fiscal year, and, to the extent not used in a fiscal year, accumulates in the succeeding year until it totals fifteen (15) days at the beginning of a fiscal year. Thereafter, the officers and employees shall elect annual leave or leave without pay. The provisions of this Section shall be retroactive to October 01, 1994."

BACKGROUND

Introduced on April 14, 1998 by Senator Mark Forbes, Chairman, Committee on Rules, Gov't Reform & Federal Affairs by request of the Governor in accordance with the Organic Act of Guam.

Referred to the Committee on Power, Foreign Affairs & General Government Services on May 4, 1998.

Heard by the Committee on May 18, 1998.

Request for Fiscal Note made on 5/8/98 to Bureau of Budget & Management Research; Fiscal Note received by the Committee on June 3, 1998.

TESTIMONY AND DISCUSSION

Michael J. Reidy, Director, Dept. of Administration: Submitted written testimony with the Department of Administration's support of the provision to carry over unused military leave from one fiscal year to the next for a maximum of 15 days.

Concerning the retroactive provision: Difficult for departments/agencies to ascertain the unused portion of the employees' military leave balances dating back to October 1994. Recommends language be added to make it incumbent on the affected employees to submit requests for leave in writing and provide some validated proof to show that on September 30, 1994, they have not exhausted their 15 days of military leave and show the unused balance. (See attached testimony).

Major General Benny M. Paulino, The Adjutant General, Dept. of Military Affairs: Submitted written testimony in favor of Bill 617. Public Law 23-41 repealed Section 63106 of 10 GCA and amended Section 4119 of 4 GCA relative to time off for government of Guam employees in the National Guard. "Rollover" provision of the old law was omitted. National Guard member may not need 15 days of military leave in one year, yet need more than 15 days in another year. (See attached testimony).

Eloy P. Hara, Director, CSC: Purpose and intent of the bill is not clear. Questioned applicability of leave, inquiring whether it was for emergency situations or annual military training. To his understanding, 15 day military leave is for required military training. Recommends the Legislature address leave for national/local emergencies in a separate bill.

Concerning the retroactive provision: Generally, retroactivity has a more negative impact than a positive one on provisions applied to.

Sen. Edwardo J. Cruz, M.D.: Bill is confusing. Substance does not address intent.

Sen. Vicente C. Pangelinan: Does §4119, Title 4 GCA deal only with military leave for training purposes?

Hara: Correct

Pangelinan: It seems that the purpose of the bill is to add 15 days for "call out."

Hara: Military training and emergency activation are separate issues. Should require separate leave.

Pangelinan: Is their an existing law concerning leave during a national emergency?

Hara: Yes.

Sen. Felix P. Camacho: Concern: Should be a provision preventing double compensation for the same duty. One should not receive military leave with pay while receiving other compensation from

the National Guard for the same duty.

Sen. Frank Aguon, Jr.: During Paka, military personnel employed by the government of Guam were confused as to which leave they should utilize. Furthermore, leave was at the discrepancy of Department/Agency directors. Some granted, others did not.

Relative incident: Between 30-40 Air Guardsmen went to Thailand in March for annual training duty for a period of 29 days. Bill 617's carry-over provision could have been applied to this case as only 15 of the 29 days were covered by military leave.

Concerning retroactive provision: Does not understand its presence.

Hara: In spite of previously voiced position on retroactivity, suggests it be applied to guardsmen activated as a result of Typhoon Paka.

Sen. Francisco P. Camacho: Bill intends to allow 15 days to be transferred from one fiscal year to the next. Is this because the most the National Guard can pay a guardsman for is 15 days?

Major David B. Riano, Department of Military Affairs: Bill 617 simply reenacts a provision of the law that was in place after Typhoon Omar. During Omar, the law allowed for the transfer of 15 unused days of military leave from one fiscal year to another. In Riano's opinion, when 10 GCA §63106 was repealed (through the enactment of P.L. 23-41), the 15 day carry-over of unused military leave was inadvertently left out of the newly amended 4 GCA §4119.

Sen. Angel L.G. Santos: Mentioned concerns brought up by Major Paulino in previous discussions. One such concern was how to provide the same transfer of unused leave benefit offered to National Guardsmen employed by GovGuam to National Guardsmen employed by the Federal Government. Finds it hard to believe that the deletion of the provision concerning the transfer of 15 unused military leave days was inadvertent. There must have been a reason.

Felix Camacho: Look forward to the Adjutant General's testimony on behalf of the Dept. of Military Affairs. Conclusion.

Bureau of Budget & Management Research: The potential cost of allowing a carryover of military leave would be a significant cost to the General Fund. Normally, reservists would use 10 days of military leave a year since the annual military training obligation is 14 days including Saturday and Sunday. Based on the number of GovGuam employees who are members of reserve organizations (400 employees) and the average cost of wages and benefits of a government employee (\$144/day), the potential minimum cost to the General Fund and Autonomous Agencies Fund annually would be: 400 employees x \$144 cost per day x 5 days = \$288,000. (See attached fiscal note).

FINDINGS

The Committee finds that previous statutes (See 10 GCA §63106 as amended by P.L. 21-146:2) allowed for the carry over of up to 15 days of unused military leave from one year to the next for members of the National Guard employed by the government of Guam.

Prior to P.L. 23-41, 10 GCA §63106 and 4 GCA §4119 existed as two separate laws on the subject of military leave. Furthermore, according to 4 GCA §4119, military personnel employed by the government of Guam while engaged in active military duty could only use their 15 days of military leave for such activity. Once that leave was exhausted, said employees had to take leave without pay. The intent of P.L. 23-41 was: (1) to ensure that Guam have only one law on the subject of military leave, and (2) to afford those members of the Guard or Reserve who were employed by the government of Guam the option to take annual leave while engaged in active military duty once they had exhausted their military leave.

Because 10 GCA §63106 applied only to the National Guard, and since 4 GCA §4119 covered more than just the National Guard, it was 10 GCA §63106 that was repealed and 4 GCA §4119 that the amended provision concerning the option of annual leave was placed in. Subsequently, the National Guard lost the benefit to transfer up to 15 days of military leave to the next year if unused.

The Committee finds the need to reenact this provision under 4 GCA §4119 for the benefit of employees engaging in active military duty ordered or authorized under the laws of the United States.

RECOMMENDATION

Public Hearing on Bill No. 617

Hafa Adai! Thank you for the opportunity to comment on Bill No. 617, an act to allow the carryover of military leave to the next fiscal year.

This office is in support of the provision to carryover unused military leave from one fiscal year to the next for a maximum of 15 work days. With this proposal, it is understood that an employee who serves on active military duty may be on administrative time off without charge to annual leave for a maximum period of 15 work days. Thereafter, the employee may go on annual leave or leave without pay during the fiscal year.

As far as the retroactive provision of the bill, it may be difficult for this office and the departments and agencies to ascertain the unused portion of the employees' military leave balances dating back to October 1994. To apply this provision, we recommend that language be added to the bill to make it incumbent on the affected employees to submit requests for leave in writing and provide some validated proof to show that on September 30, 1994, they have not exhausted their 15 days of military leave and show the unused balance.

Again, Si Yu'os Ma'ase for this opportunity. This bill will provide many of our employees continued compensation while serving on active duty during emergency operations.

Senator Felix P. Camacho Twenty-Fourth Guam Legislature 155 Hesler Street Agana, Guam 96910

Dear Senator Camacho:

Thank you for this opportunity to comment on Bill Number 617, which went before a public hearing on May 18, 1998. I apologize for my absence at that hearing, but I was on the mainland attending an Adjutant General Conference. My Staff Judge Advocate, Major David B. Riaño, testified in favor of the bill in my place, but I still would like to submit written testimony to emphasize my support for the bill.

As you know, a Guam statute affecting the rights of National Guard personnel to time off from their Government of Guam employment when called to serve duty has been repealed. That law has been amended and an important provision of the old law was deleted. I am asking your assistance in passing new legislation that will provide for the same benefits and protections as the old repealed law, and give National Guard members the time off they need to serve their nation and island.

Specifically, 10 Guam Code Annotated (GCA) section 63106 granted Guard members employed by the Government of Guam 15 workdays per fiscal year time off with pay to serve federal and/or Guam duty. That law also contained an accrual provision, which stated that any unused portion of the 15 days would accumulate in a succeeding year, up to 15 days. This was thus a "rollover" provision, allowing Guard members to carry over unused military leave to the next year, but not to exceed 15 days.

Public Law 23-41, passed on September 29, 1995, repealed section 63106 of 10 GCA and amended section 4119 of 4 GCA relative to time off for Government of Guam employces in the National Guard. Unfortunately, and perhaps by inadvertence, the "rollover" provision of the old law was omitted from section 4119. The provision is important, for Guard personnel often serve greater that 15 days per year (as you know from Typhoon Paka). And, a Guard member may not need

15 days in one year, yet need more than 15 days the next year. The ability for the member to carry unused military leave (up to 15 days maximum) to a succeeding year is thus very beneficial.

I would be happy to discuss this topic with you at your convenience. Your assistance would both benefit the Guam National Guard and those employees of the Government of Guam who serve in the command. Thank you again for your support.

Sincerely,

BENNY M. PAULINO
