**AN ACT TO REZONE LOT NO. 10060 REM2-1-R2,
MUNICIPALITY OF *DEDEDO*, FROM ONE-FAMILY
DWELLING ZONE/MULTIPLE DWELLING ZONE
(R1/R2) TO COMMERCIAL ZONE (C).**

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings. *I Liheslaturan Guåhan* finds that due to the increase of both civilian and military population along Route 3, especially in the *Toguaac – Gugogan* area, a necessity for developing a complex that will house services and offices for businesses serving this area is greatly needed. The rezoning of this property will be convenient to the residents and employees of the five (5) public

1 schools. The owners of the subject property are seeking the assistance of *I*
2 *Liheslatura* to rezone their property from One-Family Dwelling Zone/Multiple
3 Dwelling Zone (R1/R2) to Commercial Zone (C) for the purpose of maximizing its
4 potential use.

5 More importantly, *I Liheslatura* finds that the subject properties are surrounded
6 by other properties zoned Commercial.

7 **Section 2.** Lot No. 10060 Rem2-1-R2, municipality of *Dededo*, containing an
8 area of approximately 20,014 $\pm$ square feet is hereby rezoned from One-Family
9 Dwelling Zone/Multiple Dwelling Zone (R1/R2) to Commercial Zone (C), *except* that
10 in light of the school and bus stop in the area, the property *shall not* be used for a bar,
11 nightclub, or strip joint without the approval of the GLUC.

II. COMMITTEE PROCEEDINGS

(a) Bill Sponsor Summary

Senator Blas, Jr.: Blas: Thank you Mr. chair. This bill was originally introduced to this body as bill 310-31 and to be in compliance with the law and our standing rules, my office took it back and worked with Mr. McDonald and his family and we were able to craft and break up the bill 310 into the set of bills 352 to 359-31. What the bills in totality request this legislature to do is to grant the lots in the Municipality of Dededo to be rezoned from multifamily dwelling to commercial “C” zones. Mr. McDonald and my office have provided the committee with not only the maps that are attached to each of the bills but also written testimony that is also pretty concise with regards to where the property is at, the impact and the areas surrounding the property with a brief explanation as to what the intended use of the property is.

(b) Testimony

1. Ms. Melissa Savares, Dededo Mayor

Mayor Savares: Thank you again Senator, my name is Melissa Savares and I am the Mayor of Dededo. I am here to support Mr. McDonalds request on bill number 352-59-31. As we know, there is a delay on the military build-up and as we know, this property is located across the street from the gate of NCTS, which is a Naval Telecommunications station, and behind that is the NCS housing area, which has many residential homes. There is an elementary school above the property about 600 feet up. Other lots between the school and his property are already “C” zones. With that, he’s already in between commercial lots , Shell gas station and Kasperbauer lot, right along Artero drive and route 3.

For commercial use, I support the zone change, however I will be inviting Mr. McDonald and his family to our Municipal planning council in December to present to our council so we can present a resolution to support. I did speak to other family members in the vicinity and they are in favor of the change. I did ask two of them to be here today but due to conflict in their work schedule, they are not able to attend this hearing.

Again, the restriction, since we have a bus stop outside Shell gas station, an elementary school where students walk to school, I support the commercial use but if this should be passed and it makes it to the floor for voting I would like to request restrictions of bars and strip joints because of the elementary school and the bus stop in the vicinity.

Thank you.

Panel Comments and Questions

Chairman Pangelinan: Thank you

2. Mr. Joe McDonald

Mr. McDonald: Joe McDonald, I am married to a landowner up there, and as the Mayor has said, these eight (8) lots are in between two large commercial zones and across the commercial zone, NCTMS. There is one thing I would like to point out , the waterworks says there is an 8 inches sewer line in the back. It is not 8 inches it is 36 inches. If you look at the end, there is a layout of their pipes, sewer lines, manholes and stuff.

That's all Senator, thank you.

Panel Comments and Questions

Chairman Pangelinan: This concludes the testimony on Bill No. 358-31. There being no additional individuals to present any additional testimony, this Committee will continue to remain open for the acceptance of any additional information or public testimony on the bill discussed. You can submit those testimonies to my office directly on Soledad Avenue, as well as the Guam Legislature or through any of the electronic processes either email at senbenp@guam.net or through our website at senbenp.com

For the record, I want to note, the committee did send out notices to each of the government agencies that part of the agency review committee that would review every application for rezoning with the Guam Land Use Commission (GLUC). So, the same individuals that would review with the GLUC were notified for rezoning by the Legislature and were requested for their comments as well. We received testimony from Guam Waterworks on all the bills as to availability for water and sewer to the properties being affected by the rezoning. We sent notices to the Governor, Lt. Governor, AG, DLM, ARC, Mayor of Dededo and the family. We are doing our due diligence to request these agencies to comment and advise the legislature on these requests.

Senator Blas, Jr.: Mr. McDonald, Madam Mayor stated that she was going to invite the family to the Municipal planning council meeting for the proposed development , and she has requested to this body on two restrictions for the use of the lots, so I will assume that any resolution that comes from the meeting will be due to amicable decisions made.

III. FINDINGS & RECOMMENDATIONS

The Committee on Appropriations, Taxation, Public Debt, Banking, Insurance, Retirement, and Land hereby reports out Bill No. 358-31 (COR), As Introduced, by the committee with the recommendation To report out only.

Honorable Senator Pangelinan:

This is in response to your letter dated November 21, 2011 inviting the Guam Waterworks Authority (GWA) to a public hearing to provide written or oral testimony regarding the above subject. This letter shall serve as GWA's position statement to the above zone change requests related to availability of water and sewer infrastructures to serve the above subject lots. This position statement shall not be construed as a notice that water and wastewater services are immediately available for the subject lots, nor that the current water and sewer systems have the capacities to accommodate the future developments without on-site or off-site improvements. Any extension of the water and sewer systems and/or capacity upgrades required to serve the properties shall be subject to the rules and regulations of GWA. Any required extension to the existing facilities to serve the subject property shall be at the expenses of the property owner.

According to GWA records, the followings are the existing water and sewer facilities adjacent to the subject properties.

- 1) Lot No. 5231-9-1, Municipality of Dededo, requesting to rezone from "A" (agriculture) to "C" (Commercial). GWA certified that there is an existing eight inches (8") waterline located along Alageta Street fronting the subject lot. There is no public sewer line in the area.

Subject: Comments on Bills 356-31 through 359-31

Bueñas Yan Hafa Adai:

The Department has reviewed previous legislative proposal of similar if not on the same subject matter for all the above proposed legislation. Bill Nos. 356-31 through 359-31 reflects a request to rezone contiguous properties from "R-1/R-2" single and multi-family residential zone and reiterates earlier comments for Bill Nos. 352-31 through 355-31.

Again, the Department would like to remind all concern that our Guam Legislature delegated land use development, inclusive of the authority to act on zone changes, through Public Law 1-88, as amended, to the Guam Land Use Commission via the Department of Land Management as its administrative arm. As well, processes exist and are in place by statute for the purpose of changing zones that is not only efficient but also considers all aspect of land use planning in respect to promoting public necessity, public convenience, and general welfare.

Should you have additional questions or need further clarification please contact the Acting Chief Planner at 649-5263, extension 311.

Subject: Request for Zone Change from R1/R2(Limited) to Commercial for Lots 10060-Rem-4-1-1, 10060 Rem-3-R3, 10060 Rem-3-1, 10060-Rem-3-3, 10060 Rem-3-2, 10060-Rem-2-2, 10060-REM-2-2-1-R1, 10060-Rem-2-1-R2.

On behalf of myself, Evelina C. McDonald, Melvia A. Cafky, Roseana E. Duenas Palmer, Anthony M. Sablan, Francisca C. Sablan, Ky Wong, Lan Wien Lien, and Y'Asela Pereira The applicants are seeking approval of 31st Guam Legislature to convert existing structures and erecting new buildings to form an integrated commercial complex consisting of retail and office space. In order, to do this project a zone change for the above subject lots from R1 (with limited R2 usage per attached public law 21-80) to C is required.

Location

The properties consist of $\pm$ 10383 sq. meters and are located in Toguac - Gugogan area along Route 3 across the entrance to Ncts Naval base with the McDonald's Restaurant near the access to the base. The properties are next to a Shell gas station and White market, to the rear of the properties is Mepa St. a 40 ft. paved easement with a 6 inch water line, 36 inch sewer line and street lights. Main Access to the project will be from Route 3.

Lots 100600Rem-4-1-1, is next to a commercial complex that has a Shell Gas Station, restaurant and a grocery store. Lot 10060-4-1-1 has a house with tin roof on it and will be demolished and a commercial building of 1500 sq. ft. will be built on it. This will be for offices or financial institution.

Lot 10060 Rem 3-R3 and 10060 Rem 3-1 is rectangular in shape and is across from McDonald's restaurant on the other side of Route 3. Both lots have combined area of 2994 sm Lot 10060 Rem 3-R3 is vacant and a building of 2500 sq. feet will be erected to possible house a fast food restaurant or other services. Lot 10060 Rem 3 -1- has a two story house on it. The owner would like to live upstairs and rent out the first floor as office space.

Lot 10060 Rem 3-2 and 10060 Rem 3-3 is rectangular in shape and are currently vacant. These lots are to be used for parking and future expansion. The lots are 2740 Sq. metes.

Lot 10060 -Rem-2-2New is rectangular in shape and contains 2053 sq. meters. There is a 1600 sq. feet duplex on the property with 1 unit being vacant. The owners wish to convert it to office space.

at 10060 Rem2-1-R2 is rectangular in shape and contains 1859 sq. meters. There is a 2000 sq. ft. house on it. The owner wishes to move out of the house and convert it to office space.

SUMMARY OF PHYSICAL INFRASTRUCTURE DEMANDS

Utilities: Electrical power will be provided by Guam Power Authority via their existing power system in place. Potable water and waste water services will be provided by Guam Waterworks Authority. Along existing systems in place. Land line telephone services are available from Gta and MCV systems in place. Solid waste disposal will be provided by DPW or private companies. Drainage system will be installed on site as required by DPW.

Access: Access to the project is primarily from Route 3 which spans the entire length of the properties. Route 3 is major highway of a 100 ft. easement with asphalt pavement and street lights. On the east side of the property is Mepa St. a forty ft. asphalt paved right of way with street lights, 8 inch water line and 36 inch sewer line.

ZONE CHANGE JUSTIFICATIONS AS MANDATED BY PUBLIC LAW 21 GCA, CH. 61 SECT. 61630

- A. **Public Necessity.** Due to the increase of both civilian and military population along Route 3 especially in the Toguac – Gugogan Area Across from Ncts., a necessity for development for complex that will house services and offices for businesses serving this area and for the population needing these services. Numerous companies have sought to rent space from the existing building and or land but the zoning does not permit there operations. Business's seeking space on these properties are phone companies, fast foods, finance, ATM's drive thru, insurance, contractor's field office, engineers, labs and other services.
- B. **Public Convenience.** The proposed project will be convenient to the employees of the five public schools, a new chapel in the planning stage. In addition the military plans to house additional military personnel in the Ncts. complex. This project will be convenient to both military and civilian population along Route 3 and Route 9.
- C. **General Welfare.** The proposed development will provide both civilian and military residents along Route 3 to obtain services which otherwise they would have to drive a substantial distance to get to. DPW is currently planning to expand the full length of Route 3 to 4 and 5 lanes. Upon completion of this expansion, Dpw estimates that 45,000 cars will be utilizing Route 3. This project will help keep a portion of this traffic from having to travel to congested Route 1, save fuel and lessen car pollution and this will serve the general welfare of the Island.

Thank you for your time and consideration.

Thank you,

Joseph D. McDonald

Footnotes:

1/ There is a potential for additional revenues to the Government of Guam in terms of real property and income taxes due from ensuing business activities as a result of rezoning Lot Number 10060 Rem2-1-R2 from Single Family/Multi-Residential ("R1/R2") to Commercial ("C") zone. The overall potential financial impact of the Bill, in its present form, cannot be determined at this time. Bill No. 358-31 (COR) is similar to Bill No. 310-31 (COR) for which fiscal note comments have already been submitted.

**TESTIMONY BEFORE THE COMMITTEE ON APPROPRIATIONS, TAXATION, PUBLIC DEBT, BANKING,
INSURANCE AND LAND
BY THE BUREAU OF STATISTICS AND PLANS**

**Guam Legislature Public Hearing Room
Tuesday, November 29, 2011**

Honorable Chairman and Committee Members:

This testimony is provided on behalf of the Bureau of Statistics and Plans in regards to the Bill Nos. 175-31(COR), 352 thru 359-31(COR), 369 thru 371-31(COR). We have reviewed the said bills and offer the following comments and concerns:

The Bureau has always had concerns with regard to the zoning and rezoning of properties by the Guam Legislature. We strongly believe that there is already a process that is in place that works and which affords the surrounding neighbors as well as the general public the opportunity to provide comments on proposed zone changes. As you are aware, the Guam Land Use Commission (GLUC) in conjunction with the Application Review Committee (ARC) is tasked with the responsibility for this process. With the technical assistance from the various government agencies and departments, the GLUC has the ability to come to a reasonable decision in the changing of zoning designations. Unlike the legislative zone change process, the GLUC guarantees that the affected registered landowners within 500 feet of the property proposed to be rezoned is informed by registered mail of the proposal and are invited to attend the GLUC Hearing to provide any comments or concerns. Not everybody has access to the printed media to see the public announcements of upcoming public hearings and they may be unaware of the proximity of their property to the property to be rezoned. Furthermore, unlike the legislative process, the GLUC receives technical comments from appropriate government agencies on the impacts the proposed zone change may have prior to arriving at a decision.

The Bureau has attempted to provide a comprehensive review of the proposed zone changes and properties to be assigned a zone. We appreciate the accompanying maps. However, more details on each of these bills would be helpful. Like we have mentioned in our previous testimonies, we strongly believe that the maps along with other pertinent information such as what is proposed on the site and justification for the zone change should be provided in the bills or attached with the bills. A map is just one of the most basic pieces of information needed to review legislative zoning proposals. Knowing the exact location of the subject parcel enables us to obtain information on the surrounding land uses and zones as well as other information that would assist us in formulating a recommendation on the appropriateness of the proposed activity and zone change.

With respect to the twelve bills under consideration, the Bureau offers the following comments:

Bill No. 175-31(COR) – Due to the limited information provided with this bill, our records show the surrounding land use is predominantly single-family residential. There is retail activity on the adjacent property. Infrastructures such as water, power, cable and telephone are available with the exception of sewer services along this stretch of Alageta Street. The Bureau is concerned with the impact more commercial activities may have on an area without sewer services. However, the zone change needs to justify public convenience, public necessity and general welfare. Without any information of what is proposed, a determination cannot be made.

Bill Nos. 352 thru 359-31(COR) - Due to the vagueness of this bill, our records show the surrounding land use is predominantly single-family dwellings. There is also a tire repair shop due southwest and a service station and a McDonald's Restaurant Due west. Infrastructures such as water, power and sewer are available along Route No. 3. A zone change of this magnitude to commercial activities, whatever they may be that encompasses 8 lots all in one general area is likely to have impacts to the surrounding neighborhood. Furthermore, there are fuel line easements running along Route No. 3 up north to Andersen Air Force Base/Northwest Field area. Increased activity along and perhaps on this easement will have negative effects and would require Federal Government input. However, the zone change needs to justify public convenience, public necessity and general welfare. Without any information of what is proposed, a determination cannot be made.

Bill Nos. 369 and 370-31(COR) – The area seems to be undeveloped at the moment. Given that the area does not have a zoning designation yet, "R-1" may be an appropriate zone **only** if the infrastructure is available to sustain the single-family residential activity.

Bill No. 371-31(COR) – The Bureau could not located the lot even with the assistance of the map provided. However, we believe that we located the general area. The area seems to be predominantly single-family dwellings. If the property were rezoned to "R-2" (multi-family residential), it may have an impact on the surrounding neighborhood by way of increased traffic, on-street parking and perhaps stress on the existing infrastructure.

The Bureau recognizes that the Guam Legislature has the authority to approve zone changes. The Bureau highly encourages the use of the GLUC process as it provides for public sector, private sector and community involvement and feedback. The Bureau further believes that the legislative process needs to include more input from all stakeholders and technical assistance from the ARC members for a thorough review. More importantly, the Bureau believes that immediate landowners and surrounding community deserves notification when proposed zone changes effect them directly and that they should have an opportunity to express their desires to the Legislature. Thank you for the opportunity to comment on the above mentioned bills.

2011 (FIRST) Regular Session

Bill No. 758-71 (cor)

Introduced by:

F. F. Blas, Jr.

2011 OCT 24 PM 3:54
WMA

**AN ACT TO REZONE LOT NO. 10060 REM2-1-R2, IN
THE MUNICIPALITY OF DEDEDO FROM SINGLE
FAMILY/MULTI FAMILY DWELLING ("R1/R2") TO
COMMERCIAL ("C") ZONE.**

BE IT ENACTED BY THE PEOPLE OF GUAM:

Section 1. Legislative Findings. *I Liheslaturan Guåhan* finds that due to the increase of both civilian and military population along Route 3, especially in the Toguac – Gugogan area, a necessity for developing a complex that will house services and offices for businesses serving this area is greatly needed. The rezoning of this property will be convenient to the residents and employees of the five (5) public schools. The owners of the subject property are seeking the assistance of *I Liheslatura* to rezone their property from Single Family/Multi-Family Dwelling ("R1/R2") to Commercial (C) zone for the purpose of maximizing its potential use.

More importantly, *I Liheslatura* finds that the subject properties are surrounded by other properties zoned Commercial.

Section 2. Lot No. 10060 Rem2-1-R2, Municipality of Dededo, containing an area of approximately 20,014 ± square feet is hereby rezoned from Single Family/Multi-Residential "R1/R2" to Commercial "C" Zone.
