2014 (SECOND) Regular Session

Bill No. 267-32(COR)

Introduced by:

Michael F.Q. San Nicolas 
T.C. Ada 

AN ACT TO STRENGTHEN PROVISIONS FOR
THE REPAIR OR DEMOLITION OF UNSAFE
STRUCTURES IN GUAM'S BUILDING LAW, BY
AMENDING §§ 66501, 66503, 66504, 66505, 66507
AND 66508 OF ARTICLE 5 AND § 66701 OF
ARTICLE 7, EACH OF CHAPTER 66, TITLE 21,
GUAM CODE ANNOTATED.

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 **Section 1. Short Title.** This Act *shall* be cited as the "Responsible Urban
3 Renewal Act."

4 **Section 2. Legislative Findings and Intent.** *I Liheslaturan Guåhan* finds
5 that the Guam Building Law was included in the general enactment of the
6 Government Code of 1952, pursuant to Public Law 1-88 and was established
7 to secure and promote the safety, health and general welfare of the people and
8 visitors of Guam by ensuring that standards are in place with regards to the
9 design, construction and maintenance of buildings and structures in Guam.
10 Among the provisions of the Guam Building Law, as amended, is Article 5,

2014 JAN 24 PM 2:53

1 which sets forth requirements for the repair, vacation or demolition of unsafe
2 structures.

3 *I Liheslaturan Guåhan* finds that enforcing the standards established by
4 the Guam Building Law has been difficult since its inception. As a result,
5 more buildings and structures which are not properly maintained and fail to
6 meet regulations are still standing. This neglect has resulted in many unsafe
7 structures throughout Guam, which blight the landscape of our beautiful
8 island and pose safety hazards to the public.

9 *I Liheslaturan Guåhan* further finds that the provisions on unsafe
10 structures, unfortunately, allow for three options for owners of properties:
11 that the buildings or structures be repaired, vacated or demolished. This
12 means that simply by vacating the premises, the owner is considered to have
13 complied with the law, which is problematic, since the blight and the hazards
14 that the building poses remains.

15 Therefore, it is the intent of *I Liheslaturan Guåhan* to amend the Guam
16 Building Law to require that owners vacate and either repair or demolish
17 unsafe structures and to improve the enforcement of the provision by creating
18 an annual fine of 20% of the value of the assessed property, which may
19 become a lien upon the property, for commercial and industrial zoned
20 properties.

21 **Section 3. Unsafe Structures.** §66501 of Article 5, Chapter 66, Title 21,
22 Guam Code Annotated, is hereby *amended*, to read:

1 **“§ 66501. Unsafe Structures.**

2 (a) All unsafe buildings and structures are hereby declared to be
3 illegal, and shall be vacated and either repaired,~~vacated~~ or demolished,
4 in accordance with the procedure established by this Chapter.

5 (b) For the purpose of this Chapter, unsafe buildings are all
6 buildings and structures or equipment thereof which are structurally
7 unsafe, or which are unsanitary, or which are unfit for human
8 habitation, or are not provided with adequate means of egress, or which
9 constitute a fire hazard, or are otherwise dangerous to human life or
10 safety, or which in relation to existing uses constitute a hazard to the
11 safety of the public or occupants by reason of inadequate maintenance,
12 dilapidation, obsolescence or abandonment.”

13 **Section 4. Unsafe Structures: Examination: Report.** §66503 of Article 5,
14 Chapter 66, Title 21, Guam Code Annotated, is hereby *amended*, to read:

15 **“§ 66503. Same: Same: Report.**

16 (a) The building official, whenever he shall make a finding, as a
17 result of the examination required in § 66502, shall:

18 (1) Notify in writing, by personal service or registered mail,
19 the owner, occupant, lessee, mortgagee, agent and other persons
20 having an interest in said building as shown by the land records of
21 the Department of Land Management, that the building or
22 structure is unsafe, and that:

1 (A) The owner must vacate and either, ~~or~~ repair, or
2 demolish said buildings or structure in accordance with the
3 terms of the notice and of this Chapter.

4 (B) The occupant or lessee must vacate said building,
5 or ~~may~~ prove it repaired in accordance with the terms of the
6 notice and of this Chapter.

7 (C) Said mortgagee, agent, or other persons having an
8 interest in said building, must vacate and may, at his own
9 risk, repair, ~~vacate~~ or demolish said building or have such
10 work or act done. Any person notified under this subsection
11 to vacate and either repair, ~~vacate~~ or demolish any building
12 shall be given such reason able time, not exceeding thirty
13 (30) days, as may be necessary to do, or have done, the work
14 or act required by the notice as herein provided. Such notice
15 shall describe the building deemed unsafe, shall include a
16 statement of the particulars which make it unsafe, and shall
17 contain an order requiring the building to be put in such
18 condition as to comply with the terms of this Chapter within
19 a stated time, not exceeding thirty (30) days.

20 (2) Post, or cause to be posted in a conspicuous place at the
21 principal point of entry to the building deemed unsafe, a notice
22 reading as follows:

1 ‘This building has been found to be a dangerous
2 building by the Department of Public Works, government of
3 Guam. This notice is to remain on the building until it is

5 accordance with the notice which has been given to all
6 parties having an interest in this building. It is unlawful to
7 remove this notice until such notice is complied with.’

9 notice and order hereinabove provided for in § 66503(a) shall:

14 in accordance with the statement of particulars set forth in the
15 prior notice.

16 (2) Hold a hearing and hear such testimony as building
17 department employees, owner, occupant, lessee, mortgagee, or
18 other interested parties shall offer relative to the unsafe building.

19 (3) Make written findings of fact from the testimony offered
20 at said hearing, and on the basis of such findings render a written
21 decision as to whether the building is safe, or unsafe within the
22 meaning of this Chapter. The original copy of such findings and

1 decisions shall be kept in the Department of Public Works. Other
2 copies shall be sent to all parties served with notice of the hearing.

3 (4) On the finding that the building is unsafe, issue an order
4 based on such findings of fact, commanding all parties served
5 with notice of the hearing to vacate and either repair, ~~vacate~~ or
6 demolish such unsafe building; provided, that any person so
7 notified, except the owner, must vacate the premises and shall
8 have the privilege of ~~vacating or~~ repairing, and; provided further,
9 that no person other than the owner shall be ordered to demolish
10 said building.

11 (c) In the case of non-compliance with the above order within ten
12 (10) days, the building official shall cause such building to be vacated
13 and either repaired, ~~vacated~~ or demolished as the facts may warrant, in
14 accordance with the standards for vacation and either repair, ~~vacation~~ or
15 demolition set forth in § 66503(d). The costs of such vacation and either
16 repair, ~~vacation~~ or demolition shall be a lien against the land on which
17 the building exists or existed, as the case may be, until recovered by the
18 government of Guam.

19 (d) The building official in ordering vacation and either repair,
20 ~~vacation~~ or demolition of a building found unsafe, shall be governed by
21 the following standards:

2 will no longer exist in violation of the terms of this Chapter, it
3 shall be ordered to be repaired.

4 (2) If deemed an unsafe building, ~~is in such condition as to~~

9 or structure, it shall be demolished. In all cases where a building
